The Edgar Cayce Primer Herbert B. Puryear, 1982 The readings of Edgar Cayce condensed and simplified **The Essential Edgar Cayce** Mark Thurston, 2004-07-08 A complete guide to the work of the remarkable twentieth century seer Edgar Cayce featuring Cayce's most intriguing and influential readings and a biographical introduction to his life Edgar Cayce is one of the most mysterious men of the twentieth century Sometimes called The Sleeping Prophet he was prone to pick up taglines that reflected the sensationalistic side of his work rather than its real depth and meaning The core of his life's work was actually being an intuitive healer and Christian mystic More than one hundred books have been written about his teachings and his life story Yet no book has combined insightful commentary with lengthy verbatim selections of the full range of his contribution to holistic healing practical spirituality and the psychology of the soul The Essential Edgar Cayce gives the reader an understanding of each major area in which Cayce helped pioneer the modern holistic living movement as well as the contemporary popular approach to spirituality that weaves together the best of Eastern and Western religious traditions The book's substantial introduction frames Cayce and his life's work and is followed by eight topical sections in which commentaries by Mark Thurston guide the reader through some of the seer's most significant readings Here is a truly integral portrait of the life and work of one of the twentieth century's most fascinating spiritual figures **Edgar Cayce: The "Sleeping" Medium & Spiritual Discernment** John

Weldon, 2013-02-09 Edgar Cayce 1877-1945 was one of the most famous trance mediums in the world and the best known psychic in America's history Not commonly placed under those occult classifications he is commonly referred to in a more soothing category as the sleeping prophet Through entering a self-induced hypnotic trance he produced over 14300 health and spiritual Readings one of the largest psychic libraries in history allegedly from his unconscious mind and/or the supposed akashic records Uniquely he may be considered the spiritual father of both the modern New Age movement and contemporary holistic medicine His influence has extended to millions of people This book takes a critical look at the life

readings and health spiritual impact of Edgar Cayce It illustrates the timely warning of the old adage that the road to hell may be paved with perfectly good intentions and how benevolent concepts such as improved health and spirituality may indeed become the devil s playground Ironically this is the very thing Cayce himself had worried about in reference to the Readings

Edgar Cayce in Context K. Paul Johnson,2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce s reliability in the subject areas emphasized by the readings Cayce s medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce s ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce s personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective
