The Art Of Dostoevsky Deliriums And Nocturnes:

The Art of Dostoevsky Robert Louis Jackson, 1981 Robert Louis Jackson considers Dostoevsky's powerful but much neglected *Notes from the House of the Dead* the seminal work of his post-Siberian period and critical to an interpretation of his art from 1861-1881. He projects this work as an artistic embodiment of a Christian poetics of insight and transfiguration. Breaking new ground, he explores the interrelated social, moral, aesthetic, psychological, and philosophical problems that absorbed Dostoevsky in his prison masterpiece and shows how these same motifs unite and shape many of his subsequent novels and short stories. Jacket

The Art of Dostoevsky Robert L. Jackson, Culture and Cruelty in Nietzsche, Dostoevsky, and Artaud Max Statkiewicz, 2019-12-09 Questioning the Enlightenment in Nietzsche, Dostoevsky, and Artaud challenges the cultural optimism of the Enlightenment through an examination of Nietzsche, Dostoevsky, and Artaud. The Enlightenment was characterized as Arnold put it as sweetness and light. Nietzsche, Dostoevsky, and Artaud each pushed back against the optimism of the Enlightenment through their writing and advanced the idea of cruelty as lying at the root of all human nature and culture. In this study, Statkiewicz explores the seemingly opposing notions of culture and cruelty within the works of these authors to discuss their complex relationship with one another. *Discovering Sexuality in Dostoevsky*

Susanne Fusso, 2008-01-29 Most discussions of sexuality in the work of Dostoevsky have been framed in Freudian terms. But Dostoevsky himself wrote about sexuality from a decidedly pre-Freudian perspective. By looking at the views of human sexual development that were available in Dostoevsky's time and that he, an avid reader and observer of his own social context, absorbed and reacted to, Susanne Fusso gives us a new way of understanding a critical element in the writing of one of Russia's literary masters. Beyond discovering Dostoevsky's own views and representations of sexuality as a reflection of his culture and his time, Fusso also explores his artistic treatment of how children and adolescents discover sexuality as part of their growth. Some of the topics Fusso considers are Dostoevsky's search for an appropriate artistic language for sexuality; a young narrator's experimentation with homoerotic desire and unconventional narrative in *A Raw Youth*; and Dostoevsky's approach to a young man's sexual development in *A Raw Youth* and *The Brothers Karamazov*. She also explores his complex treatment of a child's secret sexuality in his account of the Kroneberg child abuse case in *A Writer's Diary* and his conception of the ideal family, a type of family that appears in his works mainly by negative example. Focusing mainly on sexual practices considered deviant in Dostoevsky's time, both because these are the practices that his young characters confront and because they offer the most intriguing interpretive problems, Fusso decodes the author's texts and their social contexts. In doing so, she highlights one thread in the intricate thematic weave of Dostoevsky's novels and newly illuminates his artistic process.

Dostoevsky's The Idiot Liza Knapp, 1998 This book is designed to guide readers through Dostoevsky's *The Idiot*, first published in 1869 and generally considered to be his most mysterious and confusing work. *Notes from Underground and the Double* Fyodor Dostoyevsky, 2009-01-29 That sense of the meaninglessness of existence that runs through much of

twentieth century writing from Conrad and Kafka to Beckett and beyond starts in Dostoevsky's work. Malcolm Bradbury, *Alienated from society and paralysed by a sense of his own insignificance*, the anonymous narrator of Dostoevsky's *Notes from Underground* tells the story of his tortured life. With bitter irony he describes his refusal to become a worker in the anthill and his gradual withdrawal from society. The seemingly ordinary world of St Petersburg takes on a nightmarish quality in *The Double* when a government clerk encounters a man who looks exactly like him, his double, perhaps or possibly the darker side of his own personality. Like *Notes from Underground*, this is a masterly tragicomic study of human consciousness. Translated by Ronald Wilks with an Introduction by Robert Louis Jackson. [Dostoevsky's Unfinished Journey](#) Robin Feuer Miller, Professor Robin Feuer Miller, 2007-01-01. How does Dostoevsky's fiction illuminate questions that are important to us today? What does the author have to say about memory and invention, the nature of evidence, and why we read? How did his readings of such writers as Rousseau, Maturin, and Dickens filter into his own novelistic consciousness? And what happens to a novel like *Crime and Punishment* when it is the subject of a classroom discussion or a conversation? In this original and wide-ranging book, Dostoevsky scholar Robin Feuer Miller approaches the author's major works from a variety of angles and offers a new set of keys to understanding Dostoevsky's world. Taking Dostoevsky's own conversion as her point of departure, Miller explores themes of conversion and healing in his fiction, where spiritual and artistic transfigurations abound. She also addresses questions of literary influence, intertextuality, and the potency of what the author termed "ideas in the air." For readers new to Dostoevsky's writings as well as those deeply familiar with them, Miller offers lucid insights into his works and into their continuing power to engage readers in our own times. [Transcendent Love](#) Leonard G. Friesen, 2023-03-08. In *Transcendent Love: Dostoevsky and the Search for a Global Ethic*, Leonard G. Friesen ranges widely across Dostoevsky's stories, novels, journalism, notebooks, and correspondence to demonstrate how Dostoevsky engaged with ethical issues in his times and how those same issues continue to be relevant to today's ethical debates. Friesen contends that the Russian ethical voice, in particular Dostoevsky's voice, deserves careful consideration in an increasingly global discussion of moral philosophy and the ethical life. Friesen challenges the view that contemporary liberalism provides a religiously neutral foundation for a global ethic. He argues instead that Dostoevsky has much to offer when it comes to the search for a global ethic, an ethic that for Dostoevsky was necessarily grounded in a Christian concept of an active, extravagant, and transcendent love. Friesen also investigates Dostoevsky's response to those who claimed that contemporary European trends, most evident in the rising secularization of nineteenth-century society, provided a more viable foundation for a global ethic than one grounded in the One whom Dostoevsky called simply the Russian Christ. Throughout, Friesen captures a sense of the depth and sheer loveliness of Dostoevsky's canon. **Reference Guide to Russian Literature** Neil Cornwell, 2013-12-02. First Published in 1998, this volume will surely be regarded as the standard guide to Russian literature for some considerable time to come. It is therefore confidently recommended for addition to reference libraries, be they academic or public. **Wages of Evil** Anna

J. Leatherbarrow,2002-07-18 Key dimensions of Dostoevskii s writing and life are explored in this collection of specially commissioned essays While remaining accessible to an undergraduate and non specialist readership the essays as a whole seek to renegotiate the terms in which Dostoevskii and his works are to be approached This is achieved by replacing the conventional life and works format by one that seeks instead to foreground key aspects of the cultural context in which those

works were produced Contributors trace the often complex relationship between those aspects and the processes accompanying the creation of Dostoevskii's art They examine topics such as Dostoevskii's relation to folk literature money religion the family and science The essays are well supported by supplementary material including a chronology of the period and detailed guides to further reading Altogether the volume provides an invaluable resource for scholars and students

The Making of a Counter-culture Icon Maria R. Bloshteyn, 2007-01-01 At first glance the works of Fedor Dostoevsky 1821 1881 do not appear to have much in common with those of the controversial American writer Henry Miller 1891 1980 However the influencer of Dostoevsky on Miller was in fact enormous and shaped the latter's view of the world of literature and of his own writing *The Making of a Counter Culture Icon* examines the obsession that Miller and his contemporaries the so called Villa Seurat circle had with Dostoevsky and the impact that this obsession had on their own work Renowned for his psychological treatment of characters Dostoevsky became a model for Miller Lawrence Durrell and Anais Nin interested as they were in developing a new kind of writing that would move beyond staid literary conventions Maria Bloshteyn argues that as Dostoevsky was concerned with representing the individual's perception of the self and the world he became an archetype for Miller and the other members of the Villa Seurat circle writers who were interested in precise psychological characterizations as well as intriguing narratives Tracing the cross cultural appropriation and mis interpretation of Dostoevsky's methods and philosophies by Miller Durrell and Nin *The Making of a Counter Culture Icon* gives invaluable insight into the early careers of the Villa Seurat writers and testifies to Dostoevsky's influence on twentieth century literature
