The Documentary History of Judaism and Its Recent Interpreters Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis

[Inner-Midrashic Introductions and Their Influence on Introductions to Medieval Rabbinic Bible Commentaries](#) Michel G. Distefano, 2009-02-26 The opening sections of some exegetical Midrashim deal with the same type of material that is found in introductions to medieval rabbinic Bible commentaries The application of Goldberg's form analysis to these sections reveals the new form Inner Midrashic Introduction IMI as a thematic discourse on introductory issues to biblical books By its very nature the IMI is

embedded within the comments on the first biblical verse 1 1 Further analysis of medieval rabbinic Bible commentary introductions in terms of their formal thematic and material characteristics reveals that a high degree of continuity exists between them and the IMIs including another newly discovered form the Inner Commentary Introduction These new discoveries challenge the current view that traces the origin of Bible introduction in Judaism exclusively to non Jewish models They also point to another important link between the Midrashim and the commentaries i e the decomposition of the functional form midrash in the new discursive context of the commentaries Finally the form analysis demonstrates how larger discourses are formed in the exegetical Midrashim Three Questions of Formative Judaism Jacob

Neusner,2021-10-01 The academic study of Judaism requires a systematic inquiry into the history literature and religion and eventually the theology as revealed in the historical documents themselves Under this premise Three Questions of Formative Judaism encounters the canonical writings of Judaism in the context of their creation at a certain time and place How something is said thus becomes as important as what is said Bringing nearly fifty years of research to bear on these fundamental questions Jacob Neusner challenges his readers to face the difficult often unasked or neglected questions about the nature background and purposes of Rabbinic Judaism and rewards them with an enriched understanding and a stronger foundation for tackling the even more elusive questions concerning the theology of formative Judaism This publication has also been published in paperback please click here for details **American Jewish Year Book 2020** Arnold Dashefsky,Ira M. Sheskin,2022-01-01 The American Jewish Year Book which spans three different centuries is the annual record of the North American Jewish communities and provides insight into their major trends Part I of the current volume contains the lead article Chapter 1 Pastrami Verklempt and Tshoot spa Non Jews Use of Jewish Language in the US by Sarah Bunin Benor Following this chapter are three on domestic and international events which analyze the year s events as they affect American Jewish communal and political affairs Three chapters analyze the demography and geography of the US Canada and world Jewish populations Part II provides lists of Jewish institutions including federations community centers social service agencies national organizations synagogues Hillels camps museums and Israeli consulates The final chapters present national and local Jewish periodicals and broadcast media academic resources including Jewish Studies programs books journals articles websites and research libraries and lists of major events in the past year Jewish honorees and obituaries While written mostly by academics this volume conveys an accessible style making it of interest to public officials professional and lay leaders in the Jewish community as well as the general public and academic researchers The American Jewish Year Book has been a key resource for social scientists exploring comparative and historical data on Jewish population patterns No less important the Year Book serves organization leaders and policy makers as the source for valuable data on Jewish communities and as a basis for planning Serious evidence based articles regularly appear in the Year Book that focus on analyses and reviews of critical issues facing American Jews and their communities which are indispensable for scholars

and community leaders Calvin Goldscheider Professor Emeritus of Sociology and Ungerleider Professor Emeritus of Judaic Studies Brown University They have done it again The American Jewish Year Book has produced yet another edition to add to its distinguished tradition of providing facts figures and analyses of contemporary life in North America Its well researched and easily accessible essays offer the most up to date scrutiny of topics and challenges of importance to American Jewish life to the American scene of which it is a part and to world Jewry Whether one is an academic or professional member of the Jewish community or just an interested reader of all things Jewish there is not another more impressive and informative reading than the American Jewish Year Book Debra Renee Kaufman Professor Emerita and Matthews Distinguished University Professor Northeastern University **Serials in the British Library** ,2001 Historical Consciousness, Haskalah, and Nationalism among the Karaites of Eastern Europe Golda Akhiezer,2017-12-18 The present study is the first of its kind to deal with Eastern European Karaite historical thought It focuses on the social functions of Karaite historical narratives concerning the rise of Karaism from the Middle Ages to the nineteenth century The book also deals with the image of Karaism created by Protestants and with the perception of Karaism by some leaders of the Haskalah movement especially the scholars of Hokhmat Israel In both cases Karaism was seen as an orientalist phenomenon whereby the enlightened European scholars romanticized the indigenous people while the Karaites themselves adopted this romantic images incorporating it into their own national discourse Finally the book sheds new light on several conventional notions that shaped the study of Karaism from the nineteenth century **Deviancy in Early Rabbinic Literature** Simcha Fishbane,2007-05-28 Deviancy in Early Rabbinic Literature deals with the status of those groups and individuals who for various reasons appear to have no place in mainstream Rabbinic Jewish society or may be perceived by that society as posing a threat to its norms and to its very existence The book examines the thoughts and attitudes of the Rabbis set forth in various sections of the Mishnah Tosefta and Talmud Deviant groups studied include witches prostitutes Gentiles bastards Nazirites soldiers Kutites the disabled and the menstruous woman Social anthropological methodologies are used to provide a unique perspective on the implicit message of the redactors of these Rabbinic texts and to make these important texts equally accessible to both scholars and laymen interested in acquiring a deeper understanding of these important issues

Cultures of the Jews, Volume 1 David Biale,2006-01-10 Scattered over much of the world throughout most of their history are the Jews one people or many How do they resemble and how do they differ from Jews in other places and times What have their relationships been to the cultures of their neighbors To address these and similar questions some of the finest scholars of our day have contributed their insights to Cultures of the Jews a winner of the National Jewish Book Award upon its hardcover publication in 2002 Constructing their essays around specific cultural artifacts that were created in the period and locale under study the contributors describe the cultural interactions among different Jews from rabbis and scholars to non elite groups including women as well as between Jews and the surrounding non Jewish world What they

conclude is that although Jews have always had their own autonomous traditions Jewish identity cannot be considered the fixed product of either ancient ethnic or religious origins Rather it has shifted and assumed new forms in response to the cultural environment in which the Jews have lived Mediterranean Origins the first volume in Cultures of the Jews describes the concept of the People or Nation of Israel that emerges in the Hebrew Bible and the culture of the Israelites in relation to that of neighboring Canaanite groups It also discusses Jewish cultures in Babylonia in Palestine during the Greco Roman and Byzantine periods and in Arabia during the formative years of Islam *The Review of Rabbinic Judaism* Alan

Avery-Peck,2005-07 The Review of Rabbinic Judaism the first and only annual to focus upon Rabbinic Judaism in particular will publish principal articles essays on method and criticism systematic debates Auseinandersetzungen occasional notes long book reviews reviews of issues of scholarly journals assessments of textbooks and instructional materials and other media of academic discourse scholarly and educational alike The Review fills the gap in the study of Judaism which is left by the prevailing division of Rabbinic Judaism among the standard historical periods ancient medieval modern that in fact do not apply and by the common treatment of the Judaism in bits and pieces philosophy mysticism law homiletics institutional history for example No annual in Jewish studies focuses upon the study of religion let alone upon the single most important Judaism of all time **Restored, Rescued, and Redeemed by Jesus** Amir M. Dinkha,2021-09-02 Minor characters both

male and female heavily populate the fourfold Gospel of Matthew Mark Luke and John They all come from different socioeconomic strata of society Some are distinguished by name while most remain anonymous Some are taciturn while others are loquacious A few are wealthy while the majority are poor This book examines seven pericopae of different minor characters who appear suddenly in different settings and circumstances interact with Jesus briefly and then vanish quickly leaving behind historical memories preserved by the Gospel evangelists as windows into Jesus identity and his multifaceted charismatic ministry of compassion and redemption within the context of first century Judaism The Annual of Rabbinic Judaism ,1998 American Jewish Year Book 2017 Arnold Dashefsky,Ira M. Apothaker,2003-07-16 Sifra is the earliest extant rabbinic commentary on the book of Leviticus On a basic level Sifra presents and validates rabbinic law but this was done by creating a link between a proposition halakhic or not and a scriptural passage Scholars in the last few decades including Neusner and Stemmerger have debated Sifra s relationship to Mishnah Tosefta Howard Apothaker demonstrates that the set of rules in Dibur deSinai on topics shared with Mishnah Tosefta can be understood as an independent body of law They share a common ancestor but represent different expressions of a similar worldview and with variant purposes The framers of Sifra sought as their main objective to validate the essentiality or non superfluity of every word of Scripture Apothaker s analysis of the exegetical and rhetorical characteristics of Sifra in Sifra Dibur deSinai Rhetorical Formulae Literary Structures and Legal Traditions builds on his translation of and commentary on the section of Dibur deSinai which covers Leviticus 25-27 Analysis of Sifra s highly formalized rhetoric yields insight concerning the general purpose s for which the framers created the work **Ancient Synagogue Seating Capacities** Chad S. Spigel,2012 Revised and expanded thesis Ph D Duke University Durham NC 2008 *Between Alexandria and Jerusalem* Arkady Kovelman,2005-07-01 Between Alexandria and Jerusalem examines the dynamics of Hellenistic and Jewish cultures It begins by looking at the changes in mentality as reflected in papyri of Roman Egypt the birth of a qualified audience looking for teachers and preachers and requiring a new culture This same phenomenon emerged in Rabbinic society Rabbinic literature was different not only from the Bible but from Alexandrian exegesis as well However Alexandrian exegesis paved the way for rabbinic Midrash The book defies the understanding of culture as a combination of various petrified patterns Jewish and Hellenic It also challenges the idea of separate Jewish cultures Rather it endeavors to trace tremendous cultural changes It was exactly these changes that connected one period to another one literature to another and thus embodied continuity and unity of culture History of New Testament Research, Vol. 2 William Baird,2002-11-01 Stressing the historical and theological significance of pivotal figures and movements William Baird guides the reader through intriguing developments and critical interpretation of the New Testament from its beginnings in Deism through the watershed of the Tübingen school Familiar figures appear in a new light and important previously forgotten stages of the journey emerge Baird gives attention to the biographical and cultural setting of persons and approaches affording both beginning student and seasoned scholar an authoritative account that is useful for orientation as well as research Altruism in World Religions Suzanne Neusner,Bruce Chilton,2005-11-08 In 1830 philosopher Auguste Comte coined the term altruism to provide a general definition for the act of selflessly caring for others But does this modern conception of sacrificing one s own interests for the well being of others apply to the charitable behaviors encouraged by all world religions In Altruism in World Religions prominent scholars from an array of religious perspectives probe the definition of altruism to determine whether it is a category that serves to advance the study of religion Exploring a range of philosophical and religious thought from Greco Roman philia to Judaism Christianity and Islam from Hinduism in India to

Buddhism and the religions of China and Japan the authors find that altruism becomes problematic when applied to religious studies because it is in fact a concept absent from religion Chapters on Judaism Christianity and Islam reveal that followers of these religions cannot genuinely perform self sacrificing acts because God has promised to reward every good deed Moreover the separation between the self and the other that self sacrifice necessarily implies runs counter to Buddhist thought which makes no such distinction By challenging our assumptions about the act of self sacrifice as it relates to religious teachings the authors have shown altruism to be more of a secular than religious notion At the same time their findings highlight how charitable acts operate with the values and structures of the religions studied [Index to Jewish Periodicals](#) ,2004 An author and subject index to selected and American Anglo Jewish journals of general and scholarly interests *Hebrew Union College Annual Volume 90 (2019)* Hebrew Union College Press,2020-07-31 Hebrew Union College Annual is the flagship journal of Hebrew Union College Press and the primary face of Hebrew Union College Jewish Institute of Religion to the academic world From its inception in 1924 its goal has been to cultivate Jewish learning and facilitate the dissemination of cutting edge scholarship across the spectrum of Jewish Studies including Bible Rabbis Language and Literature History Philosophy and Religion It was in January 1919 that a new quarterly journal first appeared on the American intellectual scene the Journal of Jewish Lore and Philosophy was the first incarnation of what would later become the Hebrew Union College Annual David Neumark Professor of Philosophy at Hebrew Union College conceived his journal as a clearinghouse for Jewish scholarship and so the Hebrew Union College Annual remains today With a history spanning nearly a century it stands as a chronicle of Jewish scholarship through the twentieth century and into the twenty first
