The Land Called Holy Palestine In Christian History Thought:

The Land Called Holy Robert Louis Wilken, 1992-01-01 Drawing on both primary texts and archaeology Wilken traces the Christian conception of a Holy Land from its origins in the Hebrew Bible to the Muslim conquest of Jerusalem in the seventh century **The Rowman & Littlefield Handbook of Christianity in the Middle East** Mitri Raheb, Mark A. Lamport, 2020-12-15

This work represents the current and most relevant content on the studies of how Christianity has fared in the ancient home of its founder and birth Much has been written about Christianity and how it has survived since its migration out of its homeland but this comprehensive reference work reassesses the geographic and demographic impact of the dramatic changes in this perennially combustible world region The Rowman Littlefield Handbook of Christianity in the Middle East also spans the historical socio political and contemporary settings of the region and importantly describes the interactions that Christianity has had with other major minor religions in the region **Identity and Territory** Eyal

Ben-Eliyahu, 2019-04-30 Throughout history the relationship between Jews and their land has been a vibrant much debated topic within the Jewish world and in international political discourse Identity and Territory explores how ancient conceptions of Israel of both the land itself and its shifting frontiers and borders have played a decisive role in forming national and religious identities across the millennia Through the works of Second Temple period Jews and rabbinic literature Eyal Ben Eliyahu examines the role of territorial status boundaries mental maps and holy sites drawing comparisons to popular Jewish and Christian perceptions of space Showing how space defines nationhood and how Jewish identity influences perceptions of space Ben Eliyahu uncovers varied understandings of the land that resonate with contemporary views of the relationship between territory and ideology **From the Passion to the Church of the Holy Sepulchre** Jordan J. Ryan, 2021-01-14

Since the early 4th century Christian pilgrims and visitors to Judea and Galilee have worshipped at and been inspired by monumental churches erected at sites traditionally connected with the life and ministry of Jesus of Nazareth This book examines the history and archaeology of early Christian holy sites and traditions connected with specific places in order to understand them as interpretations of Jesus and to explore them as instantiations of memories of him Ryan s overarching aim is to construe these places as instantiations of what historian Pierre Nora has called lieux de m moires sites where memory crystallizes and where possible to track the course and development of the traditions underlying them from their genesis in the Gospel narratives to their eventual solidification in the form of pilgrimage sites So doing will bring rarely considered evidence to the study of early Christian memory which in turn helps to illuminate the person of Jesus himself in both history and reception **The Oxford Handbook of Medieval Christianity** John H. Arnold, 2014-08-21 The Oxford Handbook of

Medieval Christianity takes as its subject the beliefs practices and institutions of the Christian Church between 400 and 1500AD It addresses topics ranging from early medieval monasticism to late medieval mysticism from the material wealth of the Church to the spiritual exercises through which certain believers might attempt to improve their souls Each chapter tells

a story but seeks also to ask how and why Christianity took particular forms at particular moments in history paying attention to both the spiritual and otherworldly aspects of religion and the material and political contexts in which they were often embedded This Handbook is a landmark academic collection that presents cutting edge interpretive perspectives on medieval religion for a wide academic audience drawing together thirty key scholars in the field from the United States the UK and Europe Notably the Handbook is arranged thematically and focusses on an analytical rather than narrative approach seeking to demonstrate the variety change and complexity of religion throughout this long period and the numerous different ways in which modern scholarship can approach it While providing a very wide ranging view of the subject it also offers an important agenda for further study in the field

Jerusalem Tamar Mayer, Suleiman A. Mourad, 2008-05-09 With contributions from many noted scholars in a wide range of fields this is a multidisciplinary study of one of the world's great cities that is of enormous historical religious and political significance

Conversion in Late Antiquity: Christianity, Islam, and Beyond Arietta Papaconstantinou, Daniel L. Schwartz, 2016-03-03 The papers in this volume were presented at a Mellon Sawyer Seminar held at the University of Oxford in 2009-2010 which sought to investigate side by side the two important movements of conversion that frame late antiquity to Christianity at its start and to Islam at the other end Challenging the opposition between the two stereotypes of Islamic conversion as an intrinsically violent process and Christian conversion as a fundamentally spiritual one the papers seek to isolate the behaviours and circumstances that made conversion both such a common and such a contested phenomenon The spread of Buddhism in Asia in broadly the same period serves as an external comparator that was not caught in the net of the Abrahamic religions The volume is organised around several themes reflecting the concerns of the initial project with the articulation between norm and practice the role of authorities and institutions and the social and individual fluidity on the ground Debates discussions and the expression of norms and principles about conversion conversion are not rare in societies experiencing religious change and the first section of the book examines some of the main issues brought up by surviving sources This is followed by three sections examining different aspects of how those principles were or were not put into practice how conversion was handled by the state how it was continuously redefined by individual ambivalence and cultural fluidity and how it was enshrined through different forms of institutionalization Finally a topographical coda examines the effects of religious change on the iconic holy city of Jerusalem

The Saint's Saints Susan Weingarten, 2018-12-10 The Saint's Saints presents Jerome's world picture as seen through his saints Lives It analyses both his rhetoric and his descriptions of realia and the way he combines classical Christian and Jewish sources to re-write the biblical Holy Land as a new and Christian world for his readers Susan Weingarten looks at how Jerome dovetails his literary sources with his experience of the material world of the fourth century to write the Lives of the saints Paul Hilarion Malchus and Paula effectively using them to write the Life of Saint Jerome This is the first full length study of Jerome's saints Lives It widens the on going debate about mutual influences in Jewish and

Christian literature in the fourth century and revises our picture of the historical geography of Palestine **This Holy Place** Steven Fine, 2016-10-17 Steven Fine's *This Holy Place* is a comprehensive treatment of the synagogue as a place of sanctity in Late Antiquity. This book is essential for an understanding of how the synagogue became the central Jewish communal institution and how it served as a substitute for the destroyed Jerusalem Temple during the long period of Jewish exile from the Land of Israel. Fine's mastery of both archaeological evidence and a wide variety of literary sources makes this a major contribution to the field. Lawrence H. Schiffman, New York University. Fine has mastered an unusually wide range of disciplines: rabbinical sources, archaeology, art, and epigraphy. His book is thoroughly researched, well written, and engagingly presented. It should be required reading for anyone interested in how this most central institution of Jewish life was perceived and presented. Lee I. Levine, Hebrew University of Jerusalem. I read *This Holy Place* with the greatest profit and enjoyment. It is an important contribution to the entire nature of late antique civilization and not only to Jewish studies. Peter Brown, Princeton University. Steven Fine is the Dean Pinkhos Churgin Professor of Jewish History at Yeshiva University. From Martyr to Mystic Ra'anan S. Boustan, 2005. This study provides a critical analysis of Nurcholish Madjid's attempt to interpret Islam within the framework of modern Indonesia. Special attention is paid to his ideas and activities during the years leading to the 1998 downfall of President Soeharto and the development towards democracy that followed. Although many of these ideas have been embraced by significant sectors of official Indonesia, they have also received harsh criticism from the representatives of more conservative interpretations of Islam and more recently from secular Muslims as well.
