The Economics Of Honour Biblical Reflections On Money And Property:

The Economics of Honour Roelf L. Haan, 1988 **The Economics of Honor** Roelf Haan, 2009-02-05 In *The Economics of Honor* Roelf Haan walks through the Bible from Genesis to Revelation but blazes an unfamiliar trail Through careful exegesis he draws economic lessons from surprising passages and challenges conventional interpretations of some of Jesus's parables Along the way Haan draws on a broad spectrum of thinkers including John Calvin Jacques Ellul Rene Girard John Maynard Keynes a number of Latin American liberation theologians and feminist Germaine Greer Further Haan draws on his own experience of living in Latin America for several years and the book reflects his deep knowledge of Latin American history from early Spanish colonization to the repressive military dictatorships of the late twentieth century
Publisher *The Value of Money* Catherine Cowley, 2006-06-02 Offers an ethical examination of global finance which is both theologically and economically literate This book also examines the effect of money on our understanding of freedom of the market itself and of the ethical issues arising from this for individuals the sector and for society as a whole [Faith in Christ Today Invitation to Systematic Theology](#) Klaus Nurnberger, 2016-06-29 In Volume I the author analyses the Word of God and the response of the Christian community in a lucid and accessible way In this second volume he interprets the classical assertions of the Christian faith in terms of God's creative and redemptive project in the world of today His experiential approach is meant to restore the credibility vibrancy and relevance of faith in Christ for our times **Foundations for African Theological Ethics** James Nkansah-Obrempong, 2013-05-14 Having taught on ethics in Africa for almost a decade James Nkansah Obrempong presents a work that goes some way to addressing the dearth of materials on ethics that combine African social religious cultural and moral values with biblical and theological values Integrating these from African Western and biblical contexts Nkansah demonstrates how important they are for dealing with contemporary moral and social issues facing the church in Africa and African societies The book develops a theoretical biblical and theological foundation for Theological Ethics and uses this to address the broader issues that affect the socio political and economic life of African people and the church *Stories Economists Tell* John P. Tiemstra, 2012-12-19 A Christian approach to economic analysis requires that humans be thought of not as maximizing their own private economic welfare but rather as making moral choices with their resources Professor Tiemstra lays out the methodology of this approach in the first section of this book He then applies it to real economic problems including poverty and economic justice environmental sustainability and globalization [Holy War in Ancient Israel](#) Gerhard von Rad, 2000-04-17 Since the beginning holy war has been viewed as a sacred institution and a cultic act of religious community by the people of Israel Appearing here in English for the first time Gerhard von Rad has provided a definitive study of the theory of holy war and its development throughout biblical history Von Rad gives a definitive and articulate exposition of a typically disturbing theme within the Old Testament arguing that holy war is not only Yahweh acting alone but inspired Israelites who because they envisioned God fighting on their behalf felt

obligated and inspired to fight even more fervently **Calvinism for a Secular Age** Jessica R. Joustra, Robert J. Joustra, 2022-02-08 Pastor politician and Dutch Neo Calvinist theologian Abraham Kuyper's lectures on the role of Christian faith in politics science and art have become a touchstone of contemporary Reformed theology Revisiting these lectures Jessica and Robert Joustra bring together theologians historians scientists and others to consider Kuyper's ongoing importance and complex legacy for today *Stations of the Banquet* Cathy C. Campbell, 2003 A Scripture based exploration of the Christian story of salvation as a food story which provides nourishment for those engaged in living out the food and justice challenges of the Gospel The book highlights the power of our Biblical and theological traditions to name the root issues of our day shape our hope and define the horizons for action It is a resource for study and prayer The author explores in her ministry how individuals and parishes may live out the food and justice dimensions of the Gospel *The Ecumenical Review* , 1993
