Hershberger,2023 The first feminist analysis of some of the most performed works in the American opera canon emphasizing the voices and perspectives of the sopranos who brought these operas to life In the 1950s composers and librettists in the United States were busy seeking to create an opera repertory that would be deeply responsive to American culture and American concerns They did not break free however of the age old paradigm so typically expressed in European opera that is of women as either saintly and pure or sexually corrupt with no middle ground As a result in American opera of the 1950s women risked becoming once again opera's inevitable victims Yet the sopranos who were tasked with portraying these paragons of virtue and their opposites did not always take them as their composers

and librettists made them. Sometimes they rewrote through their performances the roles they had been assigned. Sometimes they used their lived experiences to invest greater authenticity in the roles. With chapters on *The Tender Land*, *Susannah*, *The Ballad of Baby Doe*, and *Lizzie Borden*, this book analyzes some of the most performed yet understudied works in the American opera canon. It acknowledges Catherine Clement's famous description of opera as the undoing of women while at the same time illuminating how singers like Beverly Sills and Phyllis Curtin worked to resist such undoing years before the official resurgence of the American feminist movement. In short, they ended up helping to dismantle powerful gendered stereotypes that had often reigned unquestioned in opera houses until then.

**Pathfinder Shipping and Mailing Guide ...** New England Railway Publishing Company, 1906 *Growing Up Southern* (1980) Robert Cooper, Alferdteen Harrison, Elaine Brockman-Jones, Tayari Salaam, Tom McClanahan, Sara Brooks, Thordis Simonsen, Nathalie Andrews, Mamie Garvin Fields, Mab Segrest, Alma Blount, Robert Houston, Danny Gafford, Valerie Quinney, Dorothy Williams, Steve Roberts, Caroline Smith, Amelia Midgett, Ame Gray, Rick Scarborough, Honoree Jeffers, Colleen Davenport Taylor, Bill Blanton, *GROWING UP SOUTHERN*. The words evoke a tide of images both bitter and sweet: overalls and organdy, hot green fields, cool brown creeks, Grandma's front porch, lengthy and complicated family connections, Mama's fried chicken and biscuits, and Granddaddy's cane syrup-colored water fountains and white ones, church chores, Dixie, and hot, dark, dangerous summer nights. Today's Southern children get their biscuits as often from Hardee's as from Mama. On Saturday afternoons, they're as likely to cool off in the local shopping mall as in a shady spring-fed swimming hole. But Grandma and Grandpa and Uncle Joe and Aunt Elaine loom large in the lives of today's Southern kids just as they did in those of earlier generations. The hard work many children still do isn't likely to be acknowledged by their elders; colored and white labels are less blatant but they still constrict the futures of this generation's Southern children. *Crowing Up Southern* explores the continuities and the chasms between the lives of Southern children today and in the past.

Committee on Indian Affairs (1993-), 2003 **A Book of Pages**, 1990 *The Eternal Frontier* Tim Flannery, 2018-11-20. A comprehensive history of the continent full of engaging and attention-catching information about North America's geology, climate, and paleontology. The Washington Post Book World: Here the rock star of modern science tells the unforgettable story of the geological and biological evolution of the North American continent from the time of the asteroid strike that wiped out the dinosaurs 65 million years ago to the present day. Jared Diamond, Pulitzer Prize-winning author of *Guns, Germs, and Steel*. Flannery describes the development of North America's deciduous forests and other flora and tracks the migrations of various animals to and from Europe, Asia, and South America, showing how plant and animal species have either adapted or become extinct. The story spans the massive changes wrought by the ice ages and the coming of the Native Americans. It continues right up to the present, covering the deforestation of the Northeast, the decimation of the buffalo, and other consequences of frontier
