The Language Of Balinese Shadow Theater:

The Language of Balinese Shadow Theater Mary Sabina Zurbuchen, 2014-07-14 Bali's shadow puppet theater like others in Southeast Asia is a complex tradition with many conventions that puzzle Western observers. Mary Zurbuchen demonstrates how the linguistic codes of this rich art form mediate between social groups, cultural influences, historical periods, and conceptual schemes. Originally published in 1987, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Shadow Puppet Theatre of Malaysia Beth Osnes, 2014-01-10 This comprehensive book explores the Malaysian form of shadow puppet theatre, highlighting its unique nature within the context of Southeast Asian and Asian shadow puppet theatre traditions. Intended for a Western audience not familiar with Asian performance and practices, the text serves as a bridge to this highly imaginative form. An in-depth examination of the Malaysian puppet tradition is provided, as well as performance scripts, designs for puppet characters, instructions for creating a shadow screen, and easy directions for performance. Another section then considers the practical, pedagogical, and ethical issues that arise in the teaching of this art.

Improvisation and Composition in Balinese Gendér Wayang Nicholas Gray, 2016-12-05 This book is an examination of the music of the Balinese gendér wayang, the quartet of metallophones gendér that accompanies the Balinese shadow puppet play wayang kulit. The book focuses on processes of musical variation, the main means of creating new music in this genre, and the implications of these processes for the social and historical study of Balinese music, musical aesthetics, concepts of creativity, and compositional methods. Dr. Nick Gray tackles a number of core ethnomusicological concerns in a new way, including the relationship between composition and improvisation, and also highlights issues specific to Balinese music, including the importance of flexibility in performance, an aspect that has been largely ignored by scholars. Gray thus breaks new ground both in the study of issues relating to improvisation and composition and in Balinese music studies.
