Based on extensive interviews and in depth primary research including recently declassified government files *The Turning* is a vivid history of the men who risked censures stigma even imprisonment for a cause they believed to be an extended tour of duty.

The Dragon Soldier's Good Fortune Robert Goswitz, 2024-02-13 An American soldier in Vietnam is guided through the war by a supernatural spirit in Robert Goswitz's *The Dragon Soldier's Good Fortune*. Pvt Ed Lansky is a fresh recruit in Vietnam trying to navigate his way through the war-torn region. It will take more than basic training to survive dangerous missions through the oppressive heat of the jungles against the tactics of an unpredictable enemy. From Sergeant Chen whose arms are covered in dragon tattoos, Lansky learns how the Dragon Spirit protected the Vietnamese from evil specters in ancient times. Skeptical of Chen's true belief in the country's Dragon power, Lansky chooses to place his faith in the recreational drugs circulating among the troops to cope with his tour of duty. But in time he learns that there is something greater watching over him, keeping him safe from the horrors of war and healing his pain. A large green dragon has seemingly bonded with Lansky, making him realize that this Vietnamese Spirit is no myth and embraces his protector. Pvt Vernon Huddle is suspicious of Lansky's continued unscathed survival in battle after battle. As Lansky receives medals and media recognition for his heroics, Huddle believes his uncanny success portends an approaching apocalypse that may consume their very souls. And as the war worsens for the last remaining American infantry in Vietnam, Lansky wonders why the country's Dragon Spirit chose him and if its power will see him safely home.

Total Security Management Pradeep Bajaj, 2022-10-18 This book is the ultimate treatise for the Security professionals up to senior manager level. It has been aligned with Private Security Agencies Regulation Act 2005 Model Rules thereof and National Occupation Standards for FOUR out of EIGHT Job Roles as identified by Indian Sector Skill Council. These job roles comply with the NSQF guidelines as such listed in National Qualification Register. These job roles are: a) MEPQ7101 Unarmed Security Guard, b) MEPQ7102 Armed Security Guard, c) MEPQ7103 Personal Security Officer, d) MEPQ7201 Security Supervisor. Consolidation of the four job roles was possible due to many common elements and Occupation Standards. The resultant product is economical and makes it suitable for the security staff employed in these four job roles. The book packs requisite knowledge and experience for Senior Managers, Supervisors to manage, supervise and mentor their staff, and Trainers to learn and train. The National Occupation Standards and legal aspects having a bearing on the private security sector have been the focus during development of its unique discourse. The book covers the training needs of approx 75% of the personnel employed in Commercial and Industrial Security Sector. Performance Criteria and Knowledge Elements in the Qualification Pack and KLOs in Model Curriculums are global in nature as such as relevant globally with exception of statutory aspects.

The Sun King Prophecy Jim Packheiser, 2011-05 Two disparate worlds must work together if one is to survive. For millennia humans have gone about their daily lives blissfully unaware of the centuries-old conflict on another plane of existence. But these two places, these two

peoples share a common thread one that binds them together through the primeval prophecy of the Sun King The lands of exotic Somnium have long been ravaged by war For a blood and conflict filled century two ancient armies have battled with no end in sight The evil black hordes of the Shadow Elves have waged a constant campaign of death and destruction upon the Sun Elves For over a hundred years the forces of good have gone without the sweet taste of victory The last best hope for the Sun Elves lives on only in the promise of a thousand year old prophecy of a savior from another race one that has long been absent from the ravaged lands of Somnium humanity In Auburn California a young man and his uncle are busy working on a project in the yard when their lives change dramatically There Brendan and Will discover a mysterious rock formation and the journey that awaits inside takes them further away from any known reality than their imaginations could possibly conceive Could this young man or his uncle really be the fulfillment of the Sun King prophecy *Easy Grace* Phil Moncur,2009-05-19 What if President Kennedy had ordered the invasion of Cuba in 1962 What if the Soviet Union had retaliated not with an all out nuclear attack but with a series of regional wars on the NATO fringes What if with Norway under Soviet occupation the UK faced a second Battle of Britain *Easy Grace* tells the story through the eyes of Tom Wharton a young hastily trained fighter pilot who finds himself flying obsolescent Hawker Hunters on a front line squadron As he prepares to do battle with his own fears and the might of the Soviet Air Force Tom meets Nurse Helen Bain and as they journey together from adolescence into adulthood under the shadow of armageddon neither the course of the war in the air nor the path to true love run smoothly *How to Think Like an Officer* Reed Bonadonna,2020-09-01 The U S military invests heavily in time and resources to train its officers to be leaders in the broadest sense forming them not only in military art and science strategy tactics command etc but also in humanistic knowledge character and values as well as how to apply this education on a lightning fast battlefield or within an inertially slow bureaucracy The military develops its leaders at the service academies and in ROTC programs through very specific but also broad and deep education a way of thinking that also has wide application in the civilian world not only in various professional fields that need leaders and thinkers but also among military history enthusiasts who want to understand how officers have thought across time and among American citizens who want and really need to understand how our military leaders think how they advise presidents how they lead on the battlefield In a genre busting book that spans Stackpole s two longstanding military programs reference and history Reed Bonadonna describes how officers think how they ought to think how they develop their skills and how they can improve these skills as well as how average civilians and citizens can learn from the example of military officers and their program of education Bonadonna draws from military history from military arts and science from literature and science and more to show how officers develop their critical thinking and problem solving skills A military officer is often called upon to be not only fighter and leader but also negotiator organizer planner and preparer teacher writer scientist and advisor and needs broad learning This is a deeply learned and insightful book one that cites Lincoln Grant Patton Eisenhower Marshall and

Churchill as easily as Sun Tzu and Clausewitz not to mention Homer Plato Joseph Conrad Henry James Wilfred Owen Robert Graves George Orwell Ludwig Wittgenstein Joseph Heller Phil Klay and even Jane Austen The book is descriptive as well as prescriptive and should find eager readers inside the military where officers take seriously their professional education and their professional reading lists as well as outside where many look to the military to military reading lists and to military history to glean lessons for life and work
