The Edge Of Reality A Progress Report On Unidentified Flying Objects:

The Edge of Reality J. Allen Hynek, Jacques Vallee, 2023 Two eminent scientists debate UFO incidents and persuasive cases and explore what we still need to know about the phenomenon **The Edge of Reality** Joseph Allen Hynek, Jacques Vallee, 1975 **The Edge of Reality: a Progress Report on Unidentified Flying Objects** J. Hynek, Jacques Vallee, 1975-12-15 Two of our country's most eminent scientists both of whom have studied the UFO phenomenon for decades have collaborated on this report of what serious scientists now believe about it And they show that an increasing number of scientists are taking the UFO subject seriously From the outset Hynek and Vallee make their position clear UFOs represent an unknown but real phenomenon The far reaching implications take us to the very edge of what we consider the known and real in our physical environment Perhaps say the authors UFOs signal the existence of a domain of nature as yet totally unexplored In this mind stretching book the authors sample UFO reports including those allegedly involving humanoids and describe the patterns that have been perceived in the behavior of the phenomenon They also establish a framework for the further study of the UFO phenomenon Where might such study lead What can be studied and how What is the real nature of the UFO phenomenon Does it originate with the actions of other intelligences in the universe Does the UFO phenomenon have a purely physical explanation or is there a vaster hidden realm that holds the solution J Allen Hynek is Professor of Astronomy at Northwestern University For years he was astronomical consultant to the U S Air Force Over the years as Dr Hynek focused on the UFO reports that appeared unsolvable he began to believe that there is something most unusual going on Jacques Vallee is the author of several classic UFO books After obtaining his doctorate in computer sciences from Northwestern University he joined the Computer Laboratory at Stanford University **The UFO Phenomenon** Robert Davis, 2015-02-28 A comprehensive perspective of evidence and future directions associated with the UFO phenomenon Includes review and analysis of studies evidence theories and research needs involving UFO topics Extensive scientific endnotes **The Edge of Reality** Joseph Allen Hynek, Jacques Vallee, 1975 *The Mandela Effect* J.P. Moss, 2018-06-15 Are we living in another reality How would you feel if one day you awoke and discovered many things were different from the past you thought you knew Author research experimenter JP Moss takes you through the world of the Mandela Effect and asks the question are we being moved through parallel realities **Strange Incursions** Stephen Hunt, 2020-11-01 Are aliens visiting Earth right now even as you're reading this For a long time best selling science fiction author Stephen Hunt believed as you might do that UFOs and the chance extraterrestrials are presently calling on Earth was a load of let's keep this family friendly complete old nonsense What was it that changed his mind Interestingly not his encounter with an alien probe in 2001 He wrote that off as a council pollution monitoring drone even though the first commercial drone wasn't used until 2006 No it was the New York Times's article revealing that the Pentagon had been running and denying the existence of a top secret alien hunting program so covert it had to change the word UFO to UAP just to escape the stigma created by the

CIA around the term This feature came with confirmed videos of the latest U S navy fighter jets being made to look like paper planes by anti gravity effect vehicles Craft racing at mind boggling speeds that would turn human pilots into meat paste Since then Stephen has been exploring deep down this rabbit hole Now in his very first non fiction book he brings you the results of his strange voyage of exploration seeking the answers to such eye opening questions as Has the U S government a lost its mind or b are they really trying to back engineer crashed alien craft wreckage What is the connection between UFOs UAPs and high strangeness portals ghosts Bigfoot Given there are between 100 and 400 billion star systems in our Milky Way Galaxy where the heck is everyone else Is humanity truly that unique The only machine using species What does the U S government know that we don t Are UFO witnesses and whistle blowers influenced by popular science fiction entertainment or are our media companies dropping approved UFO alien bread crumbs Is this new wave of official U S sanctioned UFO openness a prelude to something shocking coming our planet s way Revelations so improbable they ll change humanity forever Stephen Hunt examines this fascinating and astonishing universe through the eyes of a science fiction author drawing the parallels between our sci fictions and what just might be a bizarre classified reality of actual alien derived sci facts

Before and After Roswell David A. Clary, 2001-01-22 The flying saucer has been the most vivid and persistent image in American life of the last half century It has also generated more controversy and rancor than anything else that might be characterized as a fantasy It is malleable suiting a wide variety of beliefs and outlooks touching nearly every public concern It arrived as a mysterious threat from above a metaphor for The Bomb It transformed swiftly into a hope from above promising to save us from ourselves Renamed UFO it became a symbol for those who distrusted the government Along its way through the postwar skies it acquired a cargo that included every species of hoax craziness lunacy and even sexual fantasy along with a fair amount of scientific and political baggage The flying saucer myth

says much about how Americans react to the unexpected Before and After Roswell The Flying Saucer in America 1947 1999 places the flying saucer idea in the context of history politics entertainment and science to arrive at an explanation of what it is all about and how it got that way Because the Roswell incident the story that a flying saucer crashed near Roswell New Mexico in 1947 and that the government has hidden the truth about it ever since has dominated the subject recently the book is anchored around that particular story while demonstrating that the flying saucer did exist before and after Roswell It corrects some misconceptions including one that holds that because a majority of people say they believe in UFOs they therefore believe in a conspiracy to cover up the truth about them After detailing what actually happened in Roswell in 1947 the book takes up the birth of the flying saucer earlier that year underscoring the fact that the name originally denoted its movement not its shape The text then examines the Air Forces and CIAs responses to the phenomenon and the rise of competing bands of ufologists true believers and skeptics to dominate debate over it The book also addresses Cold War contributions to the UFO issue and the role of Hollywood in providing the images that defined it Along the way it describes the crashed saucer tradition the contactees abductions men in black the Bermuda Triangle ancient astronauts cattle mutilations the little gray alien SETIs Drake Equation sex and the flying saucer and the rise of a new ufology emanating from the conspiracy culture growing out of the Kennedy assassination mythology and the Watergate scandal Part Two of Before and After Roswell begins with the invention of the incident in 1980 then traces the history of the flying saucer idea to the end of the century Important here are the submersion of the saucer into the larger anti government conspiracy tradition of that period and the increasing domination of the subject by television including Area 51 a myth invented on a TV show and the combined influence of reality based cable documentaries and the amazingly popular series The X Files Also addressed are such things as crop circles the MAJIC hoax the face on Mars UFO conspiracy fiction and the explosion of the abduction belief A chapter on The Battle of Roswell traces the evolution of that controversy through a succession of books by ufologists in the end it broke down into disputed orthodoxies and feuds over who had the real crash site to charge admission to When boosters tried to turn Roswell into a tourist attraction their quarrels and mercenary outlook alienated the town and made the annual UFO Encounter a flop The book concludes that the flying saucer is not a thing but an idea and one that will overcome the burden of

Conjunction.World Elly Flippen, 2024-10-05 A must read I cannot recommend highly enough Bring a lot of highlighters This book has been blowing me away I d say it s a must read So far it has validated certain thoughts I ve had and experienced regarding OBE NDE UAPs the cover up our history consciousness and brought new ideas forward Very well written and organized with detailed footnotes with references You could almost use it like a guidebook in research It s amazing how much we actually have in common with one another My uncle the renowned Ingo Swann was a man of mystery and intrigue As one of the US Government s top psychic spies he held secrets that few knew and even fewer understood One day he confided in me with a hushed tone and a glint in his eye We are not alone on this planet This wasn t entirely new to

me I had encountered numerous inexplicable events but I couldn't believe they were actually real. It just seemed too impossible. Years later, however, my curiosity drove me to learn more. Amidst this learning adventure, I stumbled upon a declassified briefing from 1973 stating a group of Nazis was to blame for releasing an arcane terror upon the world. Unless one is deeply rooted in the essence of the divine, the paper concludes, they will not survive this perilous journey into the ominous world of existence. In other words, if you want to survive in the actual reality we live in, you better be well equipped with some heavy-duty light protection. After that moment, my inquisitiveness was sparked. I dove in headfirst, compiling theories about non-human entities. From potential extraterrestrial origins to interdimensional beings, I unraveled a complex narrative about advanced technology that could account for the anomalous aerial and aquatic vehicles we have witnessed. But my explorations didn't end there. I also embarked on a journey to understand the evolution of Remote Viewing, also known as psychic spying. Along the way, I discovered fascinating connections between Remote Viewing, UFO bases, and encounters with non-human beings. I then found myself venturing into mysterious lands shrouded in secrecy. Places where barriers and gateways intertwined, where haunted spaces lingered, and temporal distortions shifted reality. I encountered apparitions, witnessed unexplainable events, and had enigmatic experiences with UFOs and UAPs, which I began to view as vision quests. As my investigation progressed, I uncovered hidden secrets about our world, first-hand accounts of untold tales from the lands where reality blends with the unknown, the places where the mirror has cracks.
