Walking Seasonal Roads Mary A. Hood, 2012-05-18 Seasonal roads are defined as one lane dirt roads not maintained during the winter They function as connectors linking farmers to their fields neighbors to neighbors or two more well traveled roads to each other Some access hunting lands and recreational areas Some pass by cemeteries allowing people to visit and honor their dead They can be abandoned as people move and towns fade In every incarnation the seasonal road touches the land in a gentler way than do other roads Having traveled nearly every seasonal road in Steuben County New York Hood finds they provide the ideal vantage to contemplate the meaning of place offering intimate contact with plant and wildlife and the beauty of a rural landscape Each road reveals how our land is used how our land is protected and how environmental factors have impacted the land As a literary naturalist Hood reflects on endangered species and invasive species as well as on issues of conservation and sustainability From state forests to potato fields from development along Keuka Lake to vineyards from old family cemeteries to logging sites *Walking Seasonal Roads* is a celebration and an honoring of the rural and the regionalism of place illustrating the ways we connect to our home and to each other
