The Anonymous Disciple Gerard E. Goggins, 1995-08 The story of Alcoholics Anonymous featuring Father Jim Collins an alcoholic Jesuit priest After a string of unsuccessful attempts at a cure he finally joins AA is cured and cures hundreds of people in turn By the author of Half Wits John as Storyteller Mark W. G. Stibbe, 1994-12-08 A widely acclaimed study which suggests a new holistic approach to the gospel literature The Testimony of the Beloved Disciple Richard Bauckham, 2007-11 A leading New Testament scholar explores key issues in the Gospel of John The Strange Gospel James L. Resseguie, 2021-10-18 In this literary analysis of the Gospel of John Resseguie examines rhetoric setting character and plot to uncover the Gospel's unique point of view He shows the usefulness of the concepts of defamiliarization and point of view for understanding how the narrator makes the familiar seem strange A material familiar point of view that is voiced by the dominant culture is compared with a defamiliarized strange point of view that is expressed by Jesus and the disenfranchised Through close readings of narrative texts the author develops and elaborates the theological perspective of John which emerges in the clash of differing points of view The introduction defines objective and subjective point of view and shows the value of the works of Boris Uspensky and Susan Sniader Lanser for understanding the Gospel of John In chapter one irony misunderstandings and double entendres are shown to be important rhetorical tools in the Gospel s attempt to make the familiar seem strange Chapter two discusses point of view as it is expressed in architectural settings sheepfold garden courtyard praetorium well temple and tomb and in topographical settings sea mountain Chapter three highlights the distinct points of view of Jesus Nicodemus religious authorities the world the royal official the man at the pool the man born blind Mary Magdalene Simon Peter the beloved disciple and Judas Chapter four discusses the point of view that emerges from an analysis of the plot The final chapter is a summary of the narrative s singular point of view This work is a suitable introduction to a literary analysis of the Gospel of John It makes an important contribution to narrative criticism on the Fourth Gospel in particular and to our understanding of defamiliarization and point of view in general The book confronts head on habitualized and familiar ways of thinking in the ancient world and today John Edward W Klink III,2017-01-10 Concentrate on the biblical author's message as it unfolds Designed to assist the pastor and Bible teacher in conveying the significance of God's Word the Zondervan Exegetical Commentary on the New Testament series treats the literary context and structure of every passage of the New Testament book in the original Greek With a unique layout designed to help you comprehend the form and flow of each passage the ZECNT unpacks The key message The author's original translation An exegetical outline Verse by verse commentary Theology in application While primarily designed for those with a basic knowledge of biblical Greek all who strive to understand and teach the New Testament will benefit from the depth format and scholarship of these volumes The Gospel of Mary Esther De Boer, 2005-06-20 The success of Dan Brown s Da Vinci Code has raised new interest in Mary Magdalene and in the Gospel of Mary Here the author examines Mary Magdalene s

influence on the beginnings of Christianity and asks what was her impact and her message And furthermore what became of her and her ideas Esther de Boer studies the Gospel of Mary the only Gospel to be named after a woman to discover what it reveals about Mary Magdalene and to determine the origin of its portrayal She argues that the Gospel of Mary is not a Gnostic writing but is more closely related to the writings of Philo the letters of Paul and the Gospel of John She demonstrates that esteem of Mary Magdalene did not just belong to the Gnostic tradition but to a broader Christian context In order to determine this context the study identifies the different portrayals of Mary Magdalene in the New Testament analyses their concepts of discipleship and their views on women and investigates their historical reality Esther de Boer concludes that the portrayal of Mary Magdalene in the Gospel of Mary is close to that in the Gospel of John and investigates the possibility that she is concealed in the Johannine disciple loved by Jesus **John 1-6** Martinus C. de Boer, 2024-12-12 In this ICC Martin de Boer provides an introduction and commentary on chapters 1 6 of John s Gospel de Boer sets out to interpret the Gospel in the historical context in which it was written and first read and to explain it both historically and theologically Taking his primary bearings from the seminal work of Raymond E Brown and J L Martyn de Boer applies and advances their approach through each section of his commentary whilst also engaging with the latest scholarship alternative viewpoints and critiques of the Brown Martyn approach As such de Boer takes very seriously the view that John s Gospel was written for a particular community and that the composition of the text as we know it took place over an extended period of time Examination of the historical realities of this community is a hallmark of this commentary including the notion that as members of the community women may have played a role in the Gospel's composition **Stories of the Babylonian** Talmud Jeffrey L. Rubenstein, 2010-07-12 Jeffrey L Rubenstein continues his grand exploration of the ancient rabbinic tradition of the Talmudic sages offering deep and complex analysis of eight stories from the Babylonian Talmud to reconstruct the cultural and religious world of the Babylonian rabbinic academy Rubenstein combines a close textual and literary examination of each story with a careful comparison to earlier versions from other rabbinic compilations. This unique approach provides insight not only into the meaning and content of the current forms of the stories but also into how redactors reworked those earlier versions to address contemporary moral and religious issues Rubenstein's analysis uncovers the literary methods used to compose the Talmud and sheds light on the cultural and theological perspectives of the Stammaim the anonymous editor redactors of the Babylonian Talmud Rubenstein also uses these stories as a window into understanding more broadly the culture of the late Babylonian rabbinic academy a hierarchically organized and competitive institution where sages studied the Torah Several of the stories Rubenstein studies here describe the dynamics of life in the academy master disciple relationships collegiality and rivalry and the struggle for leadership positions Others elucidate the worldview of the Stammaim including their perspectives on astrology theodicy and revelation The third installment of Rubenstein's trilogy of works on the subject Stories of the Babylonian Talmud is essential reading for all students of the

results important historical surveys and a translation by Wilfrid Hodges of a key work of arabic logic **Truth on Trial** Andrew T. Lincoln, 2019-09-25 Religious truth has always been in dispute but there are certain times and places in which the debate has been more intense One such period was the first century CE when the rapid spread of Christianity with its claims about Jesus produced considerable ferment The Gospel of John written late in that century presents that dispute with greater clarity than any other document of the time John presents a Jesus who claims not only to tell the truth but also to be the truth And yet as the Roman magistrate asks Jesus in John's gospel what is truth Two millennia later in the Western world pluralism and postmodernism radically challenge traditional notions of truth Is there any truth beyond the formal logic of merely analytical propositions And if there is do humans have any way of knowing it Many who have a postmodern perspective deny that either rationality or imagination can give us access to the truth Instead they adopt a throughgoing incredulity toward metanarratives Truth is again on trial Being Disciples of Jesus Stephen J. Binz, 2010-06 The 12 disciples who followed Jesus offer us wonderful lessons on what it means to be modern day disciples of Jesus but we also gain great insight into the cost of discipleship by looking at Jesus mother Mary and Mary Magdalene In this Bible study we follow the 12 disciples and the two Marys through the Gospels so that we can make their way of discipleship our own way of discipleship A Guided Discovery of the Bible The Bible invites us to explore God's word and reflect on how we might respond to it To do this we need guidance and the right tools for discovery The Six Weeks with the Bible series of Bible discussion guides offers both in a concise six week format Whether focusing on a specific biblical book or exploring a theme that runs throughout the Bible these practical guides in this series provide meaningful insights that explain Scripture while helping readers make connections to their own lives Each guide is faithful to Church teaching and is guided by sound biblical scholarship presents the insights of Church fathers and saints includes guestions for discussion and reflection delivers information in a reader friendly format gives suggestions for prayer that help readers respond to God's word appeals to beginners as well as to advanced students of the Bible By reading Scripture reflecting on its deeper meanings and incorporating it into our daily life we can grow not only in our understanding of God's word but also in our relationship with God Alchemy of Christ: The Book of Revelations LaRoya, 2017-07-10 It has been a long tradition among the Hebrews to use the pesher dream interpretation code which had encoded messages regarding two levels of information written within a story One level was written as an allegory that told a message about morality The other level was written about esoteric instruction and political events which mirrored inner growth Each of the 22 chapters are inspired by the 22 Hebrew alphabet letters In this book The Alchemy of Christ The Book of Revelation I give a commentary on the Book of Revelations Apocalypse means revealing and it is the revealing of the Christ within The final battle of Armageddon takes place within us This is an inner war that will transform us and bring us back to recovery to the state of Christ Consciousness The political struggles within the world mirror the transformation of the individual Just as we recover the earth as a whole will recover as well leading to an

enlightened Civilization James and Paul V. George Shillington, 2015 Here V George Shillington seeks to understand both James and Paul as Jews engaged in different but complementary missions and concludes that the tension between those missions indicates a conflict between different politics of identity Provided by publisher Gospel of Glory Richard Bauckham, 2015-08-11 Throughout Christian history the Gospel of John's distinctive way of presenting the life works teachings death and resurrection of Jesus have earned it labels such as the spiritual Gospel and the maverick Gospel It has been seen as the most theological of the four canonical Gospels In this volume Richard Bauckham a leading biblical scholar and a bestselling author in the academy illuminates main theological themes of the Gospel of John Bauckham provides insightful analysis of key texts covering topics such as divine and human community God's glory the cross and the resurrection and the sacraments This work will serve as an ideal supplemental text for professors and students in a course on John or the four Gospels It will also be of interest to New Testament scholars and theologians The Disciples in the Fourth Gospel Nicolas Farelly, 2010 Revised version of the author's thesis doctoral University of Gloucestershire 2009 Studies 1975-2017 Francis J. Moloney, 2017-03-13 The voice of Francis J Moloney has been heard in Johannine studies for many decades This volume gathers shorter journal articles from a publishing career that began in 1975 placing them together with new studies that appear for this first time and thus complementing Moloney's already well known commentary and scholarly monographs on the Fourth Gospel The author's work has encompassed all areas of Johannine scholarship the world that produced and first received the Fourth Gospel its theology and Christology and critical analysis of much discussed passages Well known for his extensive use of narrative and reader response criticism Francis J Moloney has in more recent years developed an interpretation of the gospel which suggests that the author's of this narrative regarded their work as the completion of scripture This unique collection therefore not only provides the past publications of a significant Johannine scholar but also reflects the development of Johannine scholarship from 1975 until today **Following the Lamb** Keith T. Marriner, 2016-01-11 Jesus parting words to his followers were for them to Go therefore and make disciples of all nations Matt 28 19 This being the case shouldn t we be concerned with gaining a full understanding of discipleship from the entire New Testament corpus Many scholars recognize that the theme of discipleship is found throughout the New Testament even in Revelation with all of its symbolism and bizarre imagery But how does it do this The focus of this study through the use of content analysis methodology is to demonstrate that the theme of discipleship is not only found in the Apocalypse but is also exceedingly relevant for Christians today In many parts of the world Jesus disciples are facing opposition and persecution for their testimony to Jesus Christ It would do Christians well to read the book of Revelation once again As they read it this time through the eyes of the oppressed the content of the book will prove extremely valuable to aid disciples of Jesus in their efforts to follow the Lamb wherever he goes Rev 14 4 no matter what the cost
