Slavoj Zizek:

Slavoj Zizek Tony Myers, 2004-06-02 Slavoj Zizek is no ordinary philosopher Approaching critical theory and psychoanalysis in a recklessly entertaining fashion Zizek's critical eye alights upon a bewildering and exhilarating range of subjects from the political apathy of contemporary life to a joke about the man who thinks he's a chicken from the ethereal heroism of Keanu Reeves in *Speed* to what toilet designs reveal about the national psyche Tony Myers provides a clear and engaging guide to Zizek's key ideas explaining the main influences on Zizek's thought most crucially his engagement with Lacanian psychoanalysis using examples drawn from popular culture and everyday life Myers outlines the key issues that Zizek's work has tackled including What is a Subject and why is it so important The Imaginary the Symbolic and the Real What is so terrible about Postmodernity How can we distinguish reality from ideology What is the relationship between men and women Why is Racism always a fantasy Slavoj Zizek is essential reading for anyone wanting to understand the thought of the critic whom Terry Eagleton has described as the most formidably brilliant exponent of psychoanalysis indeed of cultural theory in general to have emerged in Europe for some decades

Slavoj Žižek: Live Theory Rex Butler, 2005-01-01 Slavoj Žižek is undoubtedly one of the world's leading cultural critics His witty psychoanalytically inspired analyses of contemporary society have almost single handedly revived the notion of ideology His brilliant commentaries on the French psychoanalyst Jacques Lacan and the 19th century German Idealists have brought alive their often difficult ideas for a new generation of readers But does Žižek have anything to say in his own right Is there a system of thought that we can properly call Žižekian This book argues that there is through a reading of two terms in his work the master signifier and the act Featuring an interview with Žižek himself Slavoj Žižek Live Theory presents a snapshot of the Žižek system ideal for undergraduates in social and cultural theory and philosophy

Violence Slavoj Zizek, 2008-07-22 Philosopher cultural critic and agent provocateur Zizek constructs a fascinating new framework to look at the forces of violence in the world

The Sublime Object of Ideology Slavoj Zizek, 2019-02-28 Slavoj Zizek the maverick philosopher author of over 30 books acclaimed as the Elvis of cultural theory and today's most controversial public intellectual His work traverses the fields of philosophy psychoanalysis theology history and political theory taking in film popular culture literature and jokes all to provide acute analyses of the complexities of contemporary ideology as well as a serious and sophisticated philosophy His recent films *The Pervert's Guide to the Cinema* and *Zizek* reveal a theorist at the peak of his powers and a skilled communicator Now Verso is making his classic titles each of which stand as a core of his ever expanding life's work available as new editions Each is beautifully re packaged including new introductions from Zizek himself Simply put they are the essential texts for understanding Zizek's thought and thus cornerstones of contemporary philosophy *The Sublime Object of Ideology* Slavoj Zizek's first book is a provocative and original work looking at the question of human agency in a postmodern world In a thrilling tour de force that made his name he explores the ideological fantasies

of wholeness and exclusion which make up human society Slavoj Zizek Ian Parker, 2004-03-20 When I read Ian Parker's manuscript I experienced an underlying solidarity despite obvious differences we share the same basic political concerns and visions And this makes his critical remarks always pertinent Slavoj Zizek This is not simply the best critical introduction to Zizek in a much more radical sense this is the only critical introduction to Zizek Parker's study is much more than an important contribution to the ongoing debate it redefines its very terms Yannis Stavrakakis author of *Lacan and the Political* A sharp clear and radical analysis Christian Ingo Lenz Dunker Professor of Psychoanalytic Theory and Lacanian Psychoanalyst Sao Paulo Brazil Since the publication of his first book in English in 1989 Slavoj Zizek has quickly become one of the most widely read and contentious intellectuals alive today With dazzling wit and tremendous creativity he has produced innovative and challenging explorations of Lacan Hegel and Marx and used his insights to exhilarating effect in analyses of popular culture While Zizek is always engaging he is also elusive and even contradictory It can be very hard to finally determine where he stands on a particular issue Is Zizek Marxist or Post Marxist How seriously should we take his recent turn to Christianity Slavoj Zizek *A Critical Introduction* shows the reader a clear path through the twists and turns of Zizek's writings Ian Parker takes Zizek's treatment of Hegel Lacan and Marx in turn and outlines and assesses Zizek's interpretation and extension of these thinkers theories While Parker is never hastily dismissive of Zizek's innovations he remains critical throughout aware that the energy of Zizek's writing can be bewitching and beguiling as well as engaging and profound *On Belief* Slavoj Žižek, 2001 What is the basis for belief in an era when globalization multiculturalism and big business is the new religion This book probes beneath the surface of the way we normally think about belief in particular Judaism and Christianity The Year of Dreaming Dangerously Slavoj Zizek, 2012-10-09 Call it the year of dreaming dangerously 2011 caught the world off guard with a series of shattering events While protesters in New York Cairo London and Athens took to the streets in pursuit of emancipation obscure destructive fantasies inspired the world's racist populists in places as far apart as Hungary and Arizona achieving a horrific consummation in the actions of mass murderer Anders Breivik The subterranean work of dissatisfaction continues Rage is building and a new wave of revolts and disturbances will follow Why Because the events of 2011 augur a new political reality These are limited distorted sometimes even perverted fragments of a utopian future lying dormant in the present The Ticklish Subject Slavoj Zizek, 2020-05-05 Slavoj Zizek the maverick philosopher author of over 30 books acclaimed as the Elvis of cultural theory and today's most controversial public intellectual His work traverses the fields of philosophy psychoanalysis theology history and political theory taking in film popular culture literature and jokes all to provide acute analyses of the complexities of contemporary ideology as well as a serious and sophisticated philosophy His recent films *The Pervert's Guide to the Cinema* and *Zizek* reveal a theorist at the peak of his powers and a skilled communicator Now Verso is making his classic titles each of which stand as a core of his ever expanding life's work available as new editions Each is beautifully re-packaged including new introductions from Zizek

himself Simply put they are the essential texts for understanding Žižek's thought and thus cornerstones of contemporary philosophy *The Ticklish Subject* *The Absent Centre of Political Ontology* A specter is haunting Western thought the specter of the Cartesian subject In this book Slavoj Žižek unearths a subversive core to this elusive specter and finds within it the indispensable philosophical point of reference for any genuinely emancipatory project **Slavoj Žižek and Radical Politics** Sean Homer, 2016-05-05 In this book Sean Homer addresses Slavoj Žižek's work in a specific political conjuncture his political interventions in the Balkans The charge of inconsistency and contradiction is frequently levelled at Žižek's politics a charge he openly embraces in the name of pragmatism Homer argues that his interventions in the Balkans expose the dangers of this pragmatism for the renewal of the Leftist politics that he calls for The book assesses Žižek's political interventions in so far as they advance his self proclaimed ruthlessly radical aims about changing the world Homer argues the Balkans can be seen as Žižek's symptom that element which does not fit into the system but speaks its truth and reveals what the system cannot acknowledge about itself In Part II Homer explores Žižek's radicalism through his critique of Alain Badiou arguing that Badiou's affirmationism provides a firmer grounding for the renewal of the left than Žižek's negative gesture analyzed in Part I What distinguishes Žižek from the majority of the contemporary Left today is his valorization of violence Homer tackles this issue head on in relation to political violence in Greece Finally Homer defends the utopian impulse on the radical left against its Lacanian critics
