The Labrador Fiasco:

Labrador Fiasco Margaret Atwood, Leonides Hubbard, 1996 *The Labrador Fiasco* Margaret Atwood, 1996-01-01

Margaret Atwood and the Female Bildungsroman Ellen McWilliams, 2017-03-02 Examining Margaret Atwood's work in the context of the complex history of the Bildungsroman Ellen McWilliams explores how the genre has been appropriated by women writers in the second half of the twentieth century She demonstrates that Atwood's early work her own coming of age fiction including unpublished works as well as *The Edible Woman* *Surfacing* and *Lady Oracle* both engages with and works against the paradigms of identity which are traditionally associated with the genre Making extensive use of unpublished manuscripts in the Atwood Collection at the University of Toronto McWilliams uncovers influences that shaped Atwood's fashioning of identity in her early novels paying particular attention to Atwood's preoccupation with survival as a key symbol of Canadian literature culture and identity She also considers the genre's afterlife on display in *Cat's Eye* *The Robber Bride* *Alias Grace* *The Blind Assassin* and *Moral Disorder* in which the formulations of selfhood and identity in Atwood's early fiction are revisited and developed Atwood emerges as a writer who self consciously invokes and then undercuts the traditions of the Bildungsroman a turn that may be read as a means of at once interrogating and perpetuating the form McWilliams's book furthers our understanding of subjectivity in Atwood's fiction and contributes to ongoing conversations about the role gender and cultural contexts play in reframing generic boundaries *Moral Disorder: A Story* Margaret Atwood, 2014-07-29 The author of such towering novels as *The Handmaid's Tale* *The Blind Assassin* and *Oryx and Crake* Margaret Atwood creates worlds just as vividly in her short fiction In the title story from her acclaimed collection of linked stories *Moral Disorder* Margaret Atwood takes us to the farm Newly arrived city slickers like Nell and Tig shouldn't have animals a notion corroborated by the true farmers down the road for them livestock would mean dead stock But Tig's two boys will be at the farm on weekends and it would be good for them to know where their food comes from First come the chickens then the ducks before Nell knows it the cows have arrived too And soon Nell finds herself becoming a different woman than she ever thought she might be The New York Times notes that The tremendous imaginative power of Atwood's fiction allows us to believe that anything is possible this applies as much to her fantastically imagined worlds as it does to the life of a family in the countryside An eBook short *Moral Disorder* Margaret Atwood, 2010-12-17 Atwood triumphs with these dazzling personal stories in her first collection since *Wilderness Tips* In these ten interrelated stories Atwood traces the course of a life and also the lives intertwined with it while evoking the drama and the humour that colour common experiences the birth of a baby divorce and remarriage old age and death With settings ranging from Toronto northern Quebec and rural Ontario the stories begin in the present as a couple no longer young situate themselves in a larger world no longer safe Then the narrative goes back in time to the forties and moves chronologically forward toward the present In *The Art of Cooking and Serving* the twelve year old narrator does her best to accommodate the arrival of a baby sister After she

boldly declares her independence we follow the narrator into young adulthood and then through a complex relationship In The Entities the story of two women haunted by the past unfolds The magnificent last two stories reveal the heartbreaking old age of parents but circle back again to childhood to complete the cycle By turns funny lyrical incisive tragic earthy shocking and deeply personal Moral Disorder displays Atwood's celebrated storytelling gifts and unmistakable style to their best advantage This is vintage Atwood writing at the height of her powers *Moral Disorder and Other Stories* Margaret Atwood, 2008-02-12 From the bestselling author of The Handmaid's Tale and The Testaments This brilliant collection of connected short stories strings together several decades of moments in the life of one woman as an ambitious girl in the 1930s as a young professional coming of age in the uncertain 50s and 60s and as half of a couple growing old together In a series of vividly evoked settings that span cities backwoods and farm country we see this woman contending over time with an unstable sister a married lover aging parents mystifying stepchildren vulnerable farm animals and her own changing self By turns funny lyrical earthy shocking and deeply personal Moral Disorder displays Margaret Atwood's celebrated storytelling gifts and unmistakable style to their best advantage

Literary Culture and Female Authorship in Canada 1760-2000 Faye Hammill, 2021-10-18 There are two ladies in the province I am told who read writes Frances Brooke's Arabella Fermor but both are above fifty and are regarded as prodigies of erudition Brooke's The History of Emily Montague 1769 was the first work of fiction to be set in Canada and also the first book to reflect on the situation of the woman writer there Her analysis of the experience of writing in Canada is continued by the five other writers considered in this study Susanna Moodie Sara Jeannette Duncan L M Montgomery Margaret Atwood and Carol Shields All of these authors examine the social position of the woman of letters in Canada the intellectual stimulation available to her the literary possibilities of Canadian subject matter and the practical aspects of reading writing and publishing in a post colonial country This book turns on the ways in which those aspects of authorship and literary culture in Canada have been inscribed in imaginative autobiographical and critical texts by the six authors It traces the evolving situation of the Canadian woman writer over the course of two centuries and explores the impact of social and cultural change on the experience of writing in Canada **The Daughter's Way** Tanis MacDonald, 2012-09-01 The Daughter's Way investigates negotiations of female subjectivity in twentieth century Canadian women's elegies with a special emphasis on the father's death as a literary and political watershed The book examines the work of Dorothy Livesay P K Page Jay Macpherson Margaret Atwood Kristjana Gunnars Lola Lemire Tostevin Anne Carson and Erin Mour as elegiac daughteronomies literary artifacts of mourning that grow from the poets investigation into the function and limitations of elegiac convention Some poets treat the father as a metaphor for socio political power while others explore more personal iterations of loss but all the poets in The Daughter's Way seek to redefine daughterly duty in a contemporary context by challenging elegiac tradition through questions of genre and gender Beginning with psychoanalytical theories of filiation inheritance and mourning as they are complicated by feminist challenges

to theories of kinship and citizenship *The Daughter's Way* debates the efficacy of the literary work of mourning in twentieth century Canadian poetry By investigating the way a daughter's filial piety performs and sometimes reconfigures such work and situating melancholia as a creative force in women's elegies the book considers how elegies inquire into the rhetoric of mourning as it is complicated by father daughter kinship

Using Literature to Teach English as a Second Language
Membrive, Veronica, Armie, Madalina, 2020-05-22 Innovation has replaced stereotypical and old methods as an attempt to make English language teaching and learning appealing effective and simple However teaching a second language through literature may be a paramount tool to consolidate not only students lexical and grammatical competences but also for the development of their cultural awareness and broadening of their knowledge through interaction and collaboration that foster collective learning Despite past difficulties literature's position in relation to language teaching can be revendedicated and revalued *Using Literature to Teach English as a Second Language* is an essential research publication that exposes the current state of this methodological approach and observes its reverberations usefulness strengths and weaknesses when used in a classroom where English is taught as a second language In this way this book will provide updated tools to explore teaching and learning through the most creative and enriching manifestations of one language literature Featuring a range of topics such as diversity language learning and plurilingualism this book is ideal for academicians curriculum designers administrators education professionals researchers and students
