The Labyrinth Makers:

The Labyrinth Makers Anthony Price, 1979 *New Makers of Modern Culture* Wintle Justin, 2013-05-13 *New Makers of Modern Culture* is the successor to the classic reference works *Makers of Modern Culture* and *Makers of Nineteenth Century Culture* published by Routledge in the early 1980s. The set was extremely successful and continues to be used to this day due to the high quality of the writing, the distinguished contributors, and the cultural sensitivity shown in the selection of those individuals included. *New Makers of Modern Culture* takes into full account the rise and fall of reputation and influence over the last twenty-five years and the epochal changes that have occurred: the demise of Marxism and the collapse of the Soviet Union, the rise and fall of postmodernism, the eruption of Islamic fundamentalism, the triumph of the Internet. Containing over eight hundred essay-style entries and covering the period from 1850 to the present, *New Makers* includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film makers, and many other culturally significant individuals and is thoroughly international in its purview. Next to Karl Marx is Bob Marley; next to John Ruskin is Salman Rushdie; alongside Darwin is Luigi Dallapiccola; Deng Xiaoping runs shoulders with Jacques Derrida; Julia Kristeva with Kropotkin. Once again, Wintle has enlisted the services of many distinguished writers and leading academics such as Sam Beer, Bernard Crick, Edward Seidensticker, and Paul Preston. In a few cases, for example, Michael Holroyd and Philip Larkin, contributors are themselves the subject of entries. With its global reach, *New Makers of Modern Culture* provides a multi-voiced witness of the contemporary thinking world. The entries carry short bibliographies, and there is thorough cross-referencing. There is an index of names and key terms. *Historical Dictionary of British Spy Fiction* Alan Burton, 2016-04-04 *The Historical Dictionary of British Spy Fiction* is a detailed overview of the rich history and achievements of the British espionage story in literature, cinema, and television. It provides detailed yet accessible information on numerous individual authors, novels, films, filmmakers, television dramas, and significant themes within the broader field of the British spy story. It contains a wealth of facts, insights, and perspectives and represents the best single source for the study and appreciation of British spy fiction. British spy fiction is widely regarded as the most significant and accomplished in the world, and this book is the first attempt to bring together an informed survey of the achievements in the British spy story in literature, cinema, and television. *The Historical Dictionary of British Spy Fiction* contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 200 cross-referenced entries on individual authors, stories, films, filmmakers, television shows, and the various sub-genres of the British spy story. This book is an excellent access point for students, researchers, and anyone wanting to know more about British spy fiction. **The Concise New Makers of Modern Culture** Justin Wintle, 2008-11-28 *A Who's Who of Western Culture* from Woody Allen to Emile Zola. Containing four hundred essay-style entries and covering the period from 1850 to the present, *The Concise New Makers of Modern Culture* includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures,

composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms New Makers of Modern Culture Justin Wintle,2016-04-22 New Makers of Modern Culture is the successor to the classic reference works Makers of Modern Culture and Makers of Nineteenth Century Culture published by Routledge in the early 1980s The set was extremely successful and continues to be used to this day due to the high quality of the writing the distinguished contributors and the cultural sensitivity shown in the selection of those individuals included New Makers of Modern Culture takes into full account the rise and fall of reputation and influence over the last twenty five years and the epochal changes that have occurred the demise of Marxism and the collapse of the Soviet Union the rise and fall of postmodernism the eruption of Islamic fundamentalism the triumph of the Internet Containing over eight hundred essay style entries and covering the period from 1850 to the present New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley next to John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping runs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin Once again Wintle has enlisted the services of many distinguished writers and leading academics such as Sam Beer Bernard Crick Edward Seidensticker and Paul Preston In a few cases for example Michael Holroyd and Philip Larkin contributors are themselves the subject of entries With its global reach New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing There is an index of names and key terms **Makers of Modern Culture** Justin Wintle,2002 This volume provides lively and clearly written expositions of those figures who have done most to shape our views in the period since 1914 Music cinema drama art fiction poetry and philosophy are just some of the fields covered Revolutionary Leaves Sascha Pöhlmann,2013-01-16 Mark Z Danielewski is routinely hailed as the most exciting author in contemporary American literature and he is celebrated by critics and fans alike Revolutionary Leaves collects essays that have come out of the first academic conference on Danielewski s fiction that took place in Munich in 2011 which brought together younger and established scholars to discuss his works from a variety of perspectives Addressing his major works House of Leaves 2000 and Only Revolutions 2006 the texts are as multifaceted as the novels they analyze and they incorporate ideas of post structuralism modernism post and post postmodernism philosophy Marxism reader response criticism mathematics and physics politics media studies science fiction gothic horror poetic theory history architecture mythology and more Contributors Nathalie Aghoro Ridvan Askin Hanjo Berressem Aleksandra Bida
