most important descriptions of the Turks found in medieval Arabic texts into English this book aims at delineating the coming of the Turkic people in the eleventh century their military successes in Iran and Iraq and the emergence of the sultanate The book introduces the reader to the history of the Islamic Caliphate and the Turkic people This introduction is followed by annotated translated sources which illuminate the view of the Eurasian steppes in Muslim Arabic geographical writing from the pre Salj q period the self image and ideology of the victorious Salj qs and their fundamental claim to legitimacy and the conventional narrative of the coming of the Salj qs in later Arabic historiography Illustrating the variety of sources available on the history of Turkic tribes in the Eurasian steppes and in central Islamic lands ranging from geographical writing to chronicles to mythological legends this book will be an essential resource for students and scholars with an interest in Turks and image History and Middle East Studies *A Guide to the Phantom Dark Age* Emmet Scott,2014-03-01 Scott confronts conventional historians and looks at the evidence archaeological and textual for the proposition that three centuries roughly between 615 and 915 never existed and are phantom years The author shows in detail how no archaeology exists for these three centuries and that the material remains of the seventh century closely resemble those of the tenth and lie directly beneath them This is the first book on this topic in the English language though Heribert Illig s books on the same topic *Das erfundene Mittelalter* and *Wer hat an der Uhr gedreht* have been best sellers in German speaking Europe *The Archaeology of the Arabian Gulf* Michael Rice,2002-03-11 The archaeological remains in the Gulf area are astounding and still relatively unexplored Michael Rice has produced the first up to date book which encompasses all the recent work in the area He shows that the Gulf has been a major channel of commerce for millenia and that its ancient culture was rich and complex to be counted with its great contemporaries in Sumer Egypt and south west Persia *Virtuous Women in Mythology and Holy Books* Mona Borhan Ghazal,2013-03 I willingly present this book to every person capable of understanding the divine words sent to people especially the groups of grown up men and women who are eager for gaining deeply rooted knowledge Those targeted people are the ones who have reached the age of twenty five and more Those are the people who seek the bases of knowledge that through its flashlights leads to enlightening the value of freeing the soul of humanity through validity and sincerity of worship This is to promote the value of humanity by its creator in the three holy books which are Koran Torah and the Bible They also highlight the value of woman by what is mentioned about her in the holy verses of God the glory in the Koran and the other holy books including the Bible and the Torah I present this with hard evidences that witness God s veneration for women so that we will succeed in facing the tyranny of the cultural slavery and in freeing women from the materialistic human slavery *Classical Poems by Arab Women* Abdullah al-Udhari,2017-01-16 Arab women poets have been around since the earliest of times yet their diwans collected poems were not given the same consideration as their male counterparts Spanning 5 000 years from the pre Islamic to the Andalusian periods *Classical Poems by Arab Women* presents rarely seen work by over fifty women writers for the first time From the sorrowful eulogies

of Khansa to the gleeful scorn of Wallada bint al Mustakfi this collection exclusively features the work of Arab women who boldly refused to be silenced The poems are excursions into their vibrant world whose humanity has been suppressed for centuries by religious and political bigotry With poems in both English and Arabic this remarkable anthology celebrates feminine wit and desire and shows the significant contribution Arab women made to the literary tradition Saladin, the Almohads and the Banū Ghāniya Amar S. Baadj, 2015-08-11 In Saladin the Almohads and the Ban Gh niya Amar Baadj gives us the first comprehensive modern study of a fascinating but little known episode in the history of the medieval Mediterranean This is the story of the long struggle between the Almohad caliphs of the Maghrib the Ban Gh niya of Majorca and the Ayyubids for dominance of North Africa The author makes use of important textual sources that have been ignored as well as new archaeological evidence to challenge some of the basic assumptions about the events in question He also successfully places these events in their wider temporal and geographical context for the first time African Intellectual Heritage Abu Shaddad Abarry, 1996 Organized by major themes such as creation stories and resistance to oppression this collection gathers works of imagination politics and history religion and culture from many societies and across recorded time Asante and Abarry marshal together ancient anonymous writers whose texts were originally written on stone and papyrus and the well known public figures of more recent times whose spoken and written words have shaped the intellectual history of the diaspora Within this remarkably wide ranging volume are such sources as prayers and praise songs from ancient Kemet and Ethiopia along with African American spirituals political commentary from C L R James Malcolm X Mary McLeod Bethune and Joseph Nyerere stirring calls for social justice from David Walker Abdias Nacimento Frantz Fanon and Martin Luther King Jr Featuring newly translated texts and documents published for the first time the volume also includes an African chronology a glossary and an extensive bibliography With this landmark book Asante and Abarry offer a major contribution to the ongoing debates on defining the African canon Author note Molefi Kete Asante is Professor and Chair of African American Studies at Temple University and author of several books including The Afrocentric Idea Temple and The Historical and Cultural Atlas of African Americans Abu S Abarry is Assistant Chair of African American Studies at Temple University

Meeting the Other in Norse Myth and Legend John McKinnell, 2005 Close examination of the significant theme of otherworldly encounters in Norse myth and legend including giantesses monsters and the Dead A particular recurring feature of Old Norse myths and legends is an encounter between creatures of This World gods and human beings and those of the Other giants giantesses dwarves prophetesses monsters and the dead Concentrating on cross gendered encounters this book analyses these meetings and the different motifs and situations they encompass from the consultation of a prophetess by a king or god to sexual liaisons and return from the dead It considers the evidence for their pre Christian origins discusses how far individual poets and prose writers were free to modify them and suggests that they survived in medieval Christian society because like folk tale they provide a non dogmatic way of resolving social and psychological problems connected with

growing up succession from one generation to the next sexual relationships and bereavement Islamic Myths and Memories Itzhak Weismann, Mark Sedgwick, Ulrika Mårtensson, 2016-05-06 Islamic myths and collective memory are very much alive in today's localized struggles for identity and are deployed in the ongoing construction of worldwide cultural networks This book brings the theoretical perspectives of myth making and collective memory to the study of Islam and globalization and to the study of the place of the mass media in the contemporary Islamic resurgence It explores the annulment of spatial and temporal distance by globalization and by the communications revolution underlying it and how this has affected the cherished myths and memories of the Muslim community It shows how contemporary Islamic thinkers and movements respond to the challenges of globalization by preserving reviving reshaping or transforming myths and memories

From Ancient Myth to Modern Healing Pamela Donleavy, Ann Shearer, 2008-06-30 This book is about the energy personified by the classical Greek goddess Themis who brought her divine and natural right order to gods and humans and who still presides over law courts as the figure of Justice In many Western countries today the growing dis ease in minds and bodies of individuals is often echoed in whole communities Rather than coming together they seem to split apart in anger and distress But themis energy is equally powerful and can work to bring together and to heal From the battle of the Titans and Olympians to the oracle at Delphi and the banquet of the gods the stories of the goddess weave through these chapters to illuminate how themis energy is at work today The authors explore psychological healing in individuals and relate this to new research in neurocardiology on the subtle interactions of body and mind They show how the international movement for restorative justice is drawing on the same healing tools to benefit victims and offenders alike And they evoke the extraordinary story of the South African Truth and Reconciliation Commission which shows the world how themis energy can help transform a ravaged society This book deepens understanding of the psychological urge towards healing and wholeness which is as much a part of human beings as the urge to destroy It offers exciting new insights into Jung's unique approach to the relationship between individual and collective psychology It will appeal to psychologists who work with individuals and groups to lawyers and others concerned with the failure of current criminal justice systems and to people involved in religious political and other groups that seek to build communities which can encompass and even celebrate diversity rather than rejecting it in fear African Myths and Beliefs Tony Allan, Fergus Fleming, Charles Phillips, 2011-12-15 Examines the myths and beliefs of Sub Saharan Africa
