in the belief that the Hale Bopp comet signaled the arrival of a spaceship that would transport them to a higher plane of existence What makes cult leaders so compelling is their often unfathomable power over their adherents Why do people kill others or themselves for a questionable set of beliefs Killer Cults tells the stories behind both famous and unfamiliar cults and the people behind them Across a series of profiles we learn the jaw dropping truth behind some of the most mystifying and deadly cults and their leaders all of whom led their followers down a dark murderous path "The" Old-northern Runic Monuments of Scandinavia and England George Stephens,Sven Söderberg,1867 **Current Religious Thought** ,1902
