**The Fiction of Ruth Rendell** Barbara Fass Leavy, 2012-08-31 A study of the role of family ancient Greek narratives and the psychological theories of Freud and Jung in the mystery novels of Ruth Rendell Aside from Ruth Rendell's brilliance as a fiction writer and her appeal to mystery lovers her books portray a compelling universal experience that her readers can immediately relate to the intra familial stresses generated by the nuclear family Even those who experience the joys as well as pains of family life will find in Rendell the conflicts that beset all who must navigate their way through the conflicts that beset members of the closest families Barbara Fass Leavy analyzes the multi leveled treatment of these themes that contributes to Rendell's standing as a major contemporary novelist Rendell who also writes as Barbara Vine draws on ancient Greek narratives and on the psychological theories Sigmund Freud and Carl Jung derived from them to portray the disturbed family relationships found throughout her work Leavy's analysis considers what distinguishes mysteries as popular entertainment from crime fiction as literary art The potential for rereading even when the reader remembers whodunit will be the basis for this distinction Leavy also looks closely at the Oedipus and Electra complexes and how they illuminate

Rendell's portrayals of the different pairings within the nuclear family for example mother and daughter and considers the importance of gender differences In addition Leavy corrects a widespread error that Freud formulated the Electra complex when in fact the formulation was Jung's as he challenged Freud's emphasis on the Oedipus story as the essential paradigm for human psychological development      **Mystery Voices** Dale Salwak,1991-01-01 A series of interviews with authors such as P D James and Julian Symons      **Sorcerous Stabber Orphen: The Wayward Journey Volume 2** Yoshinobu Akita,2018-10-30 Orphen's wayward journey continues as he pursues the dwarf brothers Volkan and Dortin who have absconded with a dangerous artifact known as the Sword of Baldanders His two companions Claiomh Everlasting and Majic Lin however are not used to traveling such long distances so the group stops off at the popular tourist destination of Alenhatam along the way But an ancient slumbering secret has been awakened beneath the depths of the city one that could threaten to wipe out the very nature of sorcery as the world knows it      Sorcerous Stabber Orphen: The Wayward Journey Volume 5 Yoshinobu Akita,2019-11-09 Orphen is invited back home by an old associate named Leticia There he encounters a mysterious incredibly talented assassin A sorcerer clad in black who wields prodigal power There's only one problem The assassin calls himself Krylancelo and is physically identical to our titular hero Orphen is pushed to the limit forced to overcome the greatest challenge of all Himself      **The Doll's House** Louise Phillips,2017-08-08 Winner of the Irish Crime Fiction Book of the Year Award Thirty five years ago Adrian Hamilton drowned At the time his death was deemed a tragic accident but the exact circumstances remain a mystery His daughter Clodagh now visits a hypnotherapist in an attempt to come to terms with her past and her father's death As disturbing childhood memories are unleashed memories of another tragedy begin to come to light Meanwhile criminal psychologist Dr Kate Pearson is called to assist in a murder investigation after a body is found in a Dublin canal And when Kate digs beneath the surface of the killing she discovers a sinister connection to the Hamilton family Time is running out for Clodagh and Kate And the killer has already chosen his next victim

Historical Archaeology of Childhood and Parenting April Kamp-Whittaker,Jamie J. Devine,Suzanne M.

Spencer-Wood,2024-04-12 The study of childhood in historical archaeology enriches interpretations of the past but also has the potential for contributing to the understanding of methodological and theoretical issues in archaeology Archaeologically children are understudied relative to both their demographic and social importance partly because children are viewed as difficult to discern in the archaeological record Historical archaeology with its access to historical documents to supplement and illuminate archaeological evidence provides an opportunity to gain a greater understanding of the ways children's daily lives in the past were expressed in historically changing types and patterns of material culture Recent research presented in this volume contributes valuable perspectives for conceptualizing the historically changing social nature of childhood and methods for illuminating the roles of children Case studies are designed to illustrate methodological and theoretical advances in the historical archaeology of materialized experiences discourses identities places and their meanings associated with

parenting and childhood The volume is organized into three sections devoted to case studies about 1 how childhood and parenting have been socially constructed cross culturally and temporally 2 social ideologies of childhood in contested spaces and 3 the relationship between children s experiences and adult expectations of childhood Each chapter demonstrates advances in current methods or theories used in the archaeology of childhood A final discussant drawn from the broader field of research on the archaeology of childhood provides a commentary on the ways the perspectives provided in the volume can be employed by researchers outside the sub discipline of historical archaeology
