Cooper,1975 Beings come down from the heavens to terrorize Earth Berry chief of an Earth clan manages to break into their Inner Circle and take a trip to thier home in the stars **The White Image in the Black Mind** Mia Bay,2000 Historical studies of white racial thought have focused on white ideas about the Negroes Bay s study examines the reverse black ideas about whites and consequently black understandings of race and racial categories *Heaven's Soldiers* Frank Marotti,2013-02-04 This book examines the community of free African Americans who lived in East Florida in the four decades leading up to the Civil War **Heaven's Purge** Isabel Moreira,2010-11-17 The doctrine of purgatory the state after death in which Christians undergo punishment by God for unforgiven sins raises many questions What is purgatory like Who experiences it Does purgatory purify souls or punish them or both How painful is it Heaven s Purge explores the first posing of these questions in Christianity s early history from the first century to the eighth an era in which the notion that sinful Christians might improve their lot after death was contentious or even heretical Isabel Moreira discusses a wide range of influences at play in purgatory s early formation including ideas about punishment and correction in the Roman world slavery the value of medical purges at the shrines of saints and the authority of visions of the afterlife for informing Christians of the hereafter She also challenges the deeply ingrained supposition that belief in purgatory was a symptom of barbarized Christianity and assesses the extent to which Irish and Germanic views of society and the sources associated with them penitentials and legal tariffs played a role in purgatory s formation Special attention is given to the writings of the last patristic author of antiquity the Northumbrian monk Bede Heaven s Purge is the first study to focus on purgatory s history in late antiquity challenging the conclusions of recent scholarship through an examination of the texts communities and cultural ideas that informed purgatory s early history *Heaven's Wrath* D. L. Noorlander,2019-09-15 Heaven s Wrath explores the religious thought and religious rites of the early Dutch Atlantic world D L Noorlander argues that the Reformed Church and the West India Company forged and maintained a close union with considerable consequences across the seventeenth century Noorlander questions the core assumptions about why the Dutch failed to establish a durable empire in America He downplays the usual commercial explanations and places the focus instead on the tremendous expenses incurred in the Calvinist backed war and the Reformed Church s meticulous worried management of colonial affairs By pinpointing the issues that hampered the size and import of the Dutch Atlantic world Noorlander revises core notions about the organization and aims of the Dutch empire the culture of the West India Company and the very shape of Dutch society Open Access edition funded by the National Endowment for the Humanities **Black on White** David R. Roediger,2010-03-31 In this thought provoking volume David R Roediger has brought together some of the most important black writers throughout history to explore the question What does it really mean to be white in America From folktales and slave narratives to contemporary essays poetry and fiction

black writers have long been among America's keenest students of white consciousness and white behavior but until now much of this writing has been ignored *Black on White* reverses this trend by presenting the work of more than fifty major figures including James Baldwin, Derrick Bell, Ralph Ellison, W. E. B. Du Bois, bell hooks, Toni Morrison and Alice Walker to take a closer look at the many meanings of whiteness in our society. Rich in irony, artistry, passion and common sense, these reflections on what Langston Hughes called the ways of white folks illustrate how whiteness as a racial identity derives its meaning not as a biological category but as a social construct designed to uphold racial inequality. Powerful and compelling, *Black on White* provides a much needed perspective that is sure to have a major impact on the study of race and race relations in America.

Slaves of the Son of Heaven Roy H. Whitecross, 1971 *Slaves to Sweetness* Carl Plasa, 2011-09-01

Literary and sociological studies have long been fascinated by the seemingly innocuous substance of sugar not least because of its direct link with the histories of slavery in the New World. Unlike previous texts, *Slaves to Sweetness* examines not only traditional classic studies of the history of sugar but also explores the previously ignored work produced by expatriate Caribbean authors from the 1980s onward. As a result, this volume provides the most comprehensive account to date of the historical transformations undergone by our representations of sugar, making it a rich resource for scholars in numerous fields.

Religious Identity and the Invention of Tradition A.W.J. Houtepen, Jan Willem van Henten, 2021-11-15

STAR Studies in Theology and Religion 3

This book contains the contributions to the first international conference organised by the Netherlands School for Advanced Studies in Theology and Religion (NOSTER) held in the Netherlands in January 1999. The conference theme was inspired by Eric Hobsbawm and Terence Ranger's influential volume *The Invention of Tradition*. Their work provided a starting point for discussing formations and changes of religious traditions on the one hand and the interaction of religious identities and the transformation of traditions on the other. After an introductory section discussing Hobsbawm's definitions and his theoretical framework and offering several critical applications of his framework to Christian traditions, the main part of this volume consists of three thematic sections: the theme of the Exodus, the earliest traditions about the Lord's supper and the modern myth of Fundamentalism. This volume will be of interest to all those engaged in the study of religious traditions and identities and the way in which these interact.
