Stigler George J.

The Economist As Preacher And Other Essays

George Joseph Stigler

The Economist As Preacher And Other Essays:

The Economist As Preacher, and Other Essays George J. Stigler, 1982 *"The" Economist as Preacher and Other Essays* George Joseph Stigler, 1982 The Economist as Preacher George L. Stigler, 1982 *Essays on Classical and Marxian Political Economy* Samuel Hollander, 2013-02-11

Samuel Hollander's work has been provoking debate for over four decades. This book brings together key contributions of recent years in addition to some brand new pieces. The essays are introduced by a Preface in which Hollander reflects on his past work and reactions to it. Highlights include two issues of particular current relevance. Conspicuous is an extensive chapter regarding Adam Smith's often neglected arguments for government intervention in the economy to correct market failures and his critical view of the business class as an anti-social force. Important economists considered in relation to Adam Smith's position on the role of the state include Jeremy Bentham and the Scottish Canadian John Rae. Similarly of high present-day interest is a re-examination of Karl Marx's theory of exploitation or the notion of profits as embezzlement demonstrating Marx's effective abandonment of this perspective in the case of the small active businessman as distinct from the major joint stock corporation. Other papers demonstrate the close intellectual relationship between David Ricardo and Thomas Robert Malthus, the extensive common ground between the British school and the French under the leadership of Jean Baptiste Say, the failure of a so-called anti-Ricardian opposition in Britain represented by Samuel Bailey and the denial of a sharp discontinuity between classical and later neo-classical economics. Finally, several biographical essays are included as well as an extension of the autobiographical account appearing in *Collected Essays II*.

Adam Smith as Theologian Paul Oslington, 2011-02-25. Adam Smith wrote in a Scotland where Calvinism, Continental natural law theory, Stoic philosophy and the Newtonian tradition of scientific natural theology were key to the intellectual lives of his contemporaries. But what impact did these ideas have on Smith's system? What was Smith's understanding of nature, divine providence and theodicy? How was the new discourse of political economy positioned in relation to moral philosophy and theology? In this volume, a team of distinguished contributors consider Smith's work in relation to its Scottish Enlightenment religious background and offer stimulating theological interpretations of his account of fallible human nature, his providential account of markets and his invisible hand metaphor.

Adam Smith as Theologian it is a pioneering study which will alter our view of Smith and open up new lines of thinking about contemporary economics.

The Palgrave Companion to Chicago Economics Robert A. Cord, 2023-01-01. The University of Chicago has been and continues to be one of the most important global centres for economics. With six chapters on themes in Chicago economics and 33 chapters on the lives and work of Chicago economists, this volume shows how economics became established at the University, how it produced some of the world's best known economists including Frank Knight, Milton Friedman and Robert Lucas, and how it remains a global force for the very best in teaching and research in economics. With original contributions from a stellar cast, this volume provides economists especially

those interested in macroeconomics and the history of economic thought with an in depth analysis of Chicago economics

The Elgar Companion to Law and Economics Jürgen G. Backhaus, 2005-01-01 Acclaim for the first edition Backhaus's book is a good companion Pablo Salvador Coderch Indret A most valuable collection of papers serving to provide the reader both with an overview of some key areas in law and economics and with a biographical introduction to the work of some important if also neglected sources of scholarship in the discipline Anthony I Ogus CBE University of Manchester UK This thoroughly updated and revised edition of a popular and authoritative reference work introduces the reader to the major concepts and leading contributors in the field of law and economics The Companion features accessible informative and provocative entries on all the significant issues and breaks new ground by bringing together widely dispersed yet theoretically congruent ideas Following a comprehensive introduction by the editor the renowned contributors look in detail at several critical areas including fundamentals of the law and economics approach private law and economics public law and economics labour law and economics regulation taxation and public enterprise dispute resolution different sources of the law economic analysis of a legal problem classical authors in law and economics Students and scholars interested in a comprehensive and rigorous overview of the field of law and economics will find this volume to be a unique and welcome resource The Companion will also have a broad appeal amongst industrial economists and historians of economic thought

Biographical Memoirs National Academy of Sciences, 1999-05-01 Biographic Memoirs Volume 76 contains the biographies of deceased members of the National Academy of Sciences and bibliographies of their published works Each biographical essay was written by a member of the Academy familiar with the professional career of the deceased For historical and bibliographical purposes these volumes are worth returning to time and again *The Political Theory of Conservative Economists* Conrad P. Waligorski, 2021-10-08 It's difficult to overstate the impact of conservative economics on American life The conservative thought of economists like Milton Friedman James Buchanan and Friedrich Hayek has provided the conceptual framework that undergirds nearly every aspect of current U S social economic policy Although a great deal has been written about the economic theories of these Nobel Prize winning economists this study is the first to examine the political theory that underlies conservative economics and its implications for public policy Long associated with the Chicago and public choice schools of thought Friedman Buchanan Hayek and others have consistently repudiated Keynesian principles They have steadfastly opposed social welfare policies and regulation of private enterprise championing instead the free market as a mechanism for ordering society In this book Conrad Waligorski analyzes the political content of the conservative economists' arguments In so doing he illuminates the political economic and philosophical ideas behind and justification for the laissez faire policy the reduced regulation intervention and welfare favored by conservative governments in the United States Canada and Britain

Embracing the Song of Phrase: An Emotional Symphony within **The Economist As Preacher And Other Essays**

In a world eaten by displays and the ceaseless chatter of instant communication, the melodic elegance and mental symphony developed by the published word usually fade into the back ground, eclipsed by the constant noise and interruptions that permeate our lives. Nevertheless, nestled within the pages of **The Economist As Preacher And Other Essays** a wonderful literary treasure brimming with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, that charming masterpiece conducts viewers on a psychological trip, well unraveling the hidden tunes and profound affect resonating within each carefully constructed phrase. Within the depths with this touching examination, we will explore the book is key harmonies, analyze its enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
