A Kansas Year Mike Blair, 2009 A veteran naturalist uses his keen observations and vivid photography to bring us face to face with the magic of 120 wild places of Kansas arranged by the calendar so that we too experience the breathtaking cycle of a Kansas year outdoors

The Promise Manuel Rodriguez, 2019-03-26 When a promise with a strange and mysterious facet behind it is made in the life of gifted nine year old Douglas Southerland he is propelled into making choices he must deal with and an unusually odd quest begins that lasts the rest of his life Spanning eight decades *The Promise* is the story of Douglas's first class life from the 1890s to 1970 While entwined with many historical facts how does Douglas deal with several maritime tragedies espionage sabotage attempted murders and a kidnapping while living at home and later when raising his own family What effects will his choices have on others Who or what will mentor him to guide his choices What are the pros or cons of each choice Douglas finds he asks and in some cases must wait for answers to his quest to solve his own personal mystery

Kovi's Promise Sujata Sharma, 2021-11-30 In the year 2055 Dr Pratham received an award for discovering a new coronavirus As he goes down memory lane he remembers the summer of 2020 Back then he was a naughty six year old boy called Bholu affectionately by his family An illness called Covid 19 was spreading all over the world Everyone had been forced to stay inside their homes during the lockdown All of a sudden Bholu's happy and carefree life was turned upside down Instead of normal physical school he had to learn to adjust to attending online classes He also had to learn to play all by himself as he could not meet his friends Staying away from his school and his friends Bholu became miserable and lonely Then one night in his garden he met Kovi a baby coronavirus From that moment an unexpected friendship began Playing together and talking about the pandemic and science they found an enchanted purpose Finally Kovi made Bholu promise something and that transformed Bholu's life forever

Portals of Promise Debbie Pushor, the Parent Engagement Collaborative the Parent Engagement Collaborative, 2013-10-30 Working with parents is a significant aspect of educators' roles yet it is rare to find curriculum in teacher education programs designed to prepare individuals to consider in philosophical theoretical and pedagogical ways who they will be in relationship with parents and why Schools therefore remain hierarchical structures in which parents are marginalized in relation to decisions affecting teaching and learning This book begins with Pushor's conceptualization of a curriculum of parents a curriculum which explores beliefs and assumptions about parents a vision for education in which educators work alongside parents and family members in the learning and care of children and a desire for reform She describes a curriculum of parents in the form of three graduate teacher education courses which she lived out in relationship with students Graduate students then capture their experiences immersed in this curriculum what they each took up how it shaped their knowledge attitudes and practices and how they lived it out as they returned to their classrooms schools and early learning centres This book is a storied account of their intense immersion in a curriculum of parents and the resulting impact living that curriculum has had on who they are in relation to parents and

families It is an honest and vulnerable account of their shared and individual journeys They puzzle over the complexities and the successes of their work and the resulting impact This is not a book of best practice but an invitation to other educators to consider as they did what they do and how it could be different
