**The Politics of Federal Reorganization** Beryl A. Radin, Willis D. Hawley, 2013-10-22 The Politics of Federal Reorganization Creating the U S Department of Education deals with the politics underlying the creation and early implementation of the U S Department of Education with emphasis on the characteristics and dimensions of the stages of the policy process The literature on reorganization in general and federal government reorganization in particular is examined Comprised of nine chapters this volume provides a glimpse into the reasons why reorganization efforts are ubiquitous and yet very difficult to implement A number of themes are discussed the importance of the stages of the policy process in shaping the nature of political action the internal tensions within the executive branch the conflict between the culture of analysis and the culture of politics the role of interest groups and issue networks in shaping public policy and the continuing uncertainty about the federal role in education Jimmy Carter s goals in establishing a new Department of Education are also analyzed along with the deliberations in Congress and Ronald Reagan s proposals to abolish the department This monograph will be of interest to political scientists politicians policymakers and government officials Administrative Reform Comes of Age Gerald E. Caiden, 2014-07-24 No detailed description available for Administrative Reform Comes of Age *Future Survey Annual 1984* World Future Society, 1984-06-01 **The Annals of the American Academy of Political and Social Science** ,1890 **Journal of Contemporary Studies** ,1983 Policy Studies Review ,1983 Some vols include special issues The Rush to Policy Peter William House, Roger Roger Don Shull, Rush to Policy explores the appropriate role of technical analysis in policy formulation The authors ask when and how the use of sophisticated analytic techniques in decision making benefits the nation They argue that these techniques are too often used in situations where they may not be needed or understood by the decision maker where they may not be to answer the questions raised but are nonetheless required by law House and Shull provide an excellent empirical base for describing the impact of politics on policies policy analysis and policy analysts They examine cost benefit analysis risk analysis and decision analysis and assess their ability to substitute for the current decision making process in the public sector They examine the political basis of public sector decision making how individuals and organizations make decisions and the ways decisions are made in the federal sector Also they discuss the mandate to use these methods in the policy formulation process The book is written by two practicing federal policy analysts who in a decade of service as policy researchers developed sophisticated quantitative analytic and decision making techniques They then spent several years trying to use them in the real world Success and failures are described in illuminating detail providing insight not commonly found in such critiques The authors delineate the interaction of politics and technical issues Their book describes policy analysis as it is not how it ought to be Peter W House is the director of policy research and analysis at the National Science Foundation He is the author of ten books on multidisciplinary science and technology policy research and analyses in government private and university sectors including The Art of Public

Policy Analysis and with Roger D Shull Regulatory Reform Politics and the Environment and Regulations and Science Management of Research on Demand Roger D Shull is a senior analyst at the Division of Policy Research and Analysis National Science Foundation     *The Reorganisation of British Central Government* James Radcliffe,1991 The White Paper Cmnd 4506 published in 1970 on the reorganization of central government declared an intention to create a new style of government This text examines the implementation of this aim through the Department of Trade and Industry and the Department of the Environment     **Future Survey Annual** ,1984     **Symposium on Innovation Policy** ,1984

*Education in France* Anne Corbett,Bob Moon,2002-03-11 In common with most industrialised countries France has undertaken an ambitious programme of education reform over the last fifteen years This book uses key extracts from contemporary writing to examine exactly how and why that process has happened focusing on all stages of the education system Sections cover the main characteristics of school reform in France its aims and objectives a discussion of the desirability of and politics surrounding the reform process and explorations of classroom practice the changing role of parents standards in schools and the curriculum Because of its high quality wide and up to date coverage of the area this book will be a vital reference text for all those working in this field     **The Science of Public Policy: Policy process, part II** Tadao Miyakawa,1999     **Altered States** Andrew P. Cortell,Susan Peterson,2003-01-01 Challenging dominant assumptions in international relations *Altered States* demonstrates that national political institutions change more frequently and less dramatically than is commonly thought and with important consequences for the political landscape Combining theory with solid empirical research including archival evidence and interviews the contributors explore the causes and consequences of institutional transformation in the United States Western and Eastern Europe Russia and the former Soviet Republics and Cuba *Altered States* highlights the dynamic and interactive relationship between national political institutions and reform minded policy entrepreneurs a perspective that will interest scholars and policy makers alike     **Middle and Late Life Transitions** Felix M. Berardo,1982 The articles in this volume reflect a reorientation in the ways that scientists have viewed human growth and development In this new perspective transitions are viewed as normal situations that are likely to confront anyone Whatever the situation each transition encompasses a bridging period often characterized by feeling of uncertainty and instability During this interval the person engages in various degrees of social and psychological adaptations to the changing situations in his or her life While such transitional processes have long been characteristic of the human condition it is only in recent years that social and behavioral scientists have begun to rectify out limited knowledge concerning how people and families negotiate a wide array of middle and late life transitions The current preoccupation with the transitions of middle and old age has evolved from several historical economic and demographic changes that have combined to shift our populations toward the middle of the age structure and have produced new stages in the life cycle The result is that today most Americans can expect to pass through these new stages including long term survival the empty nest

period universal retirement and an extended term of widowhood in late life characterized by solitary living Many of these changes have in common that they involve periods of imbalance often accompanied by strong emotions Lives must be restructured adaptations made and modifications in both mental and physical behavior must occur The descriptions of these transitions and the process by which adaptations to them are made are the subjects of the articles in this issue
