The Anti Slavery Movement And Reconstruction A Study In Anglo American Cooperation 1833 77:

The Anti-slavery Movement and Reconstruction Christine Bolt,1969 *Anglo-American Relations and the Transmission of Ideas* Alan P. Dobson (1951-2022),Steve Marsh,2022-04-08 Too often scholarship on Anglo American political relations has focused on mutual social and economic interests between Britain and the United States as the basis for cooperation Breaking new ground *Anglo American Relations and the Transmission of Ideas* instead explores how ideas on either side of the Atlantic have mutually influenced each other In those transnational interactions there forms a shared tradition of political ideas facilitating a common cast of mind that has served as the basis for transatlantic relations and socio political values for decades

The Transatlantic Indian, 1776-1930 Kate Flint,2020-06-09 This book takes a fascinating look at the iconic figure of the Native American in the British cultural imagination from the Revolutionary War to the early twentieth century and examining how Native Americans regarded the British as well as how they challenged their own cultural image in Britain during this period Kate Flint shows how the image of the Indian was used in English literature and culture for a host of ideological purposes and she reveals its crucial role as symbol cultural myth and stereotype that helped to define British identity and its attitude toward the colonial world Through close readings of writers such as Charles Dickens Elizabeth Gaskell and D H Lawrence Flint traces how the figure of the Indian was received represented and transformed in British fiction and poetry travelogues sketches and journalism as well as theater paintings and cinema She describes the experiences of the Ojibwa and Ioway who toured Britain with George Catlin in the 1840s the testimonies of the Indians in Buffalo Bill s Wild West Show and the performances and polemics of the Iroquois poet Pauline Johnson in London Flint explores transatlantic conceptions of race the role of gender in writings by and about Indians and the complex political and economic relationships between Britain and America *The Transatlantic Indian 1776 1930* argues that native perspectives are essential to our understanding of transatlantic relations in this period and the development of transnational modernity

Bishop McIlvaine, Slavery, Britain & the Civil War Richard W. Smith,2014 Bishop Charles P McIlvaine was an important figure in nineteenth century America As one of the leading evangelicals in the Protestant Episcopal Church the Ohioan became the pivotal figure in the evangelical Episcopal Anglican community Famed as a preacher and speaker his books and pamphlets were read by trans Atlantic audience His endeavors in the United Kingdom resulted in honorary degrees from Cambridge University and Oxford University Aware of his reputation in England the Lincoln Administration sent him to Britain in 1861 Working with Thurlow Weed he sought to swing middle and upper class opinion into a pro federal position After six months abroad his persuasive leadership induced the Federal Episcopal Convention to support the union war effort which included Lincoln s emancipation policy In this first biography of McIlvaine Smith mined British and American sources never before utilized The book reveals the bishop s complex persona a rich and at times sorrowful family saga unfolds As a reformer he became an anti slave advocate This groundbreaking account develops the struggles encountered and the significance of the

informal mission for federal policies The political overtones in his friendship with the Prince of Wales are examined Comfortable in any secular or military environment McIlvaine's other wartime activities enabled him to report to Lincoln when necessary In later years he undertook length sojourns in England as he was busy with English and European religious questions Dying in Italy he was honored in Britain and America The Era of the Civil War--1820-1876 Louise A. Arnold-Friend, US Army Military History Institute, 1982 **From Slavery to Freedom** Seymour Drescher, 1999-05-17 The entries in this volume focus upon the rise and fall of the Atlantic slave system in comparative perspective The subjects range from the rise of the slave trade in early modern Europe to a comparison of slave trade and the Holocaust of the twentieth century dealing with both the history and historiography of slavery and abolition They include essays on British French Dutch and Brazilian abolition as well as essays on the historiography of slavery and abolition since the publication of Eric Williams's *Capitalism and Slavery* more than fifty years ago **The Black Abolitionist Papers** C. Peter Ripley, Jeffery S. Rossbach, 2000-11-09 This five volume documentary collection culled from an international archival search that turned up over 14 000 letters speeches pamphlets essays and newspaper editorials reveals how black abolitionists represented the core of the antislavery movement While the first two volumes consider black abolitionists in the British Isles and Canada the home of some 60 000 black Americans on the eve of the Civil War the remaining volumes examine the activities and opinions of black abolitionists in the United States from 1830 until the end of the Civil War In particular these volumes focus on their reactions to African colonization and the idea of gradual emancipation the Fugitive Slave Law and the promise brought by emancipation during the war Caribbean Culture and British Fiction in the Atlantic World, 1780-1870 Tim Watson, 2008-07-10 Examines the interrelationship between Caribbean narratives and British fiction in the eighteenth and nineteenth centuries Africa and the Americas Richard M. Juang, Noelle Morrisette, 2008-03-12 This encyclopedia explores the many long standing influences of Africa and people of African descent on the culture of the Americas while tracing the many ways in which the Americas remain closely interconnected with Africa Ranging from the 15th century to the present *Africa and the Americas Culture Politics and History* explores the many ways Africa and African peoples have shaped the cultural life of the Americas and how in turn life in the Americas reverberates in Africa This groundbreaking three volume encyclopedia offers hundreds of alphabetically organized entries on African history nations and peoples plus African influenced aspects of life in the Americas It also features authoritative introductory essays on history culture and religion demography international relations economics and trade and arts and literature In doing so it traces the complex and continuous movement of peoples of African descent to the West the mechanics and lingering effects of colonialism and the slave trade and the crucial issues of cultural retention and adaptation that are essential to our understanding of the effects of globalization **Black Woman Reformer** Sarah Silkey, 2015-02-15 During the early 1890s a series of shocking lynchings brought unprecedented international attention to American mob violence This interest created an opportunity for Ida B Wells

an African American journalist and civil rights activist from Memphis to travel to England to cultivate British moral indignation against American lynching Wells adapted race and gender roles established by African American abolitionists in Britain to legitimate her activism as a black lady reformer a role American society denied her and assert her right to defend her race from abroad Based on extensive archival research conducted in the United States and Britain **Black Woman Reformer** by Sarah Silkey explores Wells s 1893 94 antilynching campaigns within the broader contexts of nineteenth century transatlantic reform networks and debates about the role of extralegal violence in American society Through her speaking engagements newspaper interviews and the efforts of her British allies Wells altered the framework of public debates on lynching in both Britain and the United States No longer content to view lynching as a benign form of frontier justice Britons accepted Wells s assertion that lynching was a racially motivated act of brutality designed to enforce white supremacy As British criticism of lynching mounted southern political leaders desperate to maintain positive relations with potential foreign investors were forced to choose whether to publicly defend or decry lynching Although British moral pressure and media attention did not end lynching the international scrutiny generated by Wells s campaigns transformed our understanding of racial violence and made American communities increasingly reluctant to embrace lynching

The Traffic in Obscenity From Byron to Beardsley C. Colligan, 2006-08-22 Colligan argues that Nineteenth century obscenity was caught up in the global cultural traffic of print technology international trade and exoticism She reveals that obscenity intersected majority and minority culture searched out new print and visual media and built commercial and fantasmatic global networks for its continuation and survival

Philosemitism W. Rubinstein, 1999-06-23 This fascinating book has two aims The first is to draw attention to the existence of a persisting and virtually unrecognised tradition of philosemitism which manifested itself in Britain and elsewhere in the English speaking world during every significant international outbreak of antisemitism during the century after 1840 The second is to offer a typology of philosemitism distinguishing between varieties of support for the Jewish people

The Expansion of England Bill Schwarz, 2005-08-04 The organized study of history began in Britain when the Empire was at its height Belief in the destiny of imperial England profoundly shaped the imagination of the first generation of professional historians But with the Empire ended do these mental habits still haunt historical explanation Drawing on postcolonial theory in a lively mix of historical and theoretical chapters *The Expansion of England* explores the history of the British Empire and the practice of historical enquiry itself There are essays on Asia Australasia the West Indies South Africa and Britain Examining the sexual racial and ethnic identities shaping the experiences of English men and women in the nineteenth century the authors argue that habits of thought forged in the Empire still give meaning to English identities today

Special Bibliography , 1982

Old World, New World Kathleen Burk, 2009 A history of the relationship between Great Britain and the United States ranges from the establishment of the first English colony in the New World to the present day examining both nations in terms of what connected them and what drove them apart

Civic Nationalisms

in Global Perspective Jasper Trautsch, 2019-03-14 Recent events around the globe have cast doubt on the assumption that as a result of increasing cross border migrations and global interdependencies nation states are becoming more inclusive ethnic forms of identification more and more a thing of the past and processes of supranational integration progressively more acceptable Xenophobic forms of nationalism have once again been on the rise as became strikingly visible through the results of the Brexit referendum the election of Donald Trump and the inclusion of the Lega Nord in the Italian government It is timely therefore to inquire how multiethnic forms of nationalism can be re promoted and for this purpose to re investigate the concept of civic nationalism This book assembles case studies that analyse the historical practices of civic or quasi civic nationalisms from around the world By allowing for global comparisons the collection of articles seeks to shed new light on pressing questions faced by nation states around the world today Are truly civic nationalisms even possible Which strategies have multiethnic nation states pursued in the past to foster national sentiment How can nation states generate social solidarity without resorting to primordialism Can the historical example of civic or quasi civic nation states offer useful lessons to contemporary nation states for successfully integrating immigrants

Civilising Subjects Catherine Hall, 2002-05 This volume argues that the empire was at the heart of 19th century Englishness It tells stories of a group of English men and women who constructed themselves as colonizers It then uses these studies as a means of exploring wider colonial issues

National Union Catalog, 1973 Includes entries for maps and atlases

Union Catalog of the Graduate Theological Union Graduate Theological Union. Library, 1972

Argument and Change in World Politics Neta Crawford, 2002-07-25 Arguments have consequences in world politics that are as real as the military forces of states or the balance of power among them Neta Crawford proposes a theory of argument in world politics which focuses on the role of ethical arguments in fostering changes in long standing practices She examines five hundred years of history analyzing the role of ethical arguments in colonialism the abolition of slavery and forced labour and decolonization Pointing out that decolonization is the biggest change in world politics in the last five hundred years the author examines ethical arguments from the sixteenth century justifying Spanish conquest of the Americas and from the twentieth century over the fate of Southern Africa The book also offers a prescriptive analysis of how ethical arguments could be deployed to deal with the problem of humanitarian intervention Co winner of the APSA Jervis Schroeder Prize for the best book on international history and politics
