**Supergrasses and Informers** James Morton,1995      **Informers** Roger Billingsley,Teresa Nemitz,Philip Bean,2013-01-11 The police rely heavily on paid and unpaid informers without them clear up rates would plummet and many crimes would remain undetected Yet little is known about the informer system and how it works for example who are these informers how are they recruited how are they handled who handles them what sort of information do they provide Recent high profile cases have drawn attention to the use of informers there has been a growing debate about the subject and many feel that stricter controls are needed but how is this to be achieved without undermining the effectiveness of the system This is the first book of its kind on informers in Britain providing an invaluable source of information and analysis from key authorities in the field      **Supergrass and Informers** James MORTON,1996      **Speaking Truth to Power** Dean A. Dabney,Richard Tewksbury,2016-08-02 Domestic drug enforcement takes many forms from the rural patrol officer who happens upon a small scale mobile shake and bake methamphetamine lab during a routine traffic stop to the city narcotics detective who initiates a low level buy bust operation that nets a few hits of crack cocaine on the street corner to the local state and federal agents working in multiagency task forces that coordinate a sting operation that nets thousands of kilos of near pure cocaine being transported by tractor trailer Regardless of the form there is a high probability that these authorities have exploited access to known offenders and exerted pressure on those individuals to gather inside information on illicit drug sales These confidential informants provide intelligence on the inner workings of drug operations in exchange for leniency or remuneration providing a relatively cheap source of intelligence that fuels much of the ongoing war on drugs In other instances law enforcement authorities will reach out to members of the criminal underworld who are willing to provide valuable intelligence in exchange for money Despite the central role of informants in contemporary police operations little is known about the shadowy relationships among law enforcement snitches and offenders Based on ethnographic fieldwork in the narcotics homicide and street level vice operations in two major metropolitan police departments **Speaking Truth to Power** takes readers to the front lines of the war on drugs to unravel this complex web of information exchange      **The Essential Mystery Lists** Roger M Sobin,2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been unavailable for a number of years Of special note are Anthony Boucher s Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for The San Francisco Chronicle Ellery Queen Mystery Magazine and The New York Times From these resources Mr Sobin created Boucher s Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942

through Boucher's death in 1968 This is a great resource for all mystery readers and collectors Winner of the 2008 Macavity Awards for Best Mystery Nonfiction
