The Pitfalls of Virtue Ethics Husain

Sarkar,2025-09-18 In this book Husain Sarkar offers a remarkable look into the groundwork of virtue ethics Especially focusing on theories proposed by Julia Annas and Rosalind Hursthouse he examines a multiplicity of cardinal tenets of virtue ethics by bringing five cardinal objections namely the self defeating objection the circularity objection the moral relativism objection the explanatory poverty objection and the inconsistent advice objection to bear upon them These objections define the shape scope and substance of the book Collectively they unveil several fault lines a few hitherto unsuspected Sarkar argues that notwithstanding the novel intriguing answers to old familiar ethical questions the answers are so fraught with difficulties that virtue ethics as a philosophical moral tradition is best seen as badly in need of repair and reformation Perhaps this book may provoke a Renaissance in the field of virtue ethics **Polar Bear** Margery Fee,2019-11-15 Polar bears are truly majestic animals the largest land dwelling carnivore on earth these white furred black skinned giants can measure up to three meters in length and weigh up to fifteen hundred pounds They are also iconic in other ways They are a symbol of the climate change debate with their survival now threatened by the loss of Arctic ice and their images decorate fountains and the cornices of buildings across the world They sell cold drinks They feature in children s books on merry go rounds and under the arms of weary toddlers heading for bed Their pelts were once highly prized by hunters and live captures became attractions in zoos and circuses Stuffed bears still haunt museums and stately homes In this natural and cultural history of the polar bear Margery Fee explores the evolution species habitat and behavior of the animal as well as its portrayal in art literature film and advertising Illustrated throughout Polar Bear will beguile anyone who loves these outsize beautiful seemingly cuddly yet deadly carnivores *Climate Change* Bruce E.
