Landau, 2015-07-24 This book first published in 1969 presents a comprehensive survey and analysis of the political behaviour of the Arabs in Israel covering the period from the founding of the State to the Six Day War in 1967 While the socio economic background is outlined the chief emphasis is on the political attitudes of this minority and its reactions to the modernization of political structures The main chapters deal with adaptation versus alienation cultural change and its reflection in politics political organizations voting behaviour in parliamentary local and trade union elections leadership and the foci of political activity Materials used for research included the Israeli press both in Arabic and Hebrew the literature produced by the Arabs in Israel official publications and private reports as well as interviews conducted with Arabs from all over the country The Legal Status Of The Arabs In Israel David Kretzmer, 2019-06-26 This study examines how the Israeli legal system copes with two major issues The first is the tension between the constitutional definition of Israel as both a Jewish state and a democracy committed to equal rights for all of its citizens The second issue is the delicate position of a national minority in a state that since its establishment has been involved in a bitter conflict with the Palestinian nation to which that minority belongs **Israel and the Arabs** Maxime Rodinson, 1982 Dynamics of the Arab-Israel Conflict Michael Brecher, 2017-01-20 This book comprises findings from the author's wide ranging research since 1948 on the unresolved Arab Israel protracted conflict Brecher reflects back on his detailed analysis of the UN Commission created in November 1947 and his near seven decades of research and publications on this complex protracted conflict continued since the first of nine Arab Israeli wars The book includes an analysis of the crucial early phase of the unresolved struggle for control of Jerusalem in 1948 49 and beyond based on extensive interviews with Israel's leaders and prominent Egyptian senior officials journalists and academics It addresses the many diverse attempts at conflict resolution including a peace plan to resolve the Arab Israel conflict of the author's own design It concludes with historical reflections about Israel's behavior domestically and externally in 1948 1949 and 2008 and beyond No other book on this protracted conflict contains so many important interviews with the first two generations of Israeli leaders and Egyptian officials and academics and no other author can speak from such a deep and prolonged engagement *The Arabs in Israel* Israel. Miśrad ha-ḥuts, 1961 Where is Palestine? Shannee Marks, 1984 **Postcolonial Theory and the Arab-Israel Conflict** Philip Carl Salzman, Donna Robinson Divine, 2021-04-26 Postcolonial theory is one of the main

frameworks for thinking about the world and acting to change the world Arising in academia and reshaping humanities and social sciences disciplines postcolonial theory argues that our ideas about foreigners the other particularly our negative ideas about them are determined not by a true will to understand but rather by our desire to conquer dominate and exploit them According to postcolonial theory the cause of poverty tyranny and misery in the world and of failed societies around the world is Euro American imperialism and colonialism Previously published as a special issue of Israel Affairs this work examines and challenges postcolonial theory In scholarly research based papers the specialist authors examine various facets of postcolonial theory and application First the theoretical assumption and formulations of postcolonial theory are scrutinized and found dubious Second the deleterious impact on academic disciplines of postcolonial theory is demonstrated Third the distorted postcolonial view of history its obsession with current events to the exclusion of the historical basis of events is exposed and corrected Fourth an examination of Middle Eastern culture challenges the assumption that these societies have been shaped entirely and victimized by Western intrusion Finally exploring the Arab Israel conflict the one sided case of postcolonial Arabism is explored and found to be faulty

Language Education Policy: The Arab Minority in Israel M. Amara, Abd Al-Rahman Mar'i, 2005-12-11 In this book we will explore in more detail some aspects of the Arab Jewish divide which raise fundamental questions regarding the place of the Arabs and Arab language education in the Jewish State More specifically the aim of this book is to describe and analyze language education in the Arab society in Israel from the establishment of the state in 1948 until today For this purpose internal processes which are embedded within the Arab population itself were examined such as the socio economic condition of the population the diglossic situation in the Arabic language and the wide use of Hebrew among Arabic speakers Furthermore the book also deals with external processes such as the policy of control and inspection of the Ministry of Education over the Arab education system in general and on language education in particular the dominance of Hebrew and the definition and perception of Israel as a Jewish State The influence of both internal and external processes on language education and learning achievements will also be extensively discussed

Canada's Foreign Policy and the Arab-Israel Conflict Kamaran M.K. Mondal, 2022-01-10 Using the historical and comparative approaches of study this book traces the roots of the Arab Israel conflict in general and the Palestine Israel conflict in particular as well as Canada's role in the thorny issue of the conflict and peace processes through multilateral fora and institutions It shows that the Canadian perception and policy while uniquely Canadian have operated within the broader Anglo American framework of support for a Jewish homeland and the two state theory The book argues that three significant factors have impacted Canada's outlook and actions Firstly Canada's perception and policy towards the Arab Israel conflict have been shaped by religio cultural and historical factors rather than by its acclaimed Liberal Internationalism Second growing economic and commercial interests after the 1973 Arab Israel War and its perceived national interest made it adopt a more nuanced and balanced approach towards the conflict Finally it argues that the elite perception the initiatives by

Lester Pearson and the presence of an active Jewish community have had a significant influence on Canadian perception towards the Arab Israel conflict

When and How the Arabs and Muslims Immigrated to the Land of Israel Rivka Shpak Lissak, 2021-04 The goal of the Palestinian national movement including the Palestinian Authority is to rewrite the history of the Land of Israel The Palestinian Arabs developed several agendas about the history of the country one claiming that they are the ancient population of the country they call Falastin Palestine and the Jews have no historical claim on that country Professor Shlomo Sand adopted one of their agendas and claims that the Romans never exiled the Jews 2 000 years ago and the Jews converted to Islam during the Arab Muslim occupation of the country 640 1099 He concludes that the Palestinians are the descendants of these Jews and the country belongs to them The historical facts however tell a different story This volume brings historical and archeological research on the ethnic religious composition of the population of the country from the Arab Muslim occupation until World War I The second volume will deal with the years 1918 1948 until the establishment of the State of Israel This series aims to disprove the thesis that the Arabs in Israel are the ancient population of the country and prove that most of them are descendants of immigrants who came to the country from Arab and Muslim lands in small numbers during a slow process taking hundreds of years Some were invited by the various occupation governments who wished to settle the unpopulated regions of the country Between the end of the 19th century and the start of World War I in 1914 the immigration became greater due to the economic opportunities and employment created by the Zionist movement Jewish investors and Christian organizations The economic development created much better opportunities compared with the situation in their home countries

The Arab-Israel Conflict and its Resolution: Selected Documents Moshe Hirsch, Ruth Lapidoth, 2023-11-27 There is an urgent need for a solution to the Arab Israel conflict but so far no comprehensive solution has been found The search for a solution must be based on knowledge of the facts and of the relevant documents There might be exist disagreement among the various parties on the facts and the documents may be subject to differing interpretations but it is indispensable that those who study the conflict and those who deal with it have the plain text of the basic documents readily available This collection includes a wide range of documents including inter alia texts of agreements of official documents of the League of Nations and of the United Nations of official proposals and of relevant national documents It covers a period of almost one hundred years but it focuses mainly on documents dating from recent decades The editors have put together an objective collection including about ninety of the main relevant texts irrespective of whose claim may find support in them This volume will be of help to scholars and to students to historians and to political scientists to experts in international law and international relations to journalists to politicians and to diplomats The availability of this collection may make it easier for the conflict to be studied and to be solved
