The End Of Fiction

Sam Goodman

The End Of Fiction:

British Spy Fiction and the End of Empire Sam Goodman, 2015-06-05 Drawing focus on a crucial period of contemporary British history this book explores Cold War anxieties over Imperial decline and British identity through analysis of space in popular twentieth century spy fiction enabling the cultural impact of decolonisation to be read in a new and revealing light Visiting the literary representation of space identity and power in the work of Ian Fleming Graham Greene and John le Carr it is an excellent resource for any scholars with an interest in spy fiction British fiction and popular literature

Narrative of Chinese and Western Popular Fiction Yonglin Huang, 2018-09-26 This book presents a comprehensive and systematic study of the narrative history and narrative methods of Chinese and Western popular fiction from the perspectives of narratology comparative literature and art and literature studies by adopting the methodology of parallel comparison The book is a pioneering work that systematically investigates the similarities and differences between Chinese and Western popular fiction and traces the root causes leading to the differences By means of narrative comparison it explores the conceptual and spiritual correlations and differences between Chinese and Western popular fiction and by relating them to the root causes of cultural spirit allows us to gain an insight into the cultural heritage of different nations The book is structured in line with a cause and effect logical sequence and moves from the macroscopic to the microscopic from history to reality and from theory to practice The integration of macro level theoretical studies and micro level case studies is both novel and effective This book was awarded Second Prize at the Sixth Outstanding Achievement Awards in Scientific Research for Chinese Institutions of Higher Learning Humanities Social Sciences 2013

The Ironic Apocalypse in the Novels of Leopoldo Marechal Norman Cheadle, 2000 A fresh look at the Argentine novelist Marechal emphasises his subversive approach in his novels to the Peronist politics of his time Leopoldo Marechal has become a chosen precursor of many contemporary Argentine writers

cinéastes and intellectuals and so his novels universally recognized but rarely studied demand treatment from a contemporary critical sensibility This study departs from the line of criticism that reads Marechal as a Christian apologist arguing instead that Marechal's metaphysical novels are really metafictional ludic exercises informed by ironic scepticism Ad n Buenosayres 1948 inverts the Christian Platonist narrative of redemption through the Logos in *El Banquete de Severo Arc ngelo* 1965 Marechal tongue firmly in cheek leads his readers on a metaphysical wild goose chase and in *Megaf n o la guerra* 1970 he finally lays apocalypticism to rest The close readings of his novels presented in this book help to lay the theoretical groundwork underpinning Marechal's reinscription in contemporary Argentine culture

The Memory of the World Ted Toadvine, 2024-05-14 Advancing a phenomenological approach to deep time Our imagination today is dominated by the end of the world from sci fi and climate fiction to actual predictions of biodiversity collapse climate disruption and the emergence of the Anthropocene This obsession with the world's precarity *The Memory of the World* contends relies on a flawed understanding of time that neglects the past and present with the goal of managing the future Not only does this mislead sustainability efforts it diminishes our encounters with the world and with human and nonhuman others Here Ted Toadvine takes a phenomenological approach to deep time to show how our apocalyptic imagination forgets the sublime and uncanny dimensions of the geological past and far future Guided by original readings of Maurice Merleau Ponty Emmanuel Levinas Jacques Derrida Jean Luc Nancy and others he suggests that reconciling our embodied lives with the memory of the earth transforms our relationship with materiality other forms of life and the unprecedented future Integrating insights from phenomenology deconstruction critical animal studies and new materialism *The Memory of the World* argues for a new philosophy of time that takes seriously the multiple pleated and entangled temporal events spanning cosmic geological evolutionary and human durations

The End of Morality Richard Joyce, Richard Garner, 2018-12-18 According to the moral error theorist all moral judgments are mistaken The world just doesn't contain the properties and relations necessary for these judgments to be true But what should we actually do if we decided that we are in this radical and unsettling predicament that morality is just a widespread and heartfelt illusion One suggestion is to eliminate all talk and thought of morality abolitionism Another is to carry on believing it anyway conservatism And yet another is to treat morality as a kind of convenient fiction fictionalism We tend to think of moral thinking as valuable and useful e g for motivating cooperative behavior but we can also recognize that it can be harmful e g hindering compromise and even disastrous e g inspiring support for militaristic propaganda Would we be better off or worse off if we stopped basing decisions on moral considerations This is a collection of twelve brand new chapters focused on a critical examination of the options available to the moral error theorist After a general introduction outlining the topic explaining key terminology and offering suggestions for further reading the chapters address questions like Is it true that the more that people are motivated by moral concerns the more likely it is that society will be elitist authoritarian and dishonest Is an appeal to moral values a useful tool for

helping resolve conflicts or does it actually exacerbate conflicts Would it even be possible to abolish morality from our thinking If we were to accept a moral error theory would it be feasible to carry on believing in morality in everyday contexts Might moral discourse be usefully modeled on familiar metaphorical language where we can convey useful and important truths by uttering falsehoods Does moral thinking support or undermine a commitment to feminist goals What role do moral judgments play in addressing important decisions affecting climate change The End of Morality Taking Moral Abolitionism Seriously is the first book to thoroughly address these and other questions systematically investigating the harms and benefits of moral thought and considering what the world might be like without morality The End of Justice, Form
