The Education Establishment:

The Education Establishment Elizabeth L. Useem, 1974 **Betrayed** Laurie H. Rogers, 2011-01-16 In America more money is spent from all sources on K 12 education than on the U S Department of Defense Why then are so many children suffering what amounts to educational malpractice Why are they crippled for life with a substandard education and a life altering vision of themselves as incapable Betrayed is a passionate well researched and frank accounting of how a failing public education system continues to be forced on teachers and students despite its nearly complete lack of supporting research or successful student outcomes Betrayed roots out the self styled stakeholders whose personal professional and financial interests are served by this failing system It sympathizes with teachers many of whom aren't allowed to do their jobs yet are constantly threatened with removal for ineffectiveness or insubordination Betrayed is an expose but it's also a beacon of commonsense and hope Through the Square of Effective Learning Betrayed offers practical methods for teachers parents advocates and legislators to stand up against this broken system to effect positive change and to ensure a good quality education for all of our children **To Establish a National Institute of Education** United States. Congress. House. Committee on Education and Labor. Select Subcommittee on Education, 1971 **DIGITAL MARKETING IN CURRENT EDUCATION INSTITUTION** Dr. P. Jeyabharathy , 2023-01-25 Dr P Jeyabharathy Assistant Professor School of Youth Empowerment Madurai Kamaraj University Madurai Tamil Nadu India **Tyranny Through Public Education - Revised Edition** William F. Jr Cox, 2004-04 This book documents the inherently flawed nature of America's public school system as currently structured Contemporary recommendations for correcting the system invariably treat symptoms rather than the inherent problem of government control over parental and religious rights The book documents that education is a religious endeavor and that freedom of religion is guaranteed in the United States parents have an inalienable right to raise their children free from government constraints on education civil government is to protect and not deprive citizens of their inalienable rights the educational history of our country affirms that education has always had a religious function recent interpretations of the First and Fourteenth Amendments are both misguided and opposite from their original meanings federal control of education and education taxation is outside the legitimate authority of the U S Constitution and government control of education at federal state and local levels is inherently tyrannical Addressed in separate chapters the above mentioned issues individually and collectively build a compelling case for the disestablishment of government control and the return of parental control to education To quote James Madison government should relate to education in the same way as it does to religion not to intermeddle with it *To Establish a National Institute of Education, Hearings Before the Select Subcommittee on Education...92-1, on H.R. 33, 3606 and Other Related Bills, Feb. 18, 24; March 17, 23; May 11, 14, 1971; March 20, and June 14, 1971* United States.
