Chicago's Lost "L"s David Sadowski,2021 Chicago s system of elevated railways known locally as the L has run continuously since 1892 and like the city has never stood still It helped neighborhoods grow brought their increasingly diverse populations together and gave the famous Loop its name But today s system has changed radically over the years Chicago s Lost Ls tells the story of former lines such as Garfield Park Humboldt Park Kenwood Stockyards Normal Park

Westchester and Niles Center It was once possible to take high speed trains on the L directly to Aurora Elgin and Milwaukee Wisconsin The L started out as four different companies two starting out using steam engines instead of electricity Eventually all four came together via the Union Loop The L is more than a way of getting around Its trains are a place where people meet and interact Some say the best way to experience the city is via the L with its second story view Chicago s Lost Ls is virtually a secret history of Chicago and this is your ticket
