## **The Antimasonic Excitement:**

**The Antimasonic Party** Charles McCarthy, 1903      **The Anti-Masonic Excitement (1827-1833).** Ossian Herbert Lang, 1920      The Anti-masonic Review, and Magazine , 1828      The Anti-masonic Review and Magazine Henry Dana Ward, 1828      **The Anti-masonic Review** Henry Dana Ward, 1828      **The Anti-Masonic Party in the United States** William Preston Vaughn, 2021-10-21 Here for the first time in more than eighty years is a detailed study of political Antimasonry on the national state and local levels based on a survey of existing sources The Antimasonic party whose avowed goal was the destruction of the Masonic Lodge and other secret societies was the first influential third party in the United States and introduced the device of the national presidential nominating convention in 1831 Vaughn focuses on the celebrated Morgan Affair of 1826 the alleged murder of a former Mason who exposed the fraternity's secrets Thurlow Weed quickly transformed the crusading spirit aroused by this incident into an anti Jackson party in New York From New York the party soon spread through the Northeast To achieve success the Antimasons in most states had to form alliances with the major parties thus becoming the flexible minority After William Wirt's defeat by Andrew Jackson in the election of 1832 the party waned Where it had been strong Antimasonry became a reform minded anti Clay faction of the new Whig party and helped to secure the presidential nominations of William Henry Harrison in 1836 and 1840 Vaughn concludes that although in many ways the Antimasonic Crusade was finally beneficial to the Masons it was not until the 1850s that the fraternity regained its strength and influence      *William Morgan, Or, Political Anti-Masonry* Robert Morris, 1884      **Boston Masonic Mirror** , 1830      *Equal Rites* Clyde R. Forsberg (Jr.), 2004 Both the Prophet Joseph Smith and his Book of Mormon have been characterized as ardently indeed evangelically anti Masonic Yet in this sweeping social cultural and religious history of nineteenth century Mormonism and its milieu Clyde Forsberg argues that masonry like evangelical Christianity was an essential component of Smith's vision Smith's ability to imaginatively conjoin the two into a powerful and evocative defense of Christian or Primitive Freemasonry was Forsberg shows more than anything else responsible for the meteoric rise of Mormonism in the nineteenth century This was to have significant repercussions for the development of Mormonism particularly in the articulation of specifically Mormon gender roles Mormonism's unique contribution to the Masonic tradition was its inclusion of women as active and equal participants in Masonic rituals Early Mormon dreams of empire in the Book of Mormon were motivated by a strong desire to end social and racial discord lest the country fall into the grips of civil war Forsberg demonstrates that by seeking to bring women into previously male exclusive ceremonies Mormonism offered an alternative to the male dominated sphere of the Master Mason By taking a median and mediating position between Masonry and Evangelicism Mormonism positioned itself as a religion of the people going on to become a world religion But the original intent of the Book of Mormon gave way as Mormonism moved west and the temple and polygamy indeed the quest for empire became more prevalent The murder of Smith by Masonic vigilantes and the move to Utah coincided with a

new imperialism and a new polygamy Forsberg argues that Masonic artifacts from Smith's life reveal important clues to the precise nature of his early Masonic thought that include no less than a vision of redemption and racial concord Annual Report of the American Historical Association American Historical Association,1903 **Freemason's Monthly** ,1870

**Pioneering in Masonry** Lucien V. Rule,1922 **Catalogue of the Library of the Grand Lodge of Iowa, June I, 1873** Iowa Masonic Library,1873 **Catalogue of the Library** Freemasons. Iowa. Grand Lodge,Theodore Sutton Parvin,1873 The Papers of Henry Clay Henry Clay,2014-10-17 Returning to Kentucky in the spring of 1829 after four years as secretary of state in the administration of John Quincy Adams Henry Clay quickly regained the political dominance at home that would carry him to the U S Senate in 1831 Assuming leadership of the anti Jackson forces Senator Clay in 1832 mounted a spirited campaign for the presidency advocating recharter of the national bank high protective tariffs and internal improvements and alleging the administrative incompetence of Jackson and his cronies Clay's defeat by the popular military hero was probably foreordained but he emerged with sufficient national prestige to play the leading role in mediation of the nullification crisis of December 1832 March 1833 The battle over the constitutionality of the protective tariff during which the words secession invasion and civil war were freely used pitted Jackson and the power of the federal government against the states rights politicians of South Carolina Clay's masterful legislative compromise of 1833 defused a tense situation and brought him national applause as savior of the Union Continuing his efforts to form a political coalition strong enough to defeat the Jacksonians Clay was successful in a Senate resolution to censure the president for unconstitutional exercise of power in removing government deposits from the Bank of the United States But as the election of 1836 drew near it became evident that the emerging coalition could not defeat Democrat Martin Van Buren Jackson's hand picked candidate as the Reign of Jackson drew to a close Clay could only view the national scene with dismay Publication of this book was assisted by a grant from the National Endowment for the Humanities *The American Historical Review* John Franklin Jameson, Henry Eldridge Bourne, Robert Livingston Schuyler,1906 American Historical Review is the oldest scholarly journal of history in the United States and the largest in the world Published by the American Historical Association it covers all areas of historical research **Columbia University Studies in the Social Sciences** ,1918 **Studies in History, Economics and Public Law** ,1918 *New England and the Bavarian Illuminati* Vernon Stauffer,1918 **Columbia Studies in the Social Sciences** ,1919
