The End Of Christendom:

The End of Christendom Malcolm Muggeridge,1980 Discusses the downfall of world dependent Christendom and the continuance of the everlasting kingdom of Jesus Christ Back cover *The End of Christendom and the Future of Christianity* Douglas John Hall,2002-06-06 The thesis of this book is that the Christian movement can indeed have a significant future one that will be faithful to the original vision of the movement and of immense service to our beleaguered world But to have that future Christians will have to stop trying to have the kind of future that sixteen centuries of official Christianity in the Western world has conditioned them to covet Douglas John Hall examines the decline and fall of Christendom and looks at ecclesiastical responses to the end of Christendom He proposes that the churches make their disestablishment work for good and describes how the Christian movement might serve dominant societies classes and institutions in a post Christian era

Through the Year with Fulton Sheen Fulton John Sheen,Henry Dieterich,2003 Through the Year with Fulton Sheen is Sheen at his best the master storyteller preacher and faithful servant of Christ with a word of encouragement counsel and direction for each day of the year With characteristic insight and eloquence he penetrates to the heart of the Christian life with practical reflections on love holiness spiritual power miracles and Christ like living These daily selections will provide you with a fresh perspective on what it means to be a follower of Christ on the challenge of serving God and the blessings of living a grace filled life

Retrieving the Tradition and Renewing Evangelicalism Daniel H. Williams,1999 A learned and uniquely constructive book that gently urges suspicious Christians to reclaim the patristic roots of their faith This is the first book of its kind meant to help Protestant Christians recognize the early church fathers as an essential part of their faith Writing primarily to the evangelical independent and free church communities who remain largely suspicious of church history and the relationship between Scripture and tradition D H Williams clearly explains why every branch of today s church owes its heritage to the doctrinal foundation laid by postapostolic Christianity Based on solid historical scholarship this volume shows that embracing the catholic roots of the faith will not lead to the loss of Protestant distinctiveness but is essential for preserving the Christian vision in our rapidly changing world

The Desire of the Nations Oliver O'Donovan,1996 A new treatment of political theology politically constructive and receptive to Christian tradition **Pope Leo XIV** Jesús Colina,2025-05-27 Peace be with all of you Pope Leo XIV May 8 2025 Pope Leo XIV is the first and most comprehensive introduction to the 267th occupant of the Chair of Saint Peter and the global challenges he faces as he succeeds Pope Francis as Bishop of Rome This book is the culmination of years of research and planning from sources in multiple languages and countries and it includes A complete biography of the first pope from the United States including his family history his work as an Augustinian priest and his time later as a bishop and cardinal An investigation across diverse sources that reveals the ten issues closest to the heart of Robert Francis Prevost The challenges and signs of hope facing Pope Leo XIV The first global report on the state of the Catholic Church The election of Leo XIV is one of the most surprising

historical events in the recent history of the Catholic Church Through this book Catholics and all people of good will understand why he was chosen as Bishop of Rome **The Church, Then and Now** Stanley E. Porter, Cynthia Long Westfall, 2012-10-26 The church is one of the most intriguing and significant institutions on earth Because its essence and character are so widely misunderstood this is a timely book The church is not a mere human institution though it is made up of human beings in community Its roles and responsibilities are momentous but all the elements of its organization came about as the church developed and attempted to fulfill its divine mandate not as forms given at its founding These papers from a Bingham Colloquium at McMaster Divinity College treat the church then in studies of the church in the various parts of the New Testament canon followed by a historical study of the church under attack in places where it did not survive The latter part of the book contains essays by several church practitioners from now who discuss their insights about and experiences with postmodern society home churches megachurches and the missional church Such a combination of biblical theology history and practice makes this a valuable book for scholars and practitioners in fact for all thinking members of the church founded by Jesus Christ The Annunciation Larry Hart, 2017-03-10 The Annunciation is an in depth look at how the Christian message can be communicated in a way that is comprehensible to the postmodern world and yet remain within the classical faith **Pentecostal Preaching and Ministry in Multicultural and Post-Christian Canada** Steven M. Studebaker, 2019-11-07 Over the past forty years Canada has become an increasingly secular multicultural and religiously plural society Indeed the church in Canada and Pentecostals in particular face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit Like the disciples on the day of Pentecost however we need the Holy Spirit to come upon us and liberate us from our post Christian pessimism We need the Holy Spirit to enable us to proclaim the gospel to the nations people that are no longer at the ends of the earth but making their home in Canada This book engages this new context and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post Christian multicultural secular and religiously plural context of Canadian society
