The Last Place on Earth Rachel Walker, 2012-12-18 Throughout history there have been many races to be first to achieve a goal e.g. first to learn to fly first to climb the world's highest mountain first to reach the moon The race to reach the South Pole more than 100 years ago involved a bitter struggle through the harshest environment on Earth Brave and determined explorers faced extreme challenges with weather and equipment *The Last Place on Earth* Jim Harmon, 2017-12-20 Naturally an undertaker will get the last word But shouldn't he wait until his clients are dead Jim Harmon weaves a science fiction masterpiece for the ages with the monumental magnum opus *The Last Place on Earth*

of action short stories by Jim Harmon from *The Golden Age of Science Fiction* Featured here *The Last Place On Earth* Break A Leg Measure For A Loner How To Make Friends The Place Where Chicago Was and The Air Of Castor Oil **British Identity in World War I** Mary K. Laurents, 2020-12-10 This book analyzes the development of the Lost Generation narrative following the First World War The author examines narratives that illustrate the fracture of upper class identity including well known examples of the Lost Generation Robert Graves Siegfried Sassoon and Vera Brittain as well as other less typical cases George Mallory and JRR Tolkien to demonstrate the effects of the First World War on British society culture and politics Television Drama John Tulloch, 2002-06-01 First published in 1990 This book is the first specifically about television drama from within a cultural studies perspective and as such examines the active agency of both viewers and media practitioners The author examines dominant and counter myths as they circulate in popular culture discussing soap

opera science fiction sitcom cop series and authored drama among its examples It works within an ethnographic framework he looks in detail at both the production and reception of TV drama The overall aim of the book is to examine television representation as part of an historically positioned and differentiated social formation in which knowledgeable actors work in every institutional arena whether media industry academia or domestic household to make their meanings

Passion for Pilgrimage Alan Jones, 2000-01-15 The Christian spiritual journey is a pilgrimage to wholeness a search for home that is in God In this classic work on contemporary spiritual living Alan Jones explores the various parts of the pilgrimage home Using literature art and biblical texts as illustrations he explores our search for light and love repentance and forgiveness in the context of the Passion and Easter stories An excellent book for group study during Lent and Easter this edition includes study questions at the end of each chapter *Passion for Pilgrimage* is also provocative reading for individuals at any time of the year who want to understand the Christian journey more deeply

Decolonising Imperial Heroes Max Jones, Berny Sèbe, Bertrand Taithe, Peter Yeandle, 2017-10-02 The heroes of the British and French empires stood at the vanguard of the vibrant cultures of imperialism that emerged in Europe in the second half of the nineteenth century Their stories are well known Scholars have tended to assume that figures such as Livingstone and Gordon or Marchand and Brazza vanished rapidly at the end of empire Yet imperial heroes did not disappear after 1945 as British and French flags were lowered around the world On the contrary their reputations underwent a variety of metamorphoses in both the former metropolises and the former colonies This book develops a framework to understand the complex legacies of decolonisation both political and cultural through the case study of imperial heroes We demonstrate that the decolonisation of imperial heroes was a much more complex and protracted process than the political retreat from empire and that it is still an ongoing phenomenon even half a century after the world has ceased to be painted in red Whilst *Decolonising Imperial Heroes* explores the appeal of the explorers humanitarians and missionaries whose stories could be told without reference to violence against colonized peoples it also analyses the persistence of imperial heroes as sites of political dispute in the former metropolises Demonstrating that the work of remembrance was increasingly carried out by diverse fragmented groups of non state actors in a process we call the privatisation of heroes the book reveals the surprising rejuvenation of imperial heroes in former colonies both in nation building narratives and as heritage sites This book was originally published as a special issue of the *Journal of Imperial and Commonwealth History*
