The Eight Walls Of Rogar:

The Eight Walls of Rogar William Woodward, 2006-02-01 The Eight Walls of Rogar is the first in a series focusing on the adventures and coming of age of an awkward young man named Andaris Rocaren. It's about an epic struggle of good versus evil, self discovery and the triumph of the human spirit over adversity. The story unfolds in the weeks following Andaris's seventeenth birthday. Desperate to escape a life of meaningless drudgery behind the plow, he leaves the safety of his secluded valley town and ventures alone into the unexplored depths of Fingar Forest, the heart of which is said to be twisted and black, towards a distant land long steeped in mystery. What ensues is more remarkable than anything even he could have imagined. He goes looking for adventure. What he finds is a whole new world full of mystical creatures that are only supposed to exist in storybooks, a world in the midst of great change. The Lost One and his army of shapelings are preparing to march against Rogar's western border. The balance of power is shifting. Despite the debt of blood owed to them by their Sokerran neighbors, the Alderi Shune fear they will be made to stand alone. No one speaks of defeat, but it is on the tip of every tongue. For the first time since their construction more than a thousand years ago, the Eight Walls may not be strong enough to repel the attack. The scales could tip either direction, depending, oddly enough, on the choices of an awkward young man named Andaris Rocaren.

The Rise of the Dragon George R. R. Martin, Elio M. García Jr., Linda Antonsson, 2022-10-25 NEW YORK TIMES BESTSELLER This lavish visual history featuring over 180 all new illustrations is a stunning introduction to House Targaryen, the iconic family at the heart of HBO's Game of Thrones prequel series House of the Dragon. For hundreds of years, the Targaryens sat the Iron Throne of Westeros while their dragons ruled the skies. The story of the only family of dragonlords to survive Valyria's Doom is a tale of twisty politics, alliances, and betrayals, and acts both noble and craven. The Rise of the Dragon chronicles the creation and rise of Targaryen power in Westeros, covering the history first told in George R. R. Martin's epic Fire & Blood, from Aegon Targaryen's conquest of Westeros through to the infamous Dance of the Dragons, the bloody civil war that nearly undid Targaryen rule for good. Packed with all new artwork, the Targaryens and their dragons come vividly to life in this deluxe reference book. Perfect for fans steeped in the lore of Westeros as well as those who first meet the Targaryens in the HBO series House of the Dragon, The Rise of the Dragon provides a must-have overview for anyone looking to learn more about the most powerful family in Westeros.
