

An Independent View of the Donald J. Trump Presidency

William Smith

Part II

Donald Trump's Impeachment Problems

The January 6, 2021 attack on the United States Capital Building by Donald Trump's far-right MAGA supporters was in fact an insurrection that can never be acceptable. These individuals had every intent to forcefully disrupt the Electoral College's certification of duly elected President Joseph Biden. However, they were deliberately deceived. This action was provoked by the words of Donald Trump because he arrogantly refused to admit defeat. Consequently, far too many of these Trump fanatics came to do bodily harm to members of Congress. They even built a gallows to hang V.P. Mike Pence. Several extremists admitted wanting to find and harm Democratic Majority leader Nancy Pelosi whom they believed was responsible for Trump's impeachment. Many other members of Congress were also targeted.

The American Presidency Principles And Problems Vol II:

Professional Journal of the United States Army ,1984 **Kenneth W. Thompson, The Prophet of Norms F. Rajae**,2013-03-12 The aim of this book is to capture the international thought and practice of Kenneth W Thompson His career embodied three roles in which he revealed his thoughts and practice as a facilitator of space for encouraging debates scholarship and practice as an educator and most importantly as a theorist of international relations Review of Current Military Literature ,1984 **Military Review** ,1984 *Quarterly Review of Military Literature* ,1984 **The Presidents and the Constitution, Volume Two** Ken Gormley,2022-09-27 In this sweepingly ambitious volume the nation s foremost experts on the American presidency and the U S Constitution join together to tell the intertwined stories of how each American president has confronted and shaped the Constitution Each occupant of the office the first president to the forty fourth has contributed to the story of the Constitution through the decisions he made and the actions he took as the nation s chief executive By examining presidential history through the lens of constitutional conflicts and challenges **The Presidents and the Constitution** offers a fresh perspective on how the Constitution has evolved in the hands of individual presidents It delves into key moments in American history from Washington s early battles with Congress to the advent of the national security presidency under George W Bush and Barack Obama to reveal the dramatic historical forces that drove these presidents to action Historians and legal experts including Richard Ellis Gary Hart Stanley Kutler and Kenneth Starr bring the Constitution to life and show how the awesome powers of the American presidency have been shaped by the men who were granted them The book brings to the fore the overarching constitutional themes that span this country s history and ties together presidencies in a way never before accomplished Exhaustively researched and compellingly presented **The Presidents and the Constitution** shines new light on America s brilliant constitutional and presidential history **The Public Diary of President Sadat, Volume 2: Road of Diplomacy (November 1973-May 1975)** R. Israeli,2022-08-22 **The American Presidency** Fenton S. Martin,Robert Goehlert,1987 Military Medical Ethics, Volume 2 , **The American Year Book** ,1918 **The American Year Book** Albert Bushnell Hart,1918 **Tax Aspects of President Carter's Economic Stimulus Program** United States. Congress. House. Committee on Ways and Means,1977 Founding the American Presidency Richard J. Ellis,1999 At a time when the institution of the presidency seems in a state of almost permanent crisis it is particularly important to understand what sort of an institution the framers of the Constitution thought they were creating **Founding the American Presidency** offers a first hand view of the minds of the founders by bringing together extensive selections from the constitutional convention in Philadelphia as well as representative selections from the subsequent debates over ratification Organized topically the book focuses on those issues of executive power that most deeply concerned and often sharply divided the founders including the electoral college and impeachment the presidential term and reeligibility the veto power and war powers the power of appointment and the power of pardon EllisO judicious

selections mean that teachers and students no longer need to settle for the meager rations of a Federalist paper or two supplemented by a quick summary of the founders thoughts before being fast forwarded to the contemporary presidency Pointed discussion questions provoke students to consider new perspectives on the presidency Ideal for all courses on the presidency the book is also important for all citizens who want to understand not only the past but the future of the American presidency

Presidential Inability United States. Congress. House. Committee on the Judiciary,1956 **Papers Relating to the Foreign Relations of the United States** United States. Department of State,1949 **People's War (RLE Modern East and South East Asia)** J.L.S. Girling,2017-09-19 This book first published in 1969 casts a critical eye over the problem of insurgency The author sees insurgency not just as a matter of technique military tactics or organizational skill nor as the result of force and fraud but as people s war the conditions in which the mass of the people become involved voluntarily or otherwise on either side He quotes Nasution s statement The guerrilla movement is only the result not the cause of the problem People s war brings the peasantry hitherto ignorant apathetic or rejected into the political process For war is the continuation of politics by other means In Asia this was essentially a peasant s war arising when peasant grievances interests or demands cannot be met under the existing legitimate but urban or landowner orientated system of rule It shows little understanding to blame outside intervention when peasant and nationalist unrest leads to revolt The Chinese Communists did not owe success to Soviet aid the Vietminh to Chinese assistance or the Vietcong to North Vietnamese intervention The conclusion applies to governments as to insurgents no amount of outside aid can win the war for them if they themselves are incapable and the people on whom they depend for support have no will to fight This book based on first hand experience of the area and on study of original sources offers

- 1 an analysis of people s war in China
- Indochina and Vietnam
- 2 a critique of US policy in Laos and Vietnam and
- 3 a comparison with counter measures in Malaya the Philippines and Indonesia
