Fowler's foray into the back catalogues and backstories of 99 authors who once hugely popular have all but disappeared from our shelves. Whether male or female, domestic or international, flash in the pan or prolific mega seller or prize winner, no author it seems can ever be fully immune from the fate of being forgotten. And Fowler, as well as remembering their careers, lifts the lid on their lives and why they often stopped writing or disappeared from the public eye. These 99 journeys are punctuated by 12 short essays about faded once favourites including the now vanished novels Walt Disney brought to the screen, the contemporary rivals of Sherlock Holmes and Agatha Christie who did not stand the test of time, and the women who introduced us to psychological suspense many decades before it conquered the world. This is a book about books and their authors. It is for book lovers and is written by one who could not be a more enthusiastic, enlightening and entertaining guide. A BIBLIOPHILE'S DREAM.
