Great Tales from English History (Book 2) Robert Lacey, 2009-11-11 With insight, humor, and fascinating detail, Lacey brings brilliantly to life the stories that made England from Ethelred the Unready to Richard the Lionheart, the Venerable Bede to Piers the Ploughman. The greatest historians are vivid storytellers. Robert Lacey reminds us, and in *Great Tales from English History* he proves his place among them, illuminating in unforgettable detail the characters and events that shaped a nation. In this volume, Lacey limns the most important period in England's past, highlighting the spread of the English language, the rejection of both a religion and a traditional view of kingly authority, and an unstoppable movement toward intellectual and political freedom from 1387 to 1689. Opening with Chaucer's *Canterbury Tales* and culminating in William and Mary's Glorious Revolution, Lacey revisits some of the truly classic stories of English history: the Battle of Agincourt where Henry V's skilled archers defeated a French army three times as large; the tragic tale of the two young princes locked in the Tower of London and almost certainly murdered by their usurping uncle, Richard III; Henry VIII's schismatic divorce, not just from his wife but from the authority of the Catholic Church; Bloody Mary and the burning of religious dissidents; Sir Francis Drake's dramatic, if questionable, part in the defeat of the Spanish Armada; and the terrible and transformative Great Fire of London, to name but a few. Here Anglophiles will find their favorite English kings and queens, villains and victims, authors and architects, from Richard II to Anne Boleyn, the Virgin Queen to Oliver Cromwell, Samuel Pepys to Christopher Wren, and many more. Continuing the eminently readable, highly enjoyable *St. Louis Post-Dispatch* history he began in volume I of *Great Tales from English History*, Robert Lacey has drawn on the most up-to-date research to present a taut and riveting narrative, breathing life into the most pivotal characters and exciting landmarks in England's history.

Out of the Bottomless Pit Book 2 S. N. Strutt (Stephen), 2022-12-14 *OUT OF THE BOTTOMLESS PIT II* is a sequel to my first book *OUT OF THE BOTTOMLESS PIT I* about the paranormal and the supernatural. I am sure that you have already noticed the vicious dragon on the front cover coming out of the Bottomless Pit, along with locusts with scorpion tails and ferocious giants coming out of the Pit and attacking people taken from the Book of Revelation, chapter 9. What will transhuman technology do to our future? Is it wise to create hybrids? Could some of our tinkering in dark science end up coming to haunt mankind? I have personally met the Men in Black many years ago and had many strange paranormal experiences in seeing UFOs on five different occasions. Some of the experiences were not pleasant. What are the Ley lines? Why does science pretend to know so much when in fact they know very little because they deny so much? Why? Because they leave out the supernatural and the fact there are many other
