The Kentucky Shakers:

The Kentucky Shakers Julia Neal, 2021-12-14 In 1805 at the height of the period of early religious excitement in Kentucky three members of the Shaker community in New Lebanon New York came to the Commonwealth of Kentucky to recruit converts Soon there were little communities of Believers at Pleasant Hill in Mercer County and at South Union in Logan County These settlements survived into the twentieth century as centers of worship and communal life the buildings the Shakers erected here and many of their tools and artifacts remain to delight the eye today But it is the life of the Shakers as well as the monuments they left that Julia Neal explores Using the detailed journals and other records kept at both communities she recounts the early struggles against poverty and persecution the high hopes of the 1850s when the Shaker idea of communal life seemed to have borne fruit at last and the hardship and violence of Civil War and Reconstruction days from which the Kentucky Shakers were never to recover This absorbing account of the Shakers at Pleasant Hill and South Union is like so much else associated with the Shakers simple functional and beautiful *The Shaker Communities of Kentucky* James W. Shakerism in Kentucky, Founded in America by Ann Lee Marywebb Gibson Robb,1942 *The South Union, Kentucky, Shakers and Tradition* John Brenton Wolford,1992 Understudied and often misrepresented in Shaker literature at the outskirts of the Shaker federation yet leaving a rich corpus of manuscript material the South Union Shakers provide a stellar opportunity to examine tradition in its dynamic mode across perceived or constructed group boundaries The examination of the labor business and commercial aspects of South Union industrial enterprises reveals a common traditional basis between Shaker processes and products and those of their regional neighbors reflecting not a Shaker style of business but a regional one A significant underlying component of the regional continuity lies in the emphasis the Shakers placed on consanguineal bonding for the family traditions the Kentucky converts brought into the South Union community profoundly affected the character and actual shape of the South Union community An extensive and intensive examination of the South Union flatboat peddling trips serves as a core chapter exemplifying their regional affiliations Ultimately the South Union example founded in their business and labor activities is revealed to be a creative manipulation of regional traditions as processed primarily through consanguineal lines
