Skywalking Dale Pollock,1983 Presents the life of George Lucas the creator of the famous Star Wars films

Skywalking Dale Pollock,1983 **Skywalking; the life and films of George Lucas** D. Pollock,1983 **The Lucas**

Effect: George Lucas and the New Hollywood Patti J. McCarthy,2014-10-25 A filmmaker visionary and entrepreneur George Lucas has not only changed the way we experience film and filmmaking but also revolutionized film industry practices and standards George Lucas on an economic aesthetic and cultural level has contributed more than any other individual to the shaping of the New Hollywood and is one of the most important figures in film history His contribution to the film industry and our culture can be defined as the Lucas Effect Until now Lucas work has been studied categorically That is popular books have been written that focus specifically on his life his marketing skills his films his fans or his various business accomplishments and practices This is the first book to weave these threads together into a cohesive rigorous study that illustrates the far reaching impact and importance of his creative genius This book is important not only for film academics students of film criticism and theory popular culture scholars and film devotees but also for industry power brokers Lucas fans and anyone who is interested in the work life and legacy of one of film s most important visionaries George Lucas George Lucas Brian Jay Jones,2024-09-24 Jones ebullient bio shows that the Force has always been with filmmaker Lucas Packed with fun insider info a whiz bang tribute to a genius People On May 25 1977 a problem plagued budget straining independent science fiction film opened in a mere thirty two American movie theaters Conceived written and directed by a little known filmmaker named George Lucas the movie originally called The Star Wars quickly drew blocks long lines bursting box office records and ushering in a new way for movies to be made marketed and merchandised It is now one of the most adored and successful movie franchises of all time Now the author of the bestselling biography Jim Henson delivers a long awaited revelatory look into the life and times of the man who created Luke Skywalker Han Solo and Indiana Jones If Star Wars wasn t game changing enough Lucas went on to create another blockbuster series with Indiana Jones and he completely transformed the world of special effects and the way movies sound His innovation and ambition forged Pixar and Lucasfilm Industrial Light Magic and THX sound Lucas s colleagues and competitors offer tantalizing glimpses into his life His entire career has been stimulated by innovators including Steven Spielberg and Francis Ford Coppola actors such as Harrison Ford and the very technologies that enabled the creation of his films and allowed him to keep tinkering with them long after their original releases Like his unforgettable characters and stories his influence is unmatched Effortlessly pulls the reader into Lucas s world Future film buffs and historians will look back on George Lucas as a landmark achievement Debby Applegate Pulitzer Prize winning author *George Lucas* Dana White,2000-01-01 Traces the life of the man who became well known for his Star Wars movies from his childhood in California to his career in films *The Hero and the Perennial Journey Home in American Film* Susan Mackey-Kallis,2010-08-03 In contemporary America myths find expression

primarily in film What's more many of the highest grossing American movies of the past several decades have been rooted in one of the most fundamental mythic narratives the hero quest Why is the hero quest so persistently renewed and retold In what ways does this universal myth manifest itself in American cinema And what is the significance of the popularity of these modern myths The Hero and the Perennial Journey Home in American Film by Susan Mackey Kallis is an exploration of the appeal of films that recreate and reinterpret this mythic structure She closely analyzes such films as E T the Star Wars trilogy It's a Wonderful Life The Wizard of Oz The Lion King Field of Dreams The Piano Thelma and Louise and 2001 A Space Odyssey Elements of the quest mythology made popular by Joseph Campbell Homer's Odyssey the perennial philosophy of Aldous Huxley and Jungian psychology all contribute to the compelling interpretive framework in which Mackey Kallis crafts her study She argues that the purpose of the hero quest is not limited to the discovery of some boon or Holy Grail but also involves finding oneself and finding a home in the universe The home that is sought is simultaneously the literal home from which the hero sets out and the terminus of the personal growth he or she undergoes during the journey back Thus the quest Mackey Kallis asserts is an outward journey into the world of action and events which eventually requires a journey inward if the hero is to grow and ultimately necessitates a journey homeward if the hero is to understand the grail and share it with the culture at large Finally she examines the value of mythic criticism and addresses questions about myth currently being debated in the field of communication studies

Identity Politics in George Lucas' Star Wars John C.

McDowell, 2016-03-09 George Lucas spoke about the didactic role of cinema and about his own work being presented through the moral megaphone of the film industry A considerable body of scholarship on the six part Star Wars series argues unconvincingly that the franchise promoted neo conservatism in American culture from the late 1970s onward But there is much in Lucas grand space opera to suggest something more ideologically complex is going on This book challenges the view of the saga as an unambiguously violent text exemplifying reactionary politics and discusses the films identity politics with regard to race and gender

How to Read a Film James Monaco, 2000 Explores the medium of film as both art and craft sensibility and science tradition and technology

The Gospel According to Star Wars John C. McDowell, 2007-01-01

McDowell explores the many spiritual themes that weave throughout the six films and shows the moral and spiritual complexity of the movies The author contends that George Lucas creator of the series did not intend for his films to be mere entertainment
