The Last Lion 2 Volumes Alone And Visions Of Glory:

The Last Lion: Volume 2 William Manchester, 2012-11-06 The second volume of William Manchester's masterful account of Winston Churchill's life Alone is the second volume of William Manchester's brilliant three volume biography of Winston Churchill In this volume we witness the war within before the colossal war to come During this period Churchill was tested as few men are relentlessly pursued by creditors disowned by his own party vociferously dismissed by the press as a warmonger and twice nearly lost his seat in Parliament Yet despite his personal and political troubles Churchill managed to assemble a vast underground intelligence network both within the British government and on the continent which provided him with more complete and accurate information on Germany than the British government Recognizing the horrifying truth Churchill stood almost alone against Nazi aggression and the sordid British and French policy of appeasement Manchester's luminous portrait never loses sight of Churchill the man a man with limitations especially his callousness toward others including his supporters and his recklessness which could border on the foolhardy but also a man whose vision was global and whose courage was boundless Here is Churchill as a light in the approaching darkness readying himself for the terrible stand to come

The Last Lion: Volume 1 William Manchester, 2012-11-06 The first volume in William Manchester's masterful magnum opus account of Winston Churchill's life The Last Lion Visions of Glory follows the first fifty eight years of Churchill's life the years that mold him into the man who will become one of the most influential politicians of the twentieth century In this the first volume Manchester follows Churchill from his birth to 1932 when he began to warn against the re militarization of Germany Born of an American mother and the gifted but unstable son of a duke his childhood was one of wretched neglect He sought glory on the battlefields of Cuba Sudan India South Africa and the trenches of France In Parliament he was the prime force behind the creation of Iraq and Jordan laid the groundwork for the birth of Israel and negotiated the independence of the Irish Free State Yet as Chancellor of the Exchequer he plunged England into economic crisis and his fruitless attempt to suppress Gandhi's quest for Indian independence brought political chaos to Britain Throughout Churchill learned the lessons that would prepare him for the storm to come and as the 1930's began he readied himself for the coming battle against Nazism an evil the world had never before seen
