The Last Voyage Of Somebody The Sailor:

The Last Voyage of Somebody the Sailor John Barth, 1992 National Book Award winner John Barth offers a rambunctious story full of narrative high jinks in this lively inventive epic Journalist Simon Behler finds himself in the house of Sinbad the Sailor after being washed ashore during a seagoing adventure Over the course of six evenings the two take turns recounting their voyages merging medieval Baghdad and twentieth century Maryland in a brilliantly entertaining weave of stories within stories Copyright Libri GmbH All rights reserved **New York Magazine**, 1991-02-04 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Fabulation in John Barth's *The Last Voyage of Somebody the Sailor* Kevin R. Brown, 1994 *Textual Wanderings* Rhian Atkin, 2017-12-02 Digression is a crucial motif in literary narratives It features as a key characteristic of fictional works from Cervantes and Sterne to Proust Joyce and Calvino Moving away from a linear narrative and following a path of associations reflects how we think and speak Yet an author's inability to stick to the point has often been seen to detract from a work of literature somehow weakening it This wide ranging and timely volume seeks to celebrate narrative digressions and move towards a theoretical framework for studying the meanderings of literary texts as a useful and valuable aspect of literature Essays discussing some of the possibilities for approaching narrative digression from a theoretical perspective are complemented with focused studies of European and American authors As a whole the book offers a broad and varied view of textual wanderings *The Arabian Nights Encyclopedia* Ulrich Marzolph, Richard van Leeuwen, 2004-08-24 The most comprehensive treatment of the Arabian Nights ever published with more than 800 detailed encyclopedic entries and a wealth of authoritative essays and resources The tales of the Arabian Nights have long been the focus of scholarly research and critique but no English language work has ever attempted an all embracing treatment of them The fruit of years of research The Arabian Nights Encyclopedia is the first comprehensive reference work introducing both the Arabian Nights and the context of their genesis and aftermath in Near Eastern European and world culture Editors Ulrich Marzolph one of the world's foremost scholars of Near Eastern narrative culture and Richard van Leeuwen a prominent scholar of the Arabian Nights present detailed authoritative and up to date research on virtually all aspects of the tales including major protagonists themes important translations textual history adaptations reworkings works inspired by the Arabian Nights and aspects of literary theory and provide extensive bibliographies for each tale In addition to the 800 encyclopedic entries and numerous essays the work introduces research that has not previously been published making it an invaluable resource to scholars educators students and the general public as well as an essential addition to the core collection of academic and public libraries **John Barth and**

Postmodernism Berndt Clavier, 2007 John Barth's eminence as a postmodernist is indisputable. However, much of the criticism dealing with his work is prompted by his own theories of exhaustion and subsequent replenishment leaving his writing relatively untouched by theories of postmodernism in general. This book changes that by focusing on the relationship between Barth's aesthetic and the ideology critique of the historical avant-gardes which were the first to mobilize art against itself and its institutional practices and demands. Examining Barth's metafictional parodies in the light of theories of space and subjectivity, Clavier engages the question of ideology critique in postmodernism by offering the montage as a possible model for understanding Barth's fiction. In such a light, postmodernism may well be perceived as a mimesis of reality, particularly a recognition of the collective nature of self and the world. *The Return of the Storyteller in Contemporary Fiction* Areti Dragas, 2014-08-31 Focusing on the figure of the storyteller, this study breaks new ground in the approach to reading contemporary literature by identifying a growing interest in storytelling. For the last thirty years, contemporary fiction has been influenced by theoretical discourses, textuality, and writing. Only since the rise of postcolonialism have academic critics been more overtly interested in stories where high theory frameworks are less applicable. However, as we move through various contemporary contexts engaging with postcolonial identities and hybridity to narratives of disability and evolutionary accounts of group and individual survival, a common feature of all is the centrality of story which posits both the idea of survival and the passing on of traditions. *The Return of the Storyteller in Contemporary Fiction* closely examines this preoccupation with story and storytelling through a close reading of six contemporary international novelists that are either about actual storytellers or engage with the figure of the storyteller, revealing how death of the author has given birth to the storyteller. *The Postcolonial Arabic Novel* Muhsin Al-Musawi, 2003-04-09 This is the first study of its kind to tackle the postcolonial in Arabic fiction. In ten chapters, a lengthy preface, and an extensive bibliography, the author discusses and questions a large number of novels that demonstrate cultural diversity and richness in the Arab World. Using current methodologies and discourse analysis, the author highlights engagements with postcolonial issues that relate to identity formation, the modern nation-state, individualism, nationalism, gender, and class demarcations and micro-politics. With this intention, the book locates Arabic narrative in the mainstream of world literature and establishes the modern Arabic novel in the contemporary literary critical world of postcolonial studies. The author's lucid style and thorough knowledge of the field should recommend the book to students and scholars alike as it comes in time to meet the needs of the academy for solid writing on Islam and the Arabs. *Beacham's Encyclopedia of Popular Fiction: Achebe-Gaddis. v. 2. Gaines-Oates. v. 3. O'Connor-Zelazny* Kirk H. Beetz, 1996 *The Thousand and One Nights and Twentieth-Century Fiction* Richard van Leeuwen, 2018-07-17 It is gradually being acknowledged that the Arabic story collection *Thousand and One Nights* has had a major influence on European and world literature. This study analyses the influence of *Thousand and One Nights* as an intertextual model on 20th-century prose from all over the world. Works of approximately forty authors are examined; those

who were crucial to the development of the main currents in 20th century fiction such as modernism magical realism and post modernism The book contains six thematic sections divided into chapters discussing two or three authors works each from a narratological perspective and supplemented by references to the cultural and literary context It is shown how Thousand and One Nights became deeply rooted in modern world literature especially in phases of renewal and experiment
