A Fiddle Pulled from the Throat of a Sparrow Noah Eli Gordon, 2007 Poetry In this winner of Poets & Writers ,2005 the 2006 Green Rose Prize You can fairly hear the pinging of the world and all its parts noises of earth's objects rubbing against each other and the spheres In this ebullient music find the translation of colors shapes space speech integrity destruction It s as if the world s most believable cape were thrown back and below we found not a sham of seasons but all the body s most dynamic possibilities Eleni Sikelianos **Pioneers in the Study of Motion** Susan Briante, 2007 Poetry Like lyric field notes from a worldwide anthropological journey Briante's poems scrutinize human and urban situations Amid a riot of signals cranes and circuitry from Mexico City to Antarctica the reader succumbs to a sense of non stop construction to the craven expansion of cities in the glistening fields In the chaos of sensory overload the poet still manages to detect droplets of pollen slip from anther to stamen to feel a stream running dry inside It s a work of shuddering velocity an ode a screed a lament a love song of pristine and inarticulate mornings Susan Briante's PIONEERS IN THE STUDY OF MOTION details the ravages of the world in a voracious struggle to savor its sweetness C D Wright In No One's Land Paige Ackerson-Kiely, 2007 Poetry Winner of the 2006 Sawtooth Poetry Prize Paige Ackerson Kiely's IN NO ONE S LAND stakes a claim on wilderness and most assuredly mannages to homestead there These are not the poems borne of quiet contemplation they are edgy and lurid painfully administering to the world of convenience stores diners one night stads daring to pick at the raw skin of being and to call it beauty From the starkness of glaciers to the empty refrigerator these poems rise from the most barren landscapes and manage to make of them fabled islands joyful joyful things D A Powell Song of a Living

**Room** Brigitte Byrd,2009 Poetry Invoking theorists philosophers and such poets as John Berryman and Lyn Hejinian the poems of Brigitte Byrd s third book ask the reader to follow a ribbon threaded among music movies poetics and an unlinear sense of time Its prose poems recount and deconstruct a relationship between two central characters experiencing this journey Like an authentic vision Like slipping into a Celtic knot Like a new perception of space Brigitte Byrd writes dense lovely provocative poems Their prose forms and often rational diction are an entrancing shell game showing and shifting and showing again the true passion and lyricism of her work In this way she illuminates the eternal struggle that our minds and our bodies and our hearts are always engaged in with each other and with themselves SONG OF A LIVING ROOM is a splendid collection Robert Olen Butler **Zone** Stephanie Strickland, 2008 Accompanying CD ROM has same title as book

**Sonnets to the Humans** T. Zachary Cotler, 2013 Poetry Winner of the 2012 Sawtooth Poetry Prize This is a wizard s handiwork SONNETS TO THE HUMANS stands as one unstoppered bottle for a host of genii lightning Nimrods angel demons AEnglisch as demotic ash as egg It s a brilliant intimate intricate careening calibrating strangely moving collection of 49 poems pieces introduced and linked by patches of the prose narration of a fictional poet who lived in the 21st century and bore the name of Vishvamitra Thus we embark in part on an old story but one regenerated here in ways unheralded unheard of It becomes a futuristic lover's lyrical lament and a recapitulation or enactment of the Babel tale even thus largely to restrict its scope can only be reductive it s a book with a very long half life Heather McHugh judge of the 2012 Sawtooth The Last 4 Things Kate Greenstreet, 2009 Poetry Includes DVD What happens when a person loses hope and Poetry Prize yet still has the urge to make a photograph or draw with a stick in the dirt Kate Greenstreet would like you to read this book as if you had found it left behind on the empty bus seat next to you a document not directly addressing the question Why do we make art but one that notices that one does make art despite conditions and that one would regardless THE LAST 4 THINGS comes with a DVD of two movies created by the author A poem is made by composition by putting things together and when you read this book your hands tingle THE LAST 4 THINGS brings craftsmanship to reverie it turns dreaming into meaningful work It is a serious approach to the grammar of our emotions and you do well to read it with your hands Thomas Basboll Dick of the Dead Rachel Loden, 2009 Poetry DICK OF THE DEAD is an investigation into American sexual and political consciousness and at its eccentric heart lies the undead and uneasy 37th president of the United States Richard M Nixon Also sifting the evidence or implicated in its findings are an experimental subject in a pink tutu a Finnish gravedigger an exiled Anglo Saxon poet and an industrious gang of fairies Loden's Nixon is never merely the consummate villain deplored by his critics nor the tragic visionary statesman acclaimed by his apologists He is nearly a force of nature throwing off his gravestone in the garden at Yorba Linda calling up his troops his family and even his black and white cocker spaniel he is ready to smash death by any means necessary to beat back a sea of pretenders and retake Washington by storm DICK OF THE DEAD is a trip through the underworld of the American psyche much funnier and ultimately much more serious than

any one book of poems has a right to be Knowledge, Forms, the Aviary Karla Kelsey, 2006 Poetry This book winner of the Sawtooth Poetry Prize takes flight from Plato's Theaetetus in which Socrates tells us that the mind works as an aviary particles of knowledge fly around like birds and the thinker plucks them down to use when he or she sees fit The bird becomes a metaphor for the action of the mind folding and unfolding into explosions and navigational patterns of flight Lyrical and thought provoking it is a masterful debut Kelsey writes what it is to know of what we become when the universe is seen in lights of its generation We are in this work in the midst of things and as Plato's Socrates has it the eye becomes filled with vision and now sees and becomes not vision but a seeing eye Carolyn Forche New & Selected Poems Charles O. Hartman, 2008 Poetry New poems join a selection from nearly 40 years of Hartman's groundbreaking computer and jazz influenced work Selections from five previous collections join thirty new poems giving ample evidence of Hartman's broad range and mastery Charles Hartman's NEW SELECTED POEMS will finally establish his rightful place as at least one of the best poets of his generation It takes a large collection to reveal the range depth intricacy and inventive playfulness of his very very fine sensibility Most of all I love his intelligence his refusal of sentimentality that finds an angle for the release of unexpected yet rich and complex feelings and his range of attitudes and situations matched by astonishing metrical inventiveness and resonance Songlines tune the travels This intelligence makes for a range that beggars most poets from elegant short dimeter poems to several sustained and complex long poems on topics ranging from becoming familiar with exotic places to establishing attitudes toward the ways new technologies affect possibilities for feeling and for thinking or for continuing to think that feeling matters Charles Altieri Legitimate Dangers Michael Dumanis, Cate Marvin, 2006 Definitive broadly representative anthology of poets born after 1960 If Not Metamorphic Brenda Iijima, 2010 Poetry IF NOT METAMORPHIC uses the long form frequently in choral antiphon to ask what kind of pressures exert change as in the title poem where war and human cruelty have turned even the kelp murderous and what exactly is changed sometimes words take on other forms before our eyes sometimes sentences try on new endings in shameless view and puns on popular culture poke through the deepest meditation These poems truncate and disrupt narrative borrowing now from the parataxis of renku now from the verse prose travelogue of haibun but do not foreclose the possiblity of ephiphany Iijima still envisions a Great Swan that holds within it creation and destruction Eureka Or death The book was Peter Gizzi s selection for runner up in the 2007 Sawtooth Poetry Prize contest The Happiness Experiment Lisa Fishman, 2007 Poetry Fishman s work marries Wordsworthian country life to modern complexity in lyrics celebrating love joy birth and wonder These lyrics carry the reader into a realm of immense immediate and surreal activity THE HAPPINESS EXPERIMENT is a dream version of what Whitman might have called a song of occupations Within Fishman's moving work of observation and recollection the world of ordinary things seems itself to think to mind itself things gather watch prepare betray forget explore give names or keep silent Throughout the poet's mercurial intelligence is alert to the play of echo and the surprises of memory in which the simplest

verbs reveal their capacity to haunt Her book s experiment is always linked to experience its happiness to hap or chance Kenneth Gross 100 Notes on Violence Julie Carr,2010 Product Description Carr winner of the 2009 Sawtooth Poetry Prize obsessively researches intimate terrorism looking everywhere from Whitman and Dickinson to lists of phobias and weapon store catalogs for answers Do they lie in statistics in statements by and about rapists and killers in the capacity for cruelty that the poet herself admits to This book is a dream document both of light and innocence babies and the urge to protect them and of giving in to a wrenching darkness where despair lies in the very fact that no single factor is to blame
