Bates,2011-03-23 Enameling on metal is not difficult It is an exacting art which demands careful attention to such details as cleaning application and firing but it cannot be called hard to do In my opinion a technical process such as enameling becomes as easy or hard to do as the one doing it makes it for himself If one proposes to be an artist he never considers such an ambiguous term but works with only one idea in mind that is to finish to his own satisfaction the present piece of work so that he may be released to start the next There can be no termination to art endeavor for especially after finishing an enamel there are always variations of color texture and motif which come to one's mind The process of making and firing an enamel therefore constitutes a truly creative activity The Art of Enameling on Porcelain Dorothea Warren O'Hara,1912 The Art of Enameling Mizi Otten,Käthe Berl,1950 **The Art of Enameling** Linda Darty,2006 Enamelling is the art of fusing glass onto metal to create colourful designs and is one of the most ancient art methods This guide covers basic instructions in the technique how to set up a studio and what equipment is needed and finishes with 12 projects to try The Art of Enameling Margaret Seeler,1969 **Enameling on Metal** Núria López-Ribalta,Eva Pascual i Miró,2010 back cover The ancient art of creating fired enamel on metal objects is enjoying renewed interest in today's arts and crafts world This book explains the basic techniques clearly and precisely combining text and illustrations to demonstrate several different metalworking processes Following a brief enlightening history of the art the authors discuss the nature and characteristics of glass based pigments which are the special types of enamel required for application to metal Subsequent chapters introduce readers to the materials and tools required for enameling on metal the preparation processes and the various working techniques that produce finished objects The book's final section presents step by step instructions for crafting several different enameled metal art objects all of which are the original creations of experienced metalwork artists front flap Enameling on Metal The Art and Craft of Enameling on Metal Explained Clearly and Precisely Núria López-Ribalta and Eva Pascual i Miró Enameling on metal is an ancient and revered art form and this book presents detailed instruction that is suitable for self teaching as well as for use in formal arts and crafts classes An opening chapter discusses and illustrates examples of enameled art objects created by medieval renaissance and modern artists Chapters that follow describe tools and materials and present detailed instruction in mastering the various techniques required to produce finished work Students are introduced to several

different enameling methods such as cloisonné and basse taille A final section presents step by step instructions for a series of projects that students can carry out to produce several different enameled metal objects which include jewelry wall hangings decorative boxes vases urns and sculptures back flap N ria L pez Ribalta has her own enameling studio and regularly exhibits her drawings paintings and enamel work in international exhibitions She has received numerous international awards for her enamel work including the Diploma of the Municipality at the International Biennale in Vilnius Lithuania and the Prize for Integration of Material in the Cloisonné Jewelry Contest in Japan She also teaches and writes extensively on the subject of enameling on metal Eva Pascual i Mir is an expert in antiques and specializes in Catalan furniture and Catalan and medieval decorative arts She has written extensively on these subjects and has documented artworks and coordinated exhibitions at several museums and cultural institutions in Catalonia
