Rodolfo Contreras Tolosa **The Theosophist** ,1922 **Rosicrucian Fellowship Magazine** ,1915 *THE VOICE OF
THE SILENCE* Charles Leadbeater,Annie Besant, This book is merely a record of talks by Mr Charles W Leadbeater and
myself on three famous books books small in size but great in contents We both hope that they will prove useful to aspirants
and even to those above that stage since the talkers were older than the listeners and had more experience in the life of
discipleship The talks were not given at one place only we chatted to our friends at different times and places chiefly at
Adyar London and Sydney A vast quantity of notes were taken by the listeners All that were available of these were collected
and arranged They were then condensed and repetitions were eliminated Unhappily there were found to be very few notes on
The Voice of the Silence Fragment I so we have utilized notes made at a class held by our good colleague Mr Ernest Wood in
Sydney and incorporated these into Bishop Leadbeater s talks in that section No notes of my own talks on this book were
available though I have spoken much upon it those talks are not recoverable None of these talks have been published before
except some of Bishop Leadbeater s addresses to selected students on At the Feet of the Master A book entitled Talks on At
the Feet of the Master was published a few years ago containing imperfect reports of some of these talks of his That book will
not be reprinted the essential material in it finds its place here carefully condensed and edited May this book help some of
our younger brothers to understand more of these priceless teachings The more they are studied and lived the more will be
found in them Annie Besant [A commentary on The Voice of the Silence](#) Charles Webster Leadbeater,Annie

Of Theosophy** C. W. Leadbeater,1962 Theosophy is not only a basis of religion it is also a philosophy of life As such its main
teachings are reincarnation and the law of Karma Karma is the outcome of the collective life a law of ethical causation In the
past incarnation the ego had acquired certain faculties set in motion certain causes The effect of these causes and of causes
set in motion in previous incarnations and not yet exhausted are its Karma and determine the conditions into which the ego is
reborn Thus inequalities of natural gifts e g genius of temperament and of character are explained The law of progress is the
law of involution and evolution the returning of the Divine Spark into a unity with Spirit through various reincarnations which
are viewed as a process of purification Sin poverty and misery are the fruits of ignorance and are gradually removed as the
spirit in us becomes freed from earthly dross There is no heaven nor Hell Death is the passage from this state of life to
another There is an evolution behind and before with absolute certainty of final attainment for every human soul i e to be one
with the Absolute As man advances in this process his spirit becomes stronger and can develop latent powers not shown in
ordinary mortals This textbook is your portal to a new sight of life and religion
