The Films of Robert Wise Richard C. Keenan,2007-08-22 From his early days as a film editor at RKO studios where he helped Orson Welles shape Citizen Kane to his success as a director and producer of musical blockbusters of the 1960s Robert Wise had a long and illustrious film career Unlike contemporaries such as Alfred Hitchcock John Ford or Howard Hawks however Wise s films lack any clearly discernible characteristics to signify his work There are few striking camera angles or visual flourishes that might distract from the primary obligation to present the story And like Hawks Wise never specialized in one or two genres but brought his directing skills to all manner of films His work as a director resists auteur categorization and that is a chief reason why some critics have been unduly negative in their consideration of his work In The Films of Robert Wise Richard Keenan examines the nearly forty features that represent the director s career from Curse of

the Cat People in 1944 to A Storm in Summer 2001 the only television production Wise ever directed Keenan offers a reappraisal of Wise's films so that the true quality of his work can be better appreciated Keenan argues that if there was a flaw in Robert Wise as a director it was that he lacked the ego and temperament of the artist which was not necessarily a flaw at all Indeed Wise was a conscientious craftsman who saw his work not primarily as a vehicle for his own ideas and visual style but as an opportunity to present narrative that quite simply engages informs and entertains It was this perspective that helped produce a number of memorable films over the years including the gritty noir Born to Kill the one two punch of The Set Up and Somebody Up There Likes Me the sci fi prophecy The Day the Earth Stood Still and the gripping indictment of capital punishment I Want to Live classics all Wise also won a pair of Oscars for two of the most memorable not to mention successful musicals of all time West Side Story and The Sound of Music Drawing on more than 30 hours of interviews with Wise as well as additional interviews with a number of his collaborators Keenan offers a welcome reassessment of the director's work In his analysis of each film Keenan reveals both Wise the craftsman and the artist In doing so The Films of Robert Wise finally confers upon this underappreciated director the recognition he deserves **Video Source Book**, 2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction *Videohound's Family Video Retriever* Martin Kohn, Visible Ink Press Staff, 1996-09 Loads of listings indexes and categories for cross referencing and a very useful distributor guide Virginian Pilot Parent's Magazine contributing editor and family entertainment reviewer Martin Kohn makes it fun and easy to select videos the whole family can enjoy from The Hunchback of Notre Dame to The Phantom This fully updated and enhanced new edition presents 1 000 new reviews including 500 new kidvids plus warnings about drugs violence and sexual content With a total of more than 4 000 films for children or the whole family this is by far the biggest and most comprehensive family guide on the market **VideoHound's Golden Movie Retriever 1999** Martin Connors, Jim Craddock, 1999 This comprehensive guide contains the most extensive listing of movies available on video with 1 000 new movies added categories and more plus a multitude of cross referencing within its 13 primary indexes **TLA Video & DVD Guide 2005** David Bleiler, 2005-06-25 The TLA Video and DVD Guide 2005 is the absolutely indispensable guide to worthwhile cinema It includes over 10 000 entries on the best of film and video that a real film lover might actually want to see Unlike some of the other mass market guides that tend to be clogged with unenlightening entries on even more unenlightening films TLA focuses on independent foreign and the best of Hollywood to bring the cineaste an opinionated guide that is both fun and useful The guide includes Reviews of more than 10 000 films Four detailed indexes by star directory country of origin and theme More than 300 photos throughout A listing of all the major film awards of the past quarter century as well as TLA Bests and recommended films A comprehensive selection of cinema from more than 50 countries Now published annually the TLA Video and DVD Guide is one of the most respected
