THE ART OF BEING YOU Moe Dalz,2022-10-02 It s obvious that sometimes the high rated percentages of happiness is brought to us by doing our own ways that s why we always need to breathe and figure out on how we can build a better version of our own selves A lot of things in life have got so many sadness bonded in more than happiness That s why it s very easy to fake a smile but it s comparatively hard to fake sorrow in reality because everyone needs and deserves to be happy Sometimes we may feel less like we need someone or something to cover up what we have been passing through or the things we encounter here and there but trust me None of them things matters We only need to be open in the eyes again and again every day when we see something is not right because we are not the first ones to face challenges and we are not special means anything can happen to us in any time and it can hurt us sometimes or make us happy This is more often depends on the personality and the attitude Trust me you need no one to make things happen I mean no one from inside but you You can keep your friends and family and you can be so happy with them but again when you think in a deep thoughts you will return to what I m saying here President Barrack Obama needed no one but himself on his ways of becoming the first black president of America originated from East Africa Kenya The same thing happened to all successful people who have made changes in some sort of fields like politics football basketball music mechanics computing etc It is clearly open that people who are surrounding you right now are nothings to you You give them respects and you are happy with them but they are completely nothing when it comes to you including your parents sometimes

The Art of Being You Bob Kilpatrick,Joel Kilpatrick,2010-12-21 I heard a well known Christian musician say at a concert that God was in the business of fixing broken people I went home and thought about that for a while and I came to

a different conclusion That different conclusion reached by singer songwriter Bob Kilpatrick has some interesting and exciting applications for rethinking what it means to be a Christian Rather than casting God in the usual role as architect and great mechanic of the universe Kilpatrick instead paints a portrait of God as an artist passionate visionary who considers humankind his masterpiece God doesn't see Christians as broken beings chugging along in a fixed up life He sees us as new creations whole complete and a stunning part of his creative process It's a powerful perception of God one that determines how much we understand and enjoy God which in turn affects the entire course of our lives We'll stop perceiving God based on what we lack what we need repaired and how weak we are and come to know God as a creator who sees each one of us as a work of beauty and value If we believe our relationship with God is one of artist masterpiece creative process then we have every reason to rejoice in every stage of that process

The Art of Being You offers every reason to believe that God is preparing us for an amazing heavenly display
