The Apology:

The Apology Christian TeBordo, 2021-11-30 Mike Long aka Michael Rider aka Knight Rider frustrated philosopher and ersatz office manager finds himself charged with misdemeanor stalking simple assault and planning a terrorist attack at the end of a very rough work week that includes late night stakeouts of the new woman in payable fistfights with the IT guy pissing in the elevator and more than one happy hour at Chili's This is his apology not an expression of regret but a justification Fiction *Systemic Treatment of Incest* Terry S. Trepper, Mary Jo Barrett, 1989 First Published in 1990

Routledge is an imprint of Taylor Francis an informa company **The Rhetoric of Official Apologies** Jason A. Edwards, Lisa S. Villadsen, 2020-10-23 The Rhetoric of Official Apologies Critical Essays focuses on the many challenges associated with performing a speech act on behalf of a collective and the concomitant issues of rhetorically tackling the multiple political social and philosophical issues at stake when a collective issues an official apology to a group of victims Contributors address questions of whether collective remorse is possible or credible how official apologies can be evaluated who can issue apologies on behalf of whom and whether there are certain kinds of wrongdoing that simply can't be addressed in the form of an official apology Collectively the book speaks to the relevance of conceptualizing official apologies more broadly as serving multiple rhetorical purposes that span ceremonial and political genres and represent a potentially powerful form of collective self reflection necessary for political and social advancement **The United Church of Canada**

Don Schweitzer, 2011-11-01 From its inception in the early 1900s The United Church of Canada set out to become the national church of Canada This book recounts and analyzes the history of the church of Canada's largest Protestant denomination and its engagement with issues of social and private morality evangelistic campaigns and its response to the restructuring of religion in the 1960s A chronological history is followed by chapters on the United Church's worship theology understanding of ministry relationships with the Canadian Jewish community Israel and Palestinians changing mission goals in relation to First Nations peoples and changing social imaginary The result is an original accessible and engaging account of The United Church of Canada's pilgrimage that will be useful for students historians and general readers From this account there emerges a complex portrait of the United Church as a distinctly Canadian Protestant church shaped by both its Christian faith and its engagement with the changing society of which it is a part **The Biography of**

Eld. Barton Warren Stone Barton Warren Stone, 1847 The Persistence of Memory Jessica Moody, 2020 The Persistence of Memory tells the history of the public memory of transatlantic slavery in the largest slave trading port city in the world from the end of the 18th century into the 21st century revealing the persistence of slavery memory in Liverpool as an ongoing contested debate **Let Us Go to the Seer!** Ryan D. Schroeder, 2025-03-03 Prophecy in the Hebrew Bible Old Testament has long been regarded as fundamentally different from the divinatory methods of ancient pagans while the pagans sought out and solicited messages from the gods the Hebrew prophets received revelation spontaneously at the

initiative of Israel's deity. The trouble with this dichotomy between solicited and spontaneous revelation is that it overlooks or misreads a number of ancient sources and it obscures the similarities between Hebrew and other societies of the ancient Middle East. In this book, Ryan D. Schroeder re-examines the evidence for prophecy both in the Hebrew Bible and in documents excavated in Israel, Palestine, Syria, Jordan, and Iraq since the late nineteenth century. He shows that prophecies were regularly solicited across ancient West Asia. Moreover, the spontaneity of Israelite revelation is largely a mirage produced by ancient Hebrew scribes and reinforced by modern scholars intent on establishing the uniqueness and superiority of biblical religion.

The Cambridge Handbook of Psychology and Human Rights Neal S. Rubin, Roseanne L. Flores, 2020-10-15. Written by psychologists, historians, and lawyers, this handbook demonstrates the central role psychological science plays in addressing some of the world's most pressing problems. Over 100 experts from around the world work together to supply an integrated history of human rights and psychological science using a rights and strengths-based perspective. It highlights what psychologists have done to promote human rights and what continues to be done at the United Nations. With emerging visions for the future uses of psychological theory, education, evidence-based research, and best practices, the chapters offer advice on how to advance the 2030 Global Agenda on Sustainable Development. Challenging the view that human rights are best understood through a political lens, this scholarly collection of essays shows how psychological science may hold the key to nurturing humanitarian values and respect for human dignity.

The Making of a Heretic Virginia Burrus, 2024-06-12. Silenced for 1,600 years, the heretics speak for themselves in this account of the Priscillianist controversy that began in fourth-century Spain. In a close examination of rediscovered texts, Virginia Burrus provides an unusual opportunity to explore heresy from the point of view of the followers of Priscillian and to reevaluate the reliability of the historical record. Her analysis takes into account the concepts of gender, authority, and public and private space that informed established religion's response to this early Christian movement. Priscillian, who began his career as a lay teacher with particular influence among women, faced charges of heresy along with accusations of sorcery and sexual immorality following his ordination to the episcopacy. He was executed along with several of his followers circa 386. His purportedly gnostic doctrines produced controversy and division within the churches of Spain, dissension that continued into the early decades of the fifth century. Burrus's thorough and wide-ranging study enlarges upon previous scholarship, particularly in bringing a feminist perspective to bear on the gendered constructions of religious orthodoxies, making a valuable contribution to the recent commentary that explores new ways of looking at early Christian controversies. This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Christians and Muslims in the Middle Ages Michael Frassetto, 2019-11-12 The conflict and contact between Muslims and Christians in the Middle Ages is among the most important but least appreciated developments of the period from the seventh to the fourteenth century Michael Frassetto argues that the relationship between these two faiths during the Middle Ages was essential to the cultural and religious developments of Christianity and Islam even as Christians and Muslims often found themselves engaged in violent conflict Frassetto traces the history of those conflicts and argues that these holy wars helped create the identity that defined the essential characteristics of Christians and Muslims The polemic works that often accompanied these holy wars was important Frassetto contends because by defining the essential evil of the enemy Christian authors were also defining their own beliefs and practices Holy war was not the only defining element of the relationship between Christians and Muslims during the Middle Ages and Frassetto explains that everyday contacts between Christian and Muslim leaders and scholars generated more peaceful relations and shaped the literary intellectual and religious culture that defined medieval and even modern Christianity and Islam [Bibliotheca Symbolica Ecclesiae Universalis](#) Philip Schaff, 1919 [The history of creeds](#) Philip Schaff, 1919 *Tusaayaksat - Summer 2008* Tusaayaksat Magazine, 2008-06-01 **Plato, with an English Translation ...** Plato, Harold North Fowler, 1913 **The Director and**
