The Anglican Church Today And Tomorrow Anglican Studies Series:

The Anglican Church Today and Tomorrow Michael Marshall, 1984 **The Anglican Church in the Anglophone Caribbean** Chris Fauske, 2025-10-02 This book highlights the Church's significant cultural social and political presence across the Anglophone Caribbean. Individual authors collectively provide a series of readings of historical and contemporary issues negotiated by the Anglican Church in the Caribbean that capture the complex integral role the church played in shaping the individual identities of the islands while seeking also to be a pan national voice for a shared set of global values and aspirations expressed regionally. The volume offers religious and secular readers an opportunity to better understand the role and history of the Anglican Church in the region. It acknowledges historical failures, challenges the notion that the church is colonial, and highlights the continuing importance of the Church to individual lives and regional aspirations. Combining examination of the church's complicated relationship with history and a variety of personal engagements with Anglicanism in the Caribbean, *The Anglican Church in the Anglophone Caribbean* demonstrates the continuing significance of the Anglican Church in the development and contemporary life of the region. **Ministry in the Anglican Tradition** John L. Kater, 2025-09-04 This book offers a global perspective on how Anglican ministry evolved throughout a century marked by radical upheavals and dramatic changes in theological, social, and political perspectives. That history begins with the end of the Victorian era when Anglicanism had spread around the world but was deeply enmeshed with colonialism, and it was assumed that it was shaped and defined by its North Atlantic history. Kater explores how the Anglican Way became rooted in widely different contexts and identifies the many pressures and movements that challenged that history, including two world wars, a global Depression, anti-colonialism, and the struggles against the many forms of oppression and discrimination that marked the century. This book is the story of how Anglican ministry has been broadened and deepened by its constantly growing diversity, even as that diversity has brought new challenges. Anglicans and Pentecostals in Dialogue David Hilborn, Simo Frestadius, 2023-09-22 This is the first comprehensive book on Anglican and Pentecostal ecumenical relations. It introduces both movements with a particular focus on their approaches to ecumenism, before exploring sacraments, ministry, ecclesiology, pneumatology, and mission with respect to both traditions. As well as providing more theological and historical discussion, the book also offers personal accounts of local, national, and international ecumenical engagement by both Anglicans and Pentecostals. It is written predominantly, although not exclusively, from a British perspective. Even so, as the first major published dialogue between these two global Christian traditions, the book will be of value to all interested in Anglicanism, Pentecostalism, and ecumenism. **Recovering the Evangelical Sacrament** Anthony R. Cross, 2012-12-06 The subject of baptism continues to be of considerable interest, though it frequently appears within broader studies of sacraments, liturgy, worship, and ecumenical studies, and within confessional bounds, credobaptist or paedobaptist, yet it is rarely discussed by Evangelicals. This book, however, is neither an apologetic for credobaptism nor paedobaptism; rather, Cross believes that as

practiced today both forms are a departure from New Testament baptism which he maintains was an integral part of becoming a Christian and part of the proclaimed gospel He argues that the one baptism of Ephesians 4 5 is conversion baptism and that the baptism referred to in the various New Testament strata refers to this one baptism of Spirit and water The study sets out the case for this interpretation and contends that in key passages baptism is an example of synecdoche The case is then made for a sacramental interpretation of baptism from a thoroughgoing Evangelical perspective Cross concludes with reflections on the necessity of baptismal reform and the relevance of a return to conversion baptism for the contemporary church in a post Christian post Christendom mission setting Exploring Gregory of Nyssa Anna Marmodoro, Neil B. McLynn, 2018 The essays that comprise this volume were first presented at a seminar on Gregory of Nyssa that we convened in Oxford in 2016 Page v

Unlocking the Church William Whyte, 2017-09-29 The Victorians built tens of thousands of churches in the hundred years between 1800 and 1900 Wherever you might be in the English speaking world you will be close to a Victorian built or remodelled ecclesiastical building Contemporary experience of church buildings is almost entirely down to the zeal of Victorians such as John Henry

Newman Henry Wilberforce and Augustus Pugin and their ideas about the role of architecture in our spiritual life and well being In *Unlocking the Church* William Whyte explores a forgotten revolution in social and architectural history and in the history of the Church He details the architectural and theological debates of the day explaining how the Tractarians of Oxford and the Ecclesiologists of Cambridge were embroiled in the aesthetics of architecture and how the Victorians profoundly changed the ways in which buildings were understood and experienced No longer mere receptacles for worship churches became active agents in their own rights capable of conveying theological ideas and designed to shape people's emotions These church buildings are now a challenge their maintenance repair or repurposing are pressing problems for parishes in age of declining attendance and dwindling funds By understanding their past unlocking the secrets of their space there might be answers in how to deal with the legacy of the Victorians now and into the future

Of Thine Own Have We Given Thee Shawn O. Strout, 2024-02-29 Every Sunday around the world

Christians offer money and in kind gifts to the church traditionally known as alms This act produces questions about what it means to offer God a gift when God has offered humanity the greatest gift in Jesus Christ or the balance of favour or gratitude in the giving of these gifts These very questions and more have had a significant influence on the liturgical theology particularly in the offertory within Anglicanism In *Of Thine Own Have We Given* Shawn O Strout provides a comprehensive analysis of the offertory rites including in his analysis other churches within the Anglican Communion beyond the Church of England Ordered historically the book encompasses the sixteenth century through to current times scrutinising the offertory and oblationary changes throughout their religious and historical contexts Strout argues that the development of oblation in the offertory was neither arbitrary nor episodic but rather the result of sustained theological tension Using liturgical theology's tools of historical textual and contextual analyses the book examines why these developments occurred and their importance for the church today
