

The book cover features a dramatic illustration of three historical figures in a dimly lit, stone-walled interior. A man with a beard and a woman are in the foreground, looking towards the right. A third figure is visible in the background, partially obscured by a bright light source. The overall tone is historical and intense.

Norseman Elizabeth Alden Curtis, 1912 The Crown Deborah Chester, 2008-11-25 From the national bestselling author of the acclaimed fantasy trilogy *The Sword the Ring and the Chalice* Forsaking her spirit for her heart Lea sister of the emperor Caelan has fallen in love with her kidnapper Lord Shadrael a man with no soul Despite growing attachment to his captive Shadrael hands over Lea to the corrupt Vindicant priests for the promise of redemption But when the Vindicants renege on their pledge Lea and a gravely wounded Shadrael are forced to escape into the Hidden Ways of the shadow realm where evil threatens to consume all it touches Now in order to survive Lea has to find the balance between her light and Shadrael s darkness before the shadows destroy them both Praise for Deborah Chester s novels **Fantastic The Best Reviews** Epic fantasy at its romantic best **Midwest Book Review** Sovereign Authority and the Elaboration of Law in the Bible and the Ancient

Near East Dylan R. Johnson, 2020-08-04 Five Pentateuchal texts Lev 24 10 23 Num 9 6 14 Num 15 32 36 Num 27 1 11 Num 36 1 12 offer unique visions of the elaboration of law in Israel s formative past In response to individual legal cases Yahweh enacts impersonal and general statutes reminiscent of biblical and ancient Near Eastern law collections From the perspective of comparative law Dylan R Johnson proposes a new understanding of these texts as biblical rescripts a legislative technique that enabled sovereigns to enact general laws on the basis of particular legal cases Typological parallels drawn from cuneiform and Roman law illustrate the complex ideology informing the content and the form of these five cases The author explores how latent conceptions of law justice and legislative sovereignty shaped these texts and how the Priestly vision of law interacted with and transformed earlier legal traditions *The King Imperiled* Deborah Chester, 2005 For twelve years

King Faldain and his warrior wife Queen Alexeika have sought the Chieftain and the evil sorceress behind him who killed their son the day barbarians attacked the palace Now Dain suffering from a powerful life threatening curse struggles homeward to be saved by the Chalice of Life But he is about to be betrayed by one closer than he could ever imagine The King's Other Body Theresa Earenfight, 2012-02-24 Queen Mar a of Castile wife of Alfonso V the Magnanimous king of the Crown of Aragon governed Catalunya in the mid fifteenth century while her husband conquered and governed the kingdom of Naples For twenty six years she maintained a royal court and council separate from and roughly equivalent to those of

Alfonso in Naples Such legitimately sanctioned political authority is remarkable given that she ruled not as queen in her own right but rather as Lieutenant General of Catalunya with powers equivalent to the king's Mar a does not fit conventional images of a queen as wife and mother indeed she had no children and so never served as queen regent for any royal heirs in their minorities or exercised a queen mother's privilege to act as diplomat when arranging the marriages of her children and grandchildren But she was clearly more than just a wife offering advice she embodied the king's personal authority and was second only to the king himself She was his alter ego the other royal body fully empowered to govern For a medieval queen this official form of co-rulership combining exalted royal status with official political appointment was rare and striking The King's Other Body is both a biography of Mar a and an analysis of her political partnership with Alfonso Mar a's long busy tenure as lieutenant prompts a reconsideration of long held notions of power statecraft personalities and institutions It is also a study of the institution of monarchy and a theoretical reconsideration of the operations of gender within it If the practice of monarchy is conventionally understood as strictly a man's job Mar a's reign presents a compelling argument for a more complex model one attentive to the dynamic relationship of queenship and kingship and the circumstances and theories that shaped the institution she inhabited

The Anatomy of Revolution Revisited Bailey Stone, 2014 This study aims to update a classic of comparative revolutionary analysis Crane Brinton's 1938 study The Anatomy of Revolution It invokes the latest research and theoretical writing in history political science and political sociology to compare and contrast in their successive phases the English Revolution of 1640-60 the French Revolution of 1789-99 and the Russian Revolution of 1917-29 This book intends to do what no other comparative analysis of revolutionary change has yet adequately done It not only progresses beyond Marxian socioeconomic class analysis and early revisionist stresses on short term accidental factors involved in revolutionary causation and process it also finds ways to reconcile state centered structuralist accounts of the three major European revolutions with postmodernist explanations of those upheavals that play up the centrality of human agency revolutionary discourse mentalities ideology and political culture

The King Of California Mark Arax, Rick Wartzman, 2005-02-16 The fascinating story of a cotton magnate whose voracious appetite for land drove him to create the first big agricultural empire of the Central Valley of California and shaped the landscape for decades to come J G Boswell was the biggest farmer in America He built a secret empire while thumbing his nose at nature politicians labor unions and every journalist who ever tried to lift the veil on the ultimate factory in the fields The King of California is the previously untold account of how a Georgia slave owning family migrated to California in the early 1920s drained one of America's biggest lakes in an act of incredible hubris and carved out the richest cotton empire in the world Indeed the sophistication of Boswell's agricultural operation from lab to field to gin is unrivaled anywhere Much more than a business story this is a sweeping social history that details the saga of cotton growers who were chased from the South by the boll weevil and brought their black farmhands to California It is a gripping read with cameos by a cast of famous characters from Cecil B DeMille to Cesar
