Behold! the Kingdom Crosbie Barnes, 2014-10-22 A study that attempts to remove the fog surrounding our perception of God's Kingdom It may be a source of new ideas and revelation challenging those commonly held about the Kingdom and attempting to set the foundation for how we should view it We look at how the coming of the King impacts the world and its people in every generation revealing an invitation to take our rightful place in His Kingdom We examine the mechanics and the dynamics of our inclusion into the Kingdom and how it is expressed within His creation examining its nature as it emerges in the lives of individuals who embrace the King And finally we look at the structure role and intrinsic values of the Church in the context of God's Kingdom

Repairing the Missional Breach Kevin Blackwell, 2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ's Great Commission as found in Matt 28:19-20 Much

of this failure can be attributed to the doctrine and practice within three modern church movements. The book offers a history and critique of modern American evangelical church movements including the Church Growth, Emergent Church, and Missional Church movements. Each of these movements did not result in disciple making multiplication. In this book, you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus. Informed by these critiques, formative ministry adjustments are presented as a faithful path for future missional approaches.
