The Archive Of Hor

Graham Shipley

The Archive Of Hor:

Hieratic, Demotic and Greek Studies and Text Editions Cary J. Martin, Francisca A.J. Hoogendijk, Koenraad Donker van Heel, 2018-06-12 This volume is a Festschrift in honour of Sven Vleeming containing the contributions of thirty eight friends and colleagues often renowned specialists in their respective fields It includes the editions of fifty four new texts from Ancient Egypt that date from the 7th century BCE to the 2nd century CE and covers a very wide range of subjects in Abnormal Hieratic Demotic and Greek papyrology As such it reflects the equally wide range of knowledge of the scholar to whom this book is dedicated *Acts of the Seventh International Conference of Demotic Studies* Kim Ryholt, 2002 This book contains contributions from K T Zauzich H S Smith B Porten U Kaplony Heckel R K Ritner S Allam M Chauveau and D Devauchelle *ANNUAL EGYPTOLOGICAL BIBLIOGRAPHY 1980* W. Hovestreydt, L. M. J. Zonhoven, *Medicine and Society in Ptolemaic Egypt* Philippa Lang, 2012-12-07 Current questions on whether Hellenistic Egypt should be understood in terms of colonialism and imperialism multicultural separatism or integration and syncretism have never been closely studied in the context of healing Examining all forms of healing within the specific socioeconomic and environmental constraints of the Ptolemies Egypt this book explores how linguistic cultural and ethnic affiliations and interactions were expressed in the medical domain Topics include the environmental and demographic background perceptions of Greek and Egyptian medicine the intersection between religion and healing interactions on the theoretical and textual plane diagnosis prognosis and therapeutics in practice and the range of medical practitioners The book concludes with a case study of medicine in Ptolemaic Alexandria Praising the Goddess Holger Kockelmann, 2009-02-26 In recent decades the relation between Egyptian and Greek praises of the goddess Isis has received much scholarly attention The present study however focuses on six Demotic hymns and praises directed to this goddess P Heidelberg dem 736 verso O Hor 10 Theban Graffiti 3156 3462 3445 and P Tebt Tait 14 These texts from the second century BC to the second century AD are re edited in facsimile transliteration and translation A commentary to each document discusses philological matters providing improved readings in some instances For the first time the six texts are analyzed comparatively in regard to formal features and content The concept of Isis that is outlined by the Demotic sources is set against Isis role as described by other Egyptian sources such as temple inscriptions or theophoric personal names and by Greek eulogies of the goddess An appendix offers an overview of other Demotic hymns and praises addressed to various divinities *One Who Loves Knowledge* Betsy Bryan, Christina DiCerbo, Marina Escolano-Poveda, Mark Smith, Jill S. Waller, 2022-12-01 The thirty nine articles in this volume One Who Loves Knowledge have been contributed by colleagues students friends and family in honor of Richard Jasnow professor of Egyptology at Johns Hopkins University Despite his claiming to be just a demoticist Richard Jasnow s research interests and specialties are broad spanning religious and historical topics along with new editions of demotic texts including most particularly the Book of Thoth A number of the authors demonstrate their appreciation for Jasnow s contributions to the

understanding of this difficult text The volume also includes other studies on literature Ptolemaic history and even the god Thoth himself and features detailed images and abundant hieroglyphic hieratic demotic Coptic and Greek texts **A Royal Book of Protection of the Saite Period** Paul F. O'Rourke, 2015-12-31 This new study offers a comprehensive examination of a unique manuscript a Late Period hieratic papyrus in the Brooklyn Museum This document comprises a compilation of seventeen individual prophylactic texts whose anatomical focus is the ear Many of the texts specifically state that they are intended for the protection of the ears of a king named Psamtik a historical figure who ruled Egypt in the seventh century BCE The fact that this papyrus was created to serve a sole purpose and function the protection of the ear distinguishes it noticeably from earlier Egyptian medical and magical texts that are largely encyclopedic and were intended to serve a broad range of purposes The present study contains an introduction and full translation with extensive philological and textual commentary as the texts of this papyrus are rich in mythological allusions The commentaries are largely based on comparison with contemporary and older Egyptian texts that although not direct parallels as there are none serve nonetheless as a rich resource for comparative analysis that has led to a more informed reading of this important document

A History of the Ptolemaic Empire Günther Hölbl, 2013-02-01 This compelling narrative provides the only comprehensive guide in English to the rise and decline of Ptolemaic rule in Egypt over three centuries from the death of Alexander in 323 BC to the tragic deaths of Antony and Cleopatra in 30 BC The skilful integration of material from a vast array of sources allows the reader to trace the political and religious development of one of the most powerful empires of the ancient eastern Mediterranean It shows how the success of the Ptolemies was due in part to their adoption of many features of the Egyptian Pharaohs who preceded them their deification and funding of cults and temples throughout Egypt The Eponymous Priests of Ptolemaic Egypt Clarysse, Veken, 2020-03-02 Where Dreams May Come (2 vol. set) Gil Renberg, 2017-06-01 Where Dreams May Come was the winner of the 2018 Charles J Goodwin Award of Merit awarded by the Society for Classical Studies In this book Gil H Renberg examines the ancient religious phenomenon of incubation the ritual of sleeping at a divinity's sanctuary in order to obtain a prophetic or therapeutic dream Most prominently associated with the Panhellenic healing god Asklepios incubation was also practiced at the cult sites of numerous other divinities throughout the Greek world but it is first known from ancient Near Eastern sources and was established in Pharaonic Egypt by the time of the Macedonian conquest later Christian worship came to include similar practices Renberg's exhaustive study represents the first attempt to collect and analyze the evidence for incubation from Sumerian to Byzantine and Merovingian times thus making an important contribution to religious history This set consists of two books *The Birth of the Archive* Markus Friedrich, 2018-02-26 The Birth of the Archive traces the history of archives from their emergence in the Late Middle Ages through the Early Modern Period and vividly shows how archives permeated and fundamentally changed European culture Archives were compiled and maintained by peasants and kings merchants and churchmen and conceptions of

archives were as diverse as those who used them The complex demanding job of the archivist was just as variable archivists might serve as custodians record keepers librarians legal experts historians scholars researchers public officials or some combination thereof navigating archives was often far from straightforward The shift of archival storage from haphazard collections of papers to the methodically organized institutionalized holdings of the nineteenth century was a gradual nonlinear process Friedrich provides an essential background to the history of archives over the centuries and enriches the story of their evolution with chapters on key sociocultural aspects of European archival culture He discusses their meaning and symbolism in European thought early modern conceptions of the archive s function and questions of access and usability Exploring the close often vexed relationship between archives and political power Friedrich illustrates the vulnerability of archives to political upheaval and war He concludes with an introspective look at how historians used their knowledge of and work with archives to create distinct representations of themselves and their craft *The Birth of the Archive* engages with scholarship in political history the history of mentalities conceptions of space historiography and the history of everyday life in early modern Europe It has much to offer for specialists and scholars while the jargon free prose of this translation is also accessible to the general reader

A Berichtigungsliste of Demotic Documents: Papyrus editions A. A. den Brinker, Brian Paul Muhs, S. P. Vleeming, 2005 There seems to be no brief English equivalent for the concept of a Berichtigungsliste This demotic Berichtigungsliste collects and critically presents corrections and supplements to editions of demotic documentary texts papyri ostraka inscriptions mummy labels graffiti everything demotic that was not clearly written as a secular or religious literary composition We have added all the information we have found concerning inventory numbers and photographs as well as republications of the texts in question which the scholar working with these texts might like to have Although the Berichtigungsliste chiefly concerns text editions be they published in monographs or articles texts that have been published only in photography or facsimile are also included The period covered for the publications that have been ransacked for the purpose of our Berichtigungsliste is roughly the Twentieth Century 1900 2000 In subsequent volumes we intend to extend this time range into the Nineteenth Century as well as into the future

The Hellenistic Settlements in Syria, the Red Sea Basin, and North Africa Getzel M. Cohen, 2006-10-03 The Hellenistic Settlements in Syria the Red Sea Basin and North Africa will take its place as the first volume has already done as an indispensable resource for the study of Greek history The book will be a research tool of lasting value there is nothing remotely similar available to the student of urbanism in the ancient world The scholarship is of the highest quality thorough and current Kent Rigsby editor of Greek Roman and Byzantine Studies

The Greek World After Alexander 323-30 BC Graham Shipley, 2014-03-18 The Greek World After Alexander 323 30 BC examines social changes in the old and new cities of the Greek world and in the new post Alexandrian kingdoms An appraisal of the momentous military and political changes after the era of Alexander this book considers developments in literature religion philosophy and science and establishes how far they are presented as radical

departures from the culture of Classical Greece or were continuous developments from it Graham Shipley explores the culture of the Hellenistic world in the context of the social divisions between an educated elite and a general population at once more mobile and less involved in the political life of the Greek city **The Cambridge Ancient History** Roger Ling,1963

Cleopatra John Whitehorne,2002-03-11 Although there are many books written about the most famous Cleopatra this is the only study in English devoted to her less well known but equally illustrious namesakes Cleopatras traces the turbulent lives and careers of these historically important women examining in particular the earlier Macedonian and Ptolemaic Cleopatras and the impact of their dynastic marriages on the history of the Hellenistic world John Whitehorne also evaluates current views of Cleopatra VII s dramatic suicide and considers the evolving political significance of royal women in the last three centuries BC Clearly and engagingly written Cleopatras reveals the true significance to the ruling dynasties of the 34 known Cleopatras who were not Cleopatra the Great and illuminates some fascinating but little known aspects of ancient Greek and Egyptian history along the way **Hellenistic and Roman Egypt** Roger S. Bagnall,2024-12-11 This

second collection by Roger Bagnall brings together a further two dozen of his studies this time covering Hellenistic Roman and Byzantine Egypt published over the last thirty years Many of the articles deal with issues of historical and papyrological method the restoration of papyrus texts the direction of archaeological work in Egypt economic models for Roman Egypt the usefulness of postcolonial theory and approaches to the defective literary tradition for the Library of Alexandria Others concentrate on particular bodies of evidence ranging from inscriptions to ascetic literature from registers to women s letters

Who's Who in Ancient Egypt Michael Rice,2002-09-11 In this compelling guide and sourcebook renowned author and scholar Michael Rice introduces us to the inhabitants of ancient Egypt allowing us to encounter their world through their own eyes Here are the great and the famous from Cleopatra to Tutankhamun but here also are the grave robber Amenwah Nakht the gardener and Sebaster the hairdresser The whole arena of Egyptian life is expressed in these pages Not only are there nearly a thousand biographies there is also a chapter on Encountering Ancient Egyptians sections on kingship and on religion a chronology a glossary and maps A combination of erudite scholarship and a clear and accessible style this volume opens up the world of the ancient Egyptians to all those with an interest in the subject in a way that has never been done before

The Tradition of Hermes Trismegistus Christian H. Bull,2018-09-24 In The Tradition of Hermes Trismegistus Christian H Bull argues that the treatises attributed to Hermes Trismegistus reflect the spiritual exercises and ritual practices of loosely organized brotherhoods in Egypt These small groups were directed by Egyptian priests educated in the traditional lore of the temples but also conversant with Greek philosophy Such priests who were increasingly dispossessed with the gradual demise of the Egyptian temples could find eager adherents among a Greek speaking audience seeking for the wisdom of the Egyptian Hermes who was widely considered to be an important source for the philosophies of Pythagoras and Plato The volume contains a comprehensive analysis of the myths of Hermes Trismegistus a reevaluation of the Way of

Hermes and a contextualization of this ritual tradition *Mélanges offerts à Ola el-Aguizy* Fayza Haikal, 2015 Ce volume de mélanges présente près d'une quarantaine d'articles offerts au Professeur Ola el-Aguizy par ses amis et collègues afin de lui témoigner leur considération pour sa contribution à l'égyptologie aussi bien dans le domaine scientifique que dans les relations internationales qu'elle a su créer entre l'université du Caire et de nombreuses autres institutions académiques travers le monde Professeure titulaire la Faculté d'archéologie de l'université du Caire où elle a fait toute sa carrière Ola el-Aguizy a largement contribué à la formation de ses étudiants et au suivi de leurs recherches par sa rigueur scientifique Devenue doyenne de la faculté elle a pris la responsabilité du chantier de fouilles de l'université du Caire Saqqara Cette nouvelle expérience lui a permis de s'ouvrir à l'archéologie après avoir mené une carrière de philologue Les contributions offertes dans ce volume reflètent cette double orientation

Reviewing **The Archive Of Hor**: Unlocking the Spellbinding Force of Linguistics
