The Last Supper Leonardo Da Vincis Masterpiece A Counted Thread Design:

The Last Supper Jean D. Crowther, 1987-02 *Subject Guide to Books in Print*, 1996 Books in Print, 1991 **The Christian Union** Henry Ward Beecher, 1891 **Outlook** Alfred Emanuel Smith, Francis Walton, 1891 Leonardo Da Vinci, the Last Supper Michael Ladwein, 2006 Many great works of art have been created that we call Christian but none has received as much acclaim as Leonardo da Vinci's Last Supper. Art lovers venerate it for its composition and noble aesthetics whereas for Christians it epitomizes the intimacy between Christ and his disciples. In recent years following the publication of bestselling fictional narratives and dubious historical studies The Last Supper has also become the focus of intrigue, controversy, speculation and sensation. Recent restoration of the painting has exposed remnants of the original work and removed falsifications created by over painting. Thus for the first time since its creation more than five hundred years ago we can contemplate Da Vinci's masterpiece in its more or less original form. This lavishly illustrated full color book reproduces many details of the restored work and the author turns our attention to newly revealed aspects of The Last Supper that lead to fresh interpretations. The philosopher Rudolf Steiner called The Last Supper the world's most important work of art adding that it revealed the meaning of Earth existence. Michael Ladwein sheds light on many aspects of the spiritual facts that can be uncovered in this immortal painting, one that has lost nothing of its urgency in our modern world. **The Last Supper** Leonardo (da Vinci), 2001. The Rizzoli Quadrifoglio art series combines the most popular artists with authoritative text and a fresh, unique format destined to appeal to children and adults alike. Featuring sixteen pages that open up to four times the individual page size, this series allows the reader to delve into the details of individual paintings or see the full horizontal development of a fresco. With stunning color reproductions, expert commentary and a revolutionary format, Rizzoli Quadrifolios is a pioneering art series. Following the success of Michelangelo the Sistine Chapel, Vincent van Gogh, Gustav Klimt and Caravaggio is Leonardo da Vinci's The Last Supper, a book dedicated to perhaps one of the most significant and recognizable works of art ever created. The reader is afforded extraordinary details of this restored but still deteriorating fresco, perhaps the Renaissance master's most important work. Located in a small monastery in Milan, the work has recently been restored so that the delicate faces which register with great subtlety the gravity of the moment at which Christ announces to his apostles that one among them will betray him are visible once again. Every inch of the work is reproduced here in illuminating close-ups so that the masterpiece can be appreciated anew. **The Last Supper** Domenico Sguaitamatti, 2013. When Leonardo da Vinci began laying the first brushstrokes in 1494 on the refectory wall of the convent adjacent to the church of Santa Maria delle Grazie in Milan, he probably had no idea he was about to create one of the greatest artistic masterpieces of all time. Adopting the innovative and equally unusual dry painting technique, the Renaissance genius could not foresee that he would have condemned his work to a particular fragility and put its conservation at risk in the following centuries. This same technique, however, was what allowed an improved chromatic unity, a rendering of

transparencies and light effects and an extreme precision in details visible only from close range Today thanks to the exclusive magnification published in this volume realised by Haltadefinizione the special digital photographic archive collecting a vast number of Italian artistic masterpieces even the smallest details of the Last Supper invisible to the naked eye can be observed in all their expressive splendour As you leaf through this book you can admire from up close as never before possible the realistic expressions on the faces of the individual Apostles the movements and positions of their hands and the smallest details of the outfitted table thus entering practically into direct contact with Leonardo's genius at work

Ross King, 2012-09-25 Early in 1495 Leonardo da Vinci began work in Milan on what would become one of history's most influential and beloved works of art The Last Supper After a dozen years at the court of Lodovico Sforza the Duke of Milan Leonardo was at a low point personally and professionally at forty three in an era when he had almost reached the average life expectancy he had failed despite a number of prestigious commissions to complete anything that truly fulfilled his astonishing promise His latest failure was a giant bronze horse to honor Sforza's father His 75 tons of bronze had been expropriated to be turned into cannons to help repel a French invasion of Italy The commission to paint The Last Supper in the refectory of a Dominican convent was a small compensation and his odds of completing it were not promising Not only had he never worked on a painting of such a large size 15 high x 30 wide but he had no experience in the extremely difficult medium of fresco In his compelling new book Ross King explores how amid war and the political and religious turmoil around him and beset by his own insecurities and frustrations Leonardo created the masterpiece that would forever define him King unveils dozens of stories that are embedded in the painting Examining who served as the models for the Apostles he makes a unique claim that Leonardo modeled two of them on himself Reviewing Leonardo's religious beliefs King paints a much more

complex picture than the received wisdom that he was a heretic The food that Leonardo a vegetarian placed on the table reveals as much as do the numerous hand gestures of those at Christ s banquet As King explains many of the myths that have grown up around The Last Supper are wrong but its true story is ever more interesting Bringing to life a fascinating period in European history Ross King presents an original portrait of one of the world s greatest geniuses through the lens of his most famous work **The New York Times Saturday Review of Books and Art** ,1968
